Countywide Total			100.0000000	\$ 708,809				\$ 94,770
<b>STATEWIDE TOTALS</b>				<b>\$ 558,226,783</b>				<b>\$ 208,498,963</b>

**Notes:**

- 1) As a result of statewide equalization, all counties levy the 1 to 6 cents local option fuel tax on diesel fuel at the maximum rate of 6 cents. Consequently, the rates listed in that particular column are for motor fuel only.
- 2) The revenue estimates are based on the total number of cents imposed by the counties as reflected in the table with the following exception. For those counties that do not currently impose the 1 to 5 cents local option fuel tax, a separate revenue estimate is provided. This estimate represents a countywide distribution based on a hypothetical 1 cent per gallon levy and is provided for those officials that may be considering a future tax levy.
- 3) Revenue estimates are based on FY 2019-20 distribution percentages specified by either locally-determined interlocal agreement or statutory default formula if no interlocal agreement has been established. Examples of factors used in interlocal agreements to determine distribution percentages include lane miles, population, roadway miles, and transportation expenditures. Under the statutory default formula, the distribution is based on the transportation expenditures of each local government for the immediately preceding five fiscal years as a proportion of the total of such expenditures for the county and all municipalities within the county. These proportions are recalculated every ten years based on the transportation expenditures of the immediately preceding five years.
- 4) Indian River County's interlocal agreement distributes proceeds based on 1/3 lane miles, 1/3 transportation expenditures, and 1/3 population.
- 5) The distribution percentages of the first 4 cents of Lake County's levy are determined by the statutory default formula. The distribution percentages of the remaining 2 cents are specified by interlocal agreement. Manatee County has interlocal agreements with the municipalities to distribute proceeds of both local option fuel taxes pursuant to the statutory default formula methodology.
- 6) Manatee County has interlocal agreements with the municipalities to distribute proceeds of both local option fuel taxes pursuant to the statutory default formula methodology.
- 7) The estimated distributions of the 1 to 6 cents local option fuel tax to the municipalities of Islamorada and Marathon in Monroe County reflect fixed dollar amounts deducted from the county government's share.
