Revenue Estimating Conference<br>Slot Machine Revenues<br>February 1, 2010<br>Executive Summary

The Revenue Estimating Conference meeting on Slot Machine revenues adopted revised estimates for tax revenues from slot machine operations for fiscal years 2009-10 through 2013-14. The estimates of transfers to the Educational Enhancement Trust Fund were affected as follows:

| Slot Machines Tax Collections |  |  |  |
| :---: | ---: | ---: | ---: |
|  | Millions of \$ |  |  |
|  | Oct-09 <br> Estimate | Feb-10 <br> Estimate | Difference |
| $2006-07$ | 48.2 | 48.2 | 0.0 |
| $2007-08$ | 122.3 | 122.3 | 0.0 |
| $2008-09$ | 104.1 | 104.1 | 0.0 |
| $2009-10$ | 127.9 | 129.6 | 1.7 |
| $2010-11$ | 175.8 | 166.7 | -9.1 |
| $2011-12$ | 181.0 | 189.4 | 8.4 |
| $2012-13$ | 188.4 | 193.8 | 5.4 |
| $2013-14$ |  | 199.0 |  |

The forecast reflects updated tax collections data and information concerning the number of machines in the currently operating facilities. Collections since the last conference have been running above estimate, by a total of $\$ 6.4$ million in the months October through January. The conference expects that for the currently operating facilities, revenue will be slightly above estimate for the rest of the current fiscal year, overall ending up at $\$ 8.9$ million above estimate. However, the expectation in October was that Miami Jai-Alai would be opening in April of this year, but that opening has been delayed almost an entire year. As a result, the $\$ 7.2$ million expected to be received from Miami Jai-Alai this year has been removed from the forecast, so that the aggregate estimate for the 2009-10 fiscal year ends up being only $\$ 1.7$ million above the previous estimate.

For the 2010-11 fiscal year, there are two significant changes in assumptions as compared to the prior estimate. First, Miami Jai-Alai is expected not to be open for the entire fiscal year as in the previous estimate, but to open around March 1, 2011, and with only 1,000 machines instead of the previously forecast 1,400 machines. Additionally, Flagler is expected to add 105 new machines on July 1, 2010. The revenue from the additional Flagler machines is more than offset by the delay in opening Miami Jai-Alai, with the net result being a reduction of $\$ 9.1$ million relative to the October 2009 estimate.

Beginning in 2011-12, the main difference from the previous forecast is the level of tax collections from the Flagler facility, with both a higher number of machines and higher per machine income than in the previous forecast. Although there are fewer machines projected for Miami Jai-Alai, higher than previously projected per machine income keeps the taxes collected by that facility fairly close to the previous estimate.

## Revenue Estimating Conference Slot Machines Tax 2/1/2010

(A) Senate Bill 788 authorizes the ratification of an Indian Gaming Compact by the Florida Legislature after execution by the Governor. Revenue from the ratification which would be available for appropriation from the Educational Enhancement Trust Fund (EETF) is not included here. The bill also authorizes the transfer of any Indian Gaming revenues already received by the state to the EETF once the U.S. Department of Interior approves the ratification; those contingent receipts also are not shown at this time.
