#### Revenue Estimating Conference for Unclaimed Property and Transfers to the State School Trust Fund

#### **Executive Summary**

Estimates of receipts and refunds to owners from unclaimed property and the subsequent distribution into the State School Trust Fund were discussed on July 21, 2020, by the Revenue Estimating Conference.

In Fiscal Year 2019-20, the State of Florida received \$500.5 million in receipts, which was 3.55% above the December 2019 estimate. Total refunds of \$321.9 million were distributed, an amount that was -5.60% below the December estimate. By the year's end, \$144.5 million was transferred to the State School Trust Fund, which was 8.8% above the December estimate.

Refunds were lower than expected for several reasons. First, an \$8.5 million refund to the FDIC did not occur in Fiscal Year 2019-20 as expected. This FDIC refund will now be processed in Fiscal Year 2020-21. Second, some companies received an extension on reporting receipts due to COVID-19 issues. Given this, the associated refunds were delayed as well. Third, the Department of Financial Services closed refund transfers early on June 27<sup>th</sup>, effectively delaying some refunds until the next fiscal year.

The adopted forecast projects Fiscal Year 2020-21 receipts at \$507.0 million and Fiscal Year 2020-21 refunds at \$327.6 million. The average receipt growth rate is projected at 1.2% for the forecast period. The average refund growth rate is projected at 1.4% over the same period

The projected transfer to the State School Trust Fund in Fiscal Year 2020-21 was increased to \$183.9 million. This increase is attributable to higher estimated Fiscal Year 2020-21 receipts and a large existing balance in the Unclaimed Property Trust Fund at the start of the Fiscal Year.

The following table shows the differences from the previous forecast for the current and upcoming fiscal years.
