Revenue Estimating Conference Ad Valorem Assessments August 3, 2022 Executive Summary

Estimates of the statewide property tax roll are primarily used in the appropriations process to calculate the Required Local Effort (RLE) millage rates. These are the expected rates local school districts must levy in order to generate the required local funding for participation in the Florida Education Finance Program. The 2022 certified school taxable value came in at \$2,933.44 billion or \$304.17 billion higher than expected. Largely embedding this unexpected increase, the new projection for 2023 is \$3,170.98 billion or \$387.78 billion higher than the previous estimate for 2023. While not as strong as 2022's 20.07% growth, the new estimate still represents growth of 8.10% over the prior year. At 96 percent, the value of one mil is now projected to be \$3,044.14 million.

Conditions in Florida's housing market are still important to the overall forecast, but they are not the singular driving factors they once were. While homestead appreciation grew 28.04% and topped the prior peak of 26.04% seen in 2006 during the housing boom, appreciation across all property types was 24.99%. This included significant increases in vacant land values and the just value of agricultural property. The Conference does not expect this level of just value increases to continue. Just as record low interest rates brought on the most recent buying surge, tightening monetary policy and elevated mortgage rates will soon bring a halt to the spree—introducing a dampening effect on price increases. This expectation is in line with the forecast adopted by the Florida Economic Estimating Conference.

County (non-school) taxable value is lower than school taxable value due to the greater number of exemptions available to property owners. In recent years, the Revenue Estimating Conference has been forecasting county taxable value separately from school taxable value. County taxable value on January 1, 2022 came in at \$2,585.94 billion. The new projection for 2023 is \$2,834.87 billion. This represents a year-over-year increase of \$248.93 billion or a 9.63 percent increase from the 2022 actual. The revised estimate is \$238.10 billion higher than the previous estimate for 2023 adopted in January 2022.

Florida Department of Revenue Office of the Executive Director

Jim Zingale
Executive Director

5050 West Tennessee Street, Tallahassee, FL 32399

floridarevenue.com

July 13, 2022

The Honorable Manny Diaz, Jr. Commissioner of Education Turlington Building, Suite 1514 325 West Gaines Street Tallahassee, Florida 32399

Dear Commissioner Diaz:

As required by section 1011.62(4)(a) and (4)(b), Florida Statutes, enclosed are documents which provide the following information regarding the school district tax rolls:

- The Department of Revenue's most recent estimate of the 2022 taxable value for school purposes in each school district and the total for all school districts in the state. The total estimated 2022 taxable value for school purposes is \$2,933,437,989,999. This value is based on 67 preliminary reports received from county property appraisers.
- The taxable value for school purposes for each county that certified its tax roll pursuant to s. 193.122(2) or (3), F.S., after the final Florida Education Finance Program calculation for the applicable year. Values are included for the 2020 and the 2021 tax rolls.
- The Department's most recent determination of the assessment level for each county's 2021 assessment roll and for the state as a whole

If you have any questions concerning this information, please contact me at (850) 617-8950 or Jim.Zingale@floridarevenue.com.

Sincerely.

Executive Director

n Zingale
