According to Gensus definitions, a household includes all of the people who occupy a housing unit. The occupants may be a single family, one person living alone, two or more families living together, or any other group of related or unrelated people who share living quarters. A family includes a householder and one or more other people living in the same household who are related to the householder by birth, marriage, or adoption.

Cerusa counts may be corrected for Genus Counts Quartical Counts (Quartical Counts) (QR).
