Revenue Estimating Conference for Unclaimed Property and Transfers to the State School Trust Fund

Executive Summary

The projection of receipts and refunds to owners from unclaimed property and the subsequent distribution into the State School Trust Fund were revised August 12, 2019, by the Revenue Estimating Conference.

The Conference reviewed Fiscal Year 2018-19 actuals. During that period, \$535.5 million in receipts were received by the State of Florida, which was 13% over the prior estimate adopted in March. Total refunds were 6% below the March estimate at \$316.8 million. This resulted in \$218.8 million being transferred to the State School Trust Fund in Fiscal Year 2018-19.

The Conference revised the forecast for all fiscal years. Projected receipts were increased to \$483.3 million in Fiscal Year 2019-20. This estimate is \$6.4 million higher than the March estimate. In addition, the growth rates for Fiscal Year 2020-21 through Fiscal Year 2024-25 were set higher than the prior forecast. The Conference also revised estimated refunds. A new methodology was incorporated into the model to take account of expected refunds by cohort of receipt and over time. The result was an annual refund rate of around 65% throughout the five-year forecast. This is different than the prior forecast which had an annual refund rate of approximately 70%.

As a result, the projected transfer to the State School Trust Fund in Fiscal Year 2019-20 was increased by \$20.7 million to \$131.2 million. The projected transfers for Fiscal Years 2020-21 through 2024-25 were also higher than the prior estimate.

The following table shows the differences from the previous estimate for the current and upcoming fiscal years.
