- (1) Due to the interaction with the Tribe's involvement with internet poker, this estimate is the minimum impact to be expected from the bill.  
(2) This bill also would have the following impact in 2010-11: -\$93.0 million in Unemployment Compensation Tax and -\$64.7 million in employer interest assessments.  
(3) Should the electorate approve the measure, the following impacts are expected, assuming current millage rates.
