

Community College Enrollment Conference  
Friday, March 11, 2005  
3:30 p.m., 1203 Turlington

On March 11, 2005, a community college enrollment conference was held for the purpose of reviewing the estimated 2004-05 FTE student enrollment. The following people were in attendance at the conference:

Governor's Office:

Bill Ammons (accepted estimated on March 14, 2005)

House Education Appropriations:

Amy Hammock  
Kurt Hamon

Senate Appropriations:

Paul Bryant

Legislative Office of Economic and Demographic Research:

Beth Lines

Department of Education:

Julie Alexander  
Ed Cisek  
Link Jarrett  
Robert McMullen  
Jennifer Seifert  
Patricia Windham  
Gary Yancey

Other:

Ouida Ashworth, House Community Colleges Committee

Robert McMullen and Ed Cisek provided handouts to members for review and information. The data reviewed by the conference have been attached. The review compared the division FTE estimates. The 2004-05 enrollment is down 1.6% from the November 2004 estimates of the 2004-05 estimated by the colleges. The reduction in FTE is related to the hurricanes and an improving economy. Historically, when the economy is good and jobs are available, the community college enrollments stabilize or decline.

The members accepted the 2004-05 division estimates with college adjustments of 297,467 for the community college enrollment contingent upon approval by the Governor's office.

The Governor's office accepted the estimates on March 14, 2005, thus the conference reached consensus.
