Average Family Size, 2010 Census	2.82	3.01			

According to Cersus definitions, a household included all of the people who occupy a housing unit. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated people who share living quarters. A family includes a householder and one of more other people living in the same household who are related to the householder by birth, marriage, or adoption.

Cersus counts may be corrected for Cersus Count Question Resolution (CQR).
