

Education Estimating Conference on Florida College System Enrollment

EXECUTIVE SUMMARY

The Education Estimating Conference on Florida College Enrollment met on November 14, 2012 to consider Florida College FTE estimates for FY 2012-13 based on preliminary FY 2012-13 Term 1 enrollment data, the Division of Florida Colleges' enrollment model based on that data, and adjustments to the model proposed by the colleges.

New enrollment estimates for the Florida College System total enrollment anticipate an FTE reduction of 3.9% (from total actual enrollment of 372,050 for FY 2011-12 to an estimated enrollment of 357,534 for FY 2012-13) representing a loss of 14,516 FTE over FY 2011-12 actual enrollment.

The estimated Upper Division enrollment for FY 2012-13 is projected to increase by 2,439 to 12,161 FTE (or about 25.1%) over FY 2011-12 actual FTE enrollment of 9,722. For all Lower Division programs, FTE enrollment is projected to decrease by 16,955 FTE (or about 4.7%), from 362,328 actual FTE in FY 2011-12 to 345,373 FTE for FY 2012-13.

Upper Division enrollment FTE accounted for 2.6% of total actual FY 2011-12 enrollment and is projected to account for about 3.4% of total enrollment in FY 2012-13. Enrollment declines over FY 2011-12 are expected in Advanced and Professional, Post-Secondary Vocational, College Prep, Educator Prep, Apprenticeship, Adult Basic, and Vocational Prep areas. Small increases are expected in Postsecondary Adult Vocational and Adult Secondary/GED Prep enrollment.

The Conference Principals adopted the new estimate as presented by the Division of Florida Colleges without modification.

The Division of Florida Colleges made a presentation to the Conference on potential changes to the Florida College System FTE enrollment numbers resulting from audit findings that affected enrollments for the Florida State College at Jacksonville for Fiscal Years 2006-07, 2007-08, 2008-09, 2009-10. The Conference directed the Division to make appropriate adjustments to the historical enrollment documents provided to the Conference.

Dr. Steven R. Wallace
President
Florida State College at Jacksonville
501 West State Street
Jacksonville, Florida 32202-4076

Dear Dr. Wallace:

As you are aware, the most recent operational audits for Florida State College at Jacksonville included findings relating to Full-Time Equivalent (FTE) reporting for Continuing Workforce Education (CWE) courses (Report Nos. 2010-168 and 2012-073). Both findings indicate that the College's reporting of CWE FTE enrollment may have been in conflict with Florida Statutes and State Board of Education rules.

The audit reports note the College reported revenues from two Naval contracts (Great Lakes and Pensacola), as well as other external agencies and companies, that exceeded the direct cost of instruction for the CWE programs. The Auditor General recommended the College consult with the Florida Department of Education (Department) to determine the corrective action necessary to the FTE reported for CWE programs for the 2006-07 through 2009-10 fiscal years.

Sections 1011.80(5)(d) and 1011.84(1)(f), Florida Statutes, provide that when a public institution has been fully funded by an external agency for direct instructional costs of any course or program, the FTE generated shall not be reported for state funding. Further, State Board of Education Rule 6A-14.054(7), Florida Administrative Code, provides that each board of trustees shall have the authority to negotiate tuition fees for courses and programs contracted by external agencies and companies that vary from the tuition fees provided for in this rule.

Steven R. Wallace

October 3, 2012

Such negotiated fees may exceed the full cost of instruction; however, the courses and programs of instruction funded from these negotiated fees shall not be reported for State funding purposes.

The College's position, as shared with us by staff, is that the naval contracts were fixed-price contracts with indefinite quantity and indefinite delivery requirements, essentially "at risk" types of contracts. The College believes the element of risk should negate the review of reported CWE enrollment based on an after-the-fact determination as to whether the contract generated revenues sufficient to cover direct instructional costs. In order to fully understand the position of the College, we asked that you provide a detailed memorandum explaining the legal analysis. The Office of General Counsel of the Department has reviewed this memorandum and have informed us that they do not believe the statutory and administrative rule language relevant to this case supports the position being taken by the College.

The College also provided data indicating that the contracts did not cover the full costs of offering these CWE contract courses. The College indicated they essentially lost money on these contracts because indirect costs, including billing and accounting, legal services, HR services, purchasing and contracting, and IT costs were not covered. We reviewed the additional items proposed by the College to be included in this calculation. A review of the statutory and administrative rule language and the Florida College System Accounting Manual only refer to "direct instructional costs." Therefore, based upon the accounting manual and advice of the Office of General Counsel, these costs should not be included in the calculation.

The Auditor General's position appears to be that none of the CWE FTE should have been reported for state funding purposes because the total revenues collected for CWE exceeded the total direct instructional costs for CWE programs. However, the statutory and administrative rule language both speak to covering costs for a "course or program." In the College's response to the initial finding, the College indicated that some of the CWE courses showed a surplus of revenues over direct instructional expenditures and others did not, thus providing the distinction needed to determine which CWE-related FTE were correctly included in FTE enrollment reports and which will need to be adjusted.

Based on information provided by the College, it appears that a portion of the CWE FTE reported for state funding was reported correctly and a portion was not. We believe based upon our review of the statute and rules, that the CWE FTE reported for the Pensacola Naval program and all but one of the on-campus programs were correctly reported for state funding purposes. The CWE FTE reported for the Great Lakes Naval program and the on-

campus Fire Academy program do not appear to meet the statutory requirements for FTE reporting purposes.

Based on the analysis above, the detail provided below and the advice from the Office of General Counsel of the Department, we believe that a total of 6,593 FTE were incorrectly reported over a four-year span of time from 2006-07 to 2009-10. We have incorporated a table with the applicable information below. We understand that your attorneys take a different position.

Source: Official CCTCMIS FTE-3 records for each year and a document provided by Florida State College at Jacksonville finance staff titled "FSCJ CWE FTE, Response to Audit and Analysis of Funding."

The institutions within the Florida College System are not funded on a strict enrollment basis and in many recent years, the colleges received a reduction in state revenues based upon the overall size of the budget of the colleges. However, in one year in question, the institutions within the Florida College System did receive additional state funding. The decision whether to adjust the FTE calculation and any action regarding funding levels for the college is a legislative determination.

We are forwarding our conclusions to the Florida Legislature and the Legislative Enrollment Estimating Conference to take action they deem appropriate. Because your attorneys take a different legal position, you may elect to provide your analysis to them. While a specific date has not been selected, we understand that the Enrollment Estimating Conference is scheduled to meet in late October. We will inform you of the specific dates of the meeting.

By copy of this letter, I am informing the Auditor General of our position on this issue. Please call me if you have any questions.

Very truly yours,

Randy Hanna
