### Census Notes

- According to Census definitions, a household includes all of the people who occupy a housing unit. The occupants may be a single family, two persons living alone, two or more families living together, or any other group of related or unrelated people who share living quarters. A family includes a householder and one or more other people (not necessarily related) who share living quarters.

- Census counts may be corrected for Census Count Question Resolution (CQR).

- Census data may be corrected for Census Design, Sample, and Reporting (CD3).
