According to Census definitions, a household includes all of the people who occupy a housing unit. The occupants may be a single family, one or more persons living alone, or one or more families living together, or any other group of related or unrelated people who share living quarters. A family includes a householder and one or more people living in the same household who are related to the householder by birth, marriage, or adoption. Census counts may be corrected for Census Count Question Resolution (CQR).
