TAX: SALES AND USE TAX

Issue: Fractional Aircraft Cap

BILL NUMBER (s): HB 225/SB618

SPONSOR (s): REPRESENTATIVE HOOPER

MONTH/YEAR COLLECTION IMPACT BEGINS: JULY 1, 2009

DATE OF ANALYSIS: APRIL 6, 2009

### **SECTION 1: NARRATIVE**

# a. Current Law:

Current law does not provide a maximum tax on the sale or use in Florida of a fractional aircraft ownership interest or maintenance on aircraft in a fractional program.

# b. Proposed Change:

Limits the tax (including discretionary) on fractional aircraft to \$300. The max tax applies to the total consideration paid including management or maintenance fees. Fractional aircraft ownership program is defined as a program that has a fleet of 25 or more aircraft.

# **SECTION 2: DESCRIPTION OF DATA & SOURCES**

FAA data – master data

#### **SECTION 3: ASSUMPTIONS & RATIONALE**

Fractional aircraft ownerships allow companies and individuals to purchase an interest in a specific aircraft. The owner enters into a five year agreement (typically) with a management company and the management company covers all fixed costs. The management company provides pilots, flight crews, maintenance, insurance, hangaring, etc. In some programs, after 5 years you may either renew your management agreement or sell back your interest. You may also sell back your interest in some programs after 2 years. If you choose to leave the program, the fractional aircraft ownership companies agree to repurchase your ownership interest at fair market value.

# **SECTION 4: METHODOLOGY**

See Attached

# **SECTION 4: PROPOSED FISCAL IMPACT**
