Revenue Estimating Conference Ad Valorem Assessments Conference Held: August 3, 2011

Executive Summary

Estimates of the statewide property tax roll are primarily used in the appropriations process to approximate the Required Local Effort (RLE) millage rate. This is the rate local school districts must levy in order to participate in the Florida Education Finance Program. The July 1, 2012 certified school taxable value is now estimated to be \$1,403.9 billion. This represents an increase of \$18 billion or a 1.3 percent increase from the July 1, 2011 certified level. At 96 percent, the value of one mil is projected to be \$1347.7 million.

The conference met to adopt the 2011 certified roll as a baseline for projecting July 1, 2012 certified school taxable value. The forecast for 2012 was adjusted primarily due to changes in the distribution of the different property types from the prior year, as well as the lower than expected overall value. The conference also decided to further evaluate the impact of Value Adjustment Board changes to the certified school taxable value.

County (non-school) taxable value is lower than school taxable value due to the greater number of exemptions available to property owners. In recent years, the Revenue Estimating Conference has been forecasting county taxable value separately from school taxable value. County taxable value on January 1, 2012 is projected to be \$1,301.8 billion. On an annual basis, this represents an increase of \$14.08 billion from the January 1, 2011 tax roll.

July 1, 2012 Certified School Taxable Value

(billions of dollars)	Actual July 1, 2011 Certified School Taxable Value	March 2011 Estimate of July 1, 2012 Certified School Taxable Value	August 2011 Estimate of July 1, 2012 Certified School Taxable Value	Change in Estimates (March vs. August)	Change from Actual	Percentage Change from Actual

^{**} Total Required Local Effort Funding Amount divided by the July 1 Certified School Taxable Value adjusted for the Discount Factor
*** Not adjusted for changes to the impact of 90% Counties

Note – In addition to the local funding indicated above, school districts may receive prior period unrealized required local effort funds if the districts' taxable value was reduced after preliminary taxable value was certified in a prior year.

The Honorable John L. Winn Commissioner of Education Turlington Building, Suite 1514 Tallahassee, Florida 32399

Dear Commissioner Winn:

As required by Section 1011.62(4)(a) and (4)(b), Florida Statutes, enclosed are documents which provide the following information regarding the school district tax rolls:

- The Department of Revenue's most recent estimate of the 2011 taxable value for school purposes in each school district and the total for all school districts in the state. The total estimated 2011 taxable value for purposes is \$1,385,846,696,347. This value is based on 67 preliminary reports received from county property appraisers.
- The Department's most recent determination of the assessment level for each county's 2010 assessment roll and for the state as a whole.
- The taxable value for school purposes for each county that certified its tax roll pursuant to s.193.122(2) or (3), Florida Statues, after the final Florida Education Finance Program calculation for the applicable year. Values are included for the 2008, 2009 and the 2010 tax rolls.

If you have any questions concerning this information, please contact Andrew Collins, Revenue Program Administrator I, at (850) 617-8854 or ptoresearch&analysis@dor.state.fl.us.

Sincerely,

isa Vickers
