- (2) This bill has the potential to have a much larger impact than shown
- (3) There is additionally a negative indeterminate impact in 2008-09
- (4) There is additionally an indeterminate +/- impact in 2008-09
- (5) While it is expected that the lower rate will lead to increased taxable purchases of aircraft in Florida, that effect cannot be quantified.
- (6) This is an initial estimate based on preliminary data. Additional data collection efforts are under way. The figure is subject to revision as information is received.
- (7) Requires voter approval. Should the electorate approve the amendment, the statewide impact on school taxes would be -53m in 2011-12, -100 m in 2012-13, -133 m in 2013-14, -149m in 2014-15, and -156m in 2015-16 while the impact on non-school taxes would be -67m in 2011-12, -129m in 2012-13, -172m in 2013-14, -193m in 2014-15, and -202m in 2015-16.
- (8) Requires voter approval. Should the electorate approve the amendment, the statewide impact on non-school taxes would be -100.1m in 2010-11, -185.2m in 2011-12, and -266.4m in 2012-13
- (9) The potential impact is much larger.
- (10) While it is expected that the reduced tax will lead to increased taxable purchases of aircraft and boats in Florida, that effect cannot be quantified.
- (11) These estimates are contingent upon the compact being approved or deemed approved by the U.S. Department of the Interior, and published in the Federal Register by July 1, 2009.

- (12) For the tourist development tax amnesty, the maximum tax liability would be \$146.6 million, for fiscal years 1999-2000 through 2008-09.
- (13) While it is expected that the reduced tax will lead to increased taxable activity in Florida, that effect cannot be quantified.
- (14) If the law were in place during the 2009-10 fiscal year, the potential statewide impact would be approximately -13.0 million, assuming current millage rates.
- (15) This estimate assumes that the 10% tax is applied to net win.
- (16) Requires voter approval. Should the electorate approve the measure, the statewide impact would be -\$24.3m in 2009-10, -\$24.4m in 2010-11, -\$24.5m in 2011-12, and -\$24.6m in 2012-13, assuming current millage rates.
- (17) Assumes the 10% tax is applied to net win.
- (18) 2008-09 impact of -\$.7 million
- (19) 2008-09 impact of -\$.3 million
- (20) 2008-09 impact is negative indeterminate
- (21) This is the minimum impact, and assumes current millage rates. Legislative implementation will likely produce greater reductions and will determine how each type and unit of local government is affected, but these impacts cannot be determined without legislative action
- (22) Estimate is subject to successful rule-making by the agency
- (23) There is also an impact in 2008-09 of -\$.3m GR, \$.3m GR Service Charge, \$3.8m State Trust, and -\$3.8 m local.
- (24) The potential tax loss once the program is fully utilized is indeterminate, beginning in 2013-14.

The act requires a reduction in ad valorem tax levies equal to the estimated amount of surtax collections and may or may not equal the amount raised from the sales tax surcharge in any given year.
- (36) Should the electorate approve the amendment, the statewide impact on non-school taxes would be -95.1 m in 2011-12, -176.0 m in 2012-13, and -253.1m in 2013-14.
