### Revenue Estimating Conference Ad Valorem Assessments Conference Held: August 01, 2016

#### **Executive Summary**

Estimates of the statewide property tax roll are primarily used in the appropriations process to approximate the Required Local Effort (RLE) millage rate. This is the rate local school districts must levy in order to participate in the Florida Education Finance Program. The 2017 certified school taxable value is now estimated to be \$1,876.03 billion. This represents an addition of \$14.84 billion or a 0.8% percent increase from the December 2015 forecast (\$1,861.19 billion) and reflects the stronger than anticipated level of taxable value for school purposes reported on July 11, 2016. At 96 percent, the value of one mil in 2017 is projected to be \$1,800.99 million.

Florida's housing market continues to drive the shape of the overall forecast. Recent residential data from the Federal Housing Finance Agency price index shows significant value growth in all parts of the state, especially in south and central region. The new forecast is premised on the belief this value growth will continue, although the pace will notably moderate over the next few years. While starting from lower gains in 2016, nonresidential appreciation is expected to have a very similar shape. Conversely, new construction is expected to strengthen slightly in the near-term before stabilizing over the remainder of the forecast period. These expectations are in line with the forecast adopted by the Florida Economic Estimating Conference.

County (non-school) taxable value is lower than school taxable value due to the greater number of exemptions available to property owners. In recent years, the Revenue Estimating Conference has been forecasting county taxable value separately from school taxable value. County taxable value on January 1, 2017 is projected to be \$1,709.7 billion. On an annual basis, this represents an increase of \$11.88 billion or a 0.7% increase from the December 2015 forecast (\$1,697.82 billion).

Executive Director Leon M. Biegalski

Child Support Ann Coffin Director

General Tax Administration Maria Johnson Director

Property Tax Oversight Dr. Maurice Gogarty Director

Information Services Damu Kuttikrishnan Director The Honorable Pam Stewart Commissioner of Education Turlington Building, Suite 1514 325 West Gaines Street Tallahassee, Florida 32399

Dear Commissioner Stewart:

As required by Section 1011.62(4)(a) and (4)(b), Florida Statutes, enclosed are documents which provide the following information regarding the school district tax rolls:

- The Department of Revenue's most recent estimate of the 2016 taxable value for school purposes in each school district and the total for all school districts in the state. The total estimated 2016 taxable value for school purposes is \$1,771,785,134,372. This value is based on 67 preliminary reports received from county property appraisers.
- The Department's most recent determination of the assessment level for each county's 2015 assessment roll and for the state as a whole.
- The taxable value for school purposes for each county that certified its tax roll pursuant to Section 193.122(2) or (3), Florida Statutes, after the final Florida Education Finance Program calculation for the applicable year. Values are included for the 2014 and the 2015 tax rolls.

If you have any questions concerning this information, please contact Lizette Kelly at 850-617-8865 or <u>PTOResearch&Analysis@dor.state.fl.us</u>.

Sincerely,

Degalithi eon M. Biegalski
