

EXECUTIVE SUMMARY

Revenue Estimating Conference for the General Revenue Fund

March 15, 2013

Since the last forecast was adopted in December, monthly collections have shown mixed results—running below estimate in one month, offsetting that loss in the subsequent month, and coming in 5.7 percent over estimate for the final month. In addition, while the latest national and Florida economic outlooks are similar to the ones adopted in the fall, they did not include the full effects of the Sequester as currently underway. The Revenue Estimating Conference took these factors into consideration in revising the forecast. For FY 2012-13, expected revenues were increased by \$153.0 million—or about 0.6 percent above the earlier forecast—to recognize some of the gains seen up to this point as well as the negative effects of the Sequester. For FY 2013-14, a stronger impact is expected from the Sequester causing anticipated revenues to increase by only \$106.5 million or 0.4 percent above the earlier forecast. The growth rates for FY 2014-15 and FY 2015-16 were reduced to 4.3 percent from 4.7 percent and to 4.0 percent from 4.2 percent, respectively.

The revised FY 2012-13 estimate exceeds the prior year's collections by over \$1.4 billion (or about 5.9 percent). The revised forecast for FY 2013-14 has projected growth of over \$1.1 billion (or 4.5 percent) over the revised FY 2012-13 estimate.

The forecast has been primarily affected in the following ways:

- The Conference adopted estimates that are lower than they otherwise would have been in order to recognize the likely effects of the **Sequester** on Florida's economy.
- **Sales Tax...** The forecast was increased by \$138.2 million in FY 2012-13 and by \$56.6 million in FY 2013-14. The latter year incorporates a specific negative adjustment of 0.5 percent due to the Sequester.
- **Corporate Income Tax...** The estimate was decreased by \$34.1 million in FY 2012-13 and by \$18.2 million in FY 2013-14.
- **Real Estate Taxes (Documentary Stamp Tax and Intangibles Tax)...** The gains experienced year-to-date have been primarily attributable to increased refinancing activity, including activity induced by the federal Home Affordable Refinance Program (HARP). In the longer term, increases reflect the expectation that recovery has finally taken hold in the housing market. Overall, both sources continue to grow strongly over the entire period. Together, the increase to General Revenue collections in FY 2012-13 is \$64 million and \$65.6 million in FY 2013-14.

The new forecast for General Revenue does not include potential impacts to state revenues from the implementation of the federal Affordable Care Act. In this regard, the Insurance Premium Tax and Medical & Hospital Fee collections will be positively affected. The Conference will address these issues separately.

Several of the revisions to the General Revenue forecast (Tobacco Taxes, Article V Fees & Transfers, Indian Gaming Revenues, and Highway Safety Licenses & Fees) are the results of earlier conferences. Combining the results from these conferences produces a loss of \$0.8 million in FY 2012-13 and a gain of \$9.9 million in FY 2013-14. Additional information regarding these sources can be found on the Legislative Office of Economic and Demographic Research's website: <http://edr.state.fl.us/conferences.htm>.

The adjustments made by the Conference related to the Sequester are time-limited and minimal. Further changes will be needed once more is known regarding future congressional actions.

*FFIS database includes 216 programs, some of which are exempt from one or both sequesters.						
**March 1 sequester stems from failing to achieve \$1.2 trillion in deficit reduction. OMB calculates percentage reductions of -5.0% for nondefense discretionary programs and -5.1% for nondefense mandatory programs in FY 2013 due to delay & BCA changes.						
***March 27 sequester is a result of Congress exceeding the FY 2013 spending caps for discretionary spending. Figures assume annualized levels in current Continuing Resolution and are estimated at -0.85% for security funding and -0.26% for nonsecurity funding.

The CBO estimates that the combined federal fiscal tightening taking place in 2013 is knocking 1.5 points off GDP growth for the year. Of that, about 5/8 of a percent (or 0.565%) is due to the sequester. According to their data, the impact to Defense Outlays will impact the economy faster: the defense discretionary budget reduction is 1.48 times the level of the nondefense discretionary budget reduction; however, the impact on outlays is 1.69 times higher in 2013.

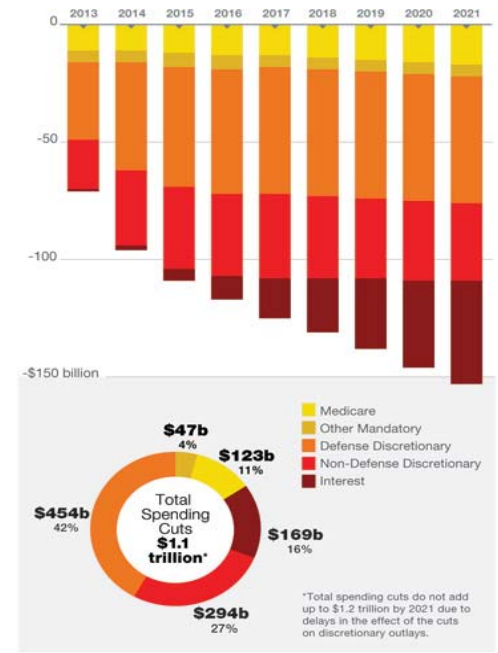

Macroeconomic Advisers similarly estimates that the sequester will shave off 0.6 points from real GDP growth CY 2013, but -- assuming investors expect the FOMC to delay raising the Federal Funds Rate -- increase growth by 0.1% in CY 2014. See Chart 2 for details. The largest impact occurs in the second quarter, when growth is reduced by roughly 1¼ percentage points. Their fiscal multiplier is higher for direct purchases than it is for subsidies.

IHS Global Insight expects GDP growth to rebound to 2.3% in the first quarter from just 0.1% growth in fourth quarter, but to slow to 0.7% in the as the sequester bites. They assume the sequester remains in effect until June 30th, taking just a 0.3 percentage point off 2013 growth. A full-year sequester would cut growth another 0.2 percentage point.

Moody's / Dismal Scientist expects that sequestration will shave approximately 0.5 percentage point from real GDP growth in CY 2013. They indicate that sequestration adds to the already-considerable fiscal drag on the economy, which will reach full force this spring and summer.

George Mason economist Stephen Fuller's estimates are more dramatic, putting the loss of 2013 GDP at \$215 billion, reducing the growth rate of GDP by two thirds. However, Fuller's estimates precede the shrinking of the sequester. Their original impact to Florida from the full Sequester (including direct, indirect, and induced effects) was \$7.998 billion.

THE FLORIDA LEGISLATURE

OFFICE OF ECONOMIC AND DEMOGRAPHIC RESEARCH

WILL WEATHERFORD
Speaker

July 17, 2013

The Honorable Jeff Atwater
Chief Financial Officer
Plaza Level 11, The Capitol
Tallahassee, FL 32399

Dear CFO Atwater,

Section 409.915(11), F.S., requires the Chief Financial Officer to transfer a portion of medical hospital fees from the General Revenue Fund to the Lawton Chiles Endowment Fund beginning in the 2013-14 fiscal year. Specifically, the statute requires the Office of Economic and Demographic Research to certify the amount to be transferred to the Chief Financial Officer by July 20 of each year.

The statute provides for the calculation of the transfer amount as follows:

... an amount equal to the amounts transferred to the General Revenue Fund in the previous fiscal year ... reduced by the amount of refunds paid ... which are in excess of the official estimate for medical hospital fees for such previous fiscal year adopted by the Revenue Estimating Conference on January 12, 2012, as reflected in the conference's workpapers.

The total amount of medical hospital fees transferred to the General Revenue Fund in FY 2012-13 was \$332.1 million, compared to the January 12, 2012, estimate for FY 2012-13 of \$286.8 million.

Consequently, the amount of the transfer to the Lawton Chiles Endowment Fund for FY 2013-14 is \$45.3 million. Projections for future years are attached. These projections are based on the March 15, 2013, General Revenue Estimating Conference, as adjusted for 2013 law changes.

If you have any questions, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Amy J. Baker".
