### What is the LCIR?

The Florida Legislative Committee on Intergovernmental Relations (LCIR) is a legislative entity that facilitates the development of intergovernmental policies and practices. The Florida LCIR strives to improve coordination and cooperation among state agencies, local governments, and the federal government.

## What Issues Have Been Addressed by the LCIR?

The LCIR completes several publications annually, including the Local Government Financial Information Handbook, Finalized Salaries of County Constitutional Officers and Elected School District Officials, and Intergovernmental Impact Report (Mandates and Measures Affecting Local Government Fiscal Capacity). In addition, the LCIR has addressed the following issues:

- Municipal Incorporations and Annexation
- Impact Fees
- o Natural Disaster Preparedness, Response and Recovery
- o Local Government Financial Emergencies
- o Urban Infill & Infrastructure Capacity
- Marina and Dock Permitting

- o State, Regional, and Local Planning
- Voting by Mail
- o Economic Development
- o Affordable Housing
- o Federal Funds to Florida
- Federal/State Relations

If you would like additional copies of this report or if you have comments or questions pertaining to the information contained herein, please contact the LCIR at (850) 488-9627 or Suncom 278-9627. We welcome your input or suggestions. Our mailing address is:

## 2007 Local Government Financial Information Handbook

October 2007

Prepared by the
Florida Legislative Committee on Intergovernmental Relations
with the assistance of the
Florida Department of Revenue

### Acknowledgments

The *Local Government Financial Information Handbook* is published and distributed annually by the Florida Legislative Committee on Intergovernmental Relations (LCIR). In preparing this annual report, the LCIR staff relies on county and municipal revenue estimates calculated by the Florida Department of Revenue.

### **Inquiries and Suggestions**

Inquiries regarding the estimated distributions of select state-shared revenues and local option taxes as prepared by the Florida Department of Revenue should be directed to the Department's Office of Tax Research at (850) 488-2900 or SunCom 278-2900.

General inquiries and questions regarding this publication should be directed to the LCIR. In addition, suggested improvements that will make this publication more informative and useful as a resource are always welcome. If you have suggestions for the 2008 edition, please direct your comments to the LCIR at the following address.

Steven O'Cain, Senior Legislative Analyst Florida Legislative Committee on Intergovernmental Relations c/o Legislative Mail Services Tallahassee, FL 32399-1300

Email: info@floridalcir.gov

Phone: (850) 488-9627 SunCom: 278-9627

Fax: (850) 487-6587

Additional federal, state, and local government data of potential interest to state and local officials can be found on the LCIR's website: www.floridalcir.gov.

### Introduction

The *Local Government Financial Information Handbook* is a reference for most of the revenue sources available to local governments. It contains relevant information on several items useful for local government budgeting purposes, including descriptions of revenue sources, estimated revenue distributions, and adjusted population estimates used for revenue-sharing purposes.

This publication was written as a guide to understanding constitutional and statutory laws regarding these revenue sources. However, questions of legal interpretation should be directed to appropriate legal counsel.

The LCIR prepared this publication with the assistance of the Florida Department of Revenue's Office of Tax Research. The LCIR staff updated the descriptions of local revenue sources, summarized relevant changes to general law provisions affecting those sources, and prepared a number of accompanying summary tables. The Office of Tax Research prepared the estimated distributions of numerous state-shared revenues and local option taxes to counties and municipalities for the 2007-08 fiscal year. It is important for the reader to note that the estimated distributions presented in this publication do not necessarily represent the actual disbursements that each local government will ultimately receive since economic conditions are subject to change.

The discussion of local government revenue sources in this report is organized as follows:

Part One: Revenue Sources Authorized by the Constitution

Part Two: Revenue Sources Based on Home Rule Authority

Part Three: Revenue Sources Authorized by the Legislature

- State-Shared Revenues

- Other Own-Source Revenues
- Local Option Taxes
  - Local Discretionary Sales Surtaxes
  - Local Option Food and Beverages Taxes
  - Local Option Fuel Taxes
  - Local Option Tourist Taxes

In addition, the adjusted county and municipal population estimates used for revenue-sharing purposes is provided in the Appendix.

## Part One: Revenue Sources Authorized in the State Constitution

The ability of local governments to raise revenue for their operations is narrowly constrained by the state constitution.

No tax shall be levied except in pursuance of law. No state ad valorem taxes shall be levied upon real estate or tangible personal property. All other forms of taxation shall be preempted to the state except as provided by general law.<sup>1</sup>

With the exception of the ad valorem tax and several constitutionally authorized state-shared revenue programs, local governments are dependent on the Legislature for the authority to levy any other forms of taxation, thereby increasing the relative importance of the ad valorem tax. This section identifies those local government revenue sources authorized by the constitution.

The Florida Constitution also contains several other provisions that are relevant to local government revenue capacity. First, the Legislature is authorized to appropriate funds to counties, municipalities, or special districts based upon conditions set in general law, including the use of relative ad valorem assessment levels.<sup>2</sup> Hence, revenue sharing may be based on a local government's relative ad valorem assessment level or any other factor established by the Legislature.

Second, the ability of the Legislature to impose unfunded mandates on local governments is restricted, unless certain procedural requirements are met.<sup>3</sup> Legislative mandates and other measures affecting local government fiscal capacity are the subjects of a separate Committee publication.<sup>4</sup>

Third, the state's revenue raising capacity is limited. Consequently, the ability of state government to aid local governments may be affected. The collection of state revenue for any fiscal year is limited to certain state revenues allowed plus an adjustment for growth. Approved by voters in the November 1996 general election, this constitutional change prohibits the imposition of new state taxes or fees by constitutional amendment unless the proposed amendment is approved by two-thirds of the voters voting in the general election in which the proposed amendment appears on the ballot. This amendment could have the effect of limiting the enactment of a statewide tax.

<sup>5.</sup> Section 1(e), Art. VII, State Constitution.

## Ad Valorem Tax<sup>1</sup>

Section 9, Article VII, Florida Constitution Chapters 192-197 and 200, Florida Statutes

### **Brief Overview**

The ability of local governments to raise revenue for governmental operations is narrowly constrained by the state constitution.

Counties, school districts, and municipalities shall, and special districts may, be authorized by law to levy ad valorem taxes and may be authorized by general law to levy other taxes, for their respective purposes, except ad valorem taxes on intangible personal property and taxes prohibited by this constitution.<sup>2</sup>

Ad valorem taxes, exclusive of taxes levied for the payment of bonds and taxes levied for periods not longer than two years when authorized by vote of the electors who are the owners of freeholds therein not wholly exempt from taxation, shall not be levied in excess of the following millages upon the assessed value of real estate and tangible personal property: for all county purposes, ten mills; for all municipal purposes, ten mills; for all school purposes, ten mills; for water management purposes for the northwest portion of the state lying west of the line between ranges two and three east, 0.05 mill; for water management purposes for the remaining portions of the state, 1.0 mill; and for all other special districts a millage authorized by law approved by vote of the electors who are owners of freeholds therein not wholly exempt from taxation. A county furnishing municipal services may, to the extent authorized by law, levy additional taxes within the limits fixed for municipal purposes.<sup>3</sup>

With the exception of the ad valorem tax and other constitutionally authorized and home-rule revenue sources, local governments are dependent on the Legislature for the authority to levy any other forms of taxation. Therefore, the relative importance of the ad valorem tax as a revenue source for local governments is increased.

To summarize, local governments may levy ad valorem taxes subject to the following limitations.

\_

<sup>1.</sup> This discussion of ad valorem taxes has been adapted, in part, from the following informational materials: Nabors, Giblin, & Nickerson, P.A., *Primer on Home Rule & and Local Government Revenue Sources* (2005) and The Florida Legislature's Senate Committee on Government Efficiency Appropriations, House Committee on Finance and Tax, Office of Economic & Demographic Research, and the Florida Department of Revenue's Office of Tax Research, 2007 *Florida Tax Handbook Including Fiscal Impact of Potential Changes* (2007).

<sup>2.</sup> Section 9(a), Art. VII, State Constitution.

<sup>3.</sup> Section 9(b), Art. VII, State Constitution.

- 1. Ten mills for county purposes.
- 2. Ten mills for municipal purposes.
- 3. Ten mills for school purposes.
- 4. A millage fixed by law for a county furnishing municipal services.
- 5. A millage authorized by law and approved by voters for special districts.

As mentioned, the state constitution provides two exceptions to the ten-mill cap. The exceptions include a voted debt service millage and a voted millage not to exceed a period of two years. Additionally, no property may be subject to more than twenty mills of ad valorem tax for municipal and county purposes without elector approval, regardless of the property's location, under the state constitution. Duval County-City of Jacksonville is a consolidated government; therefore, it has a twenty-mill cap since it operates as both a county and municipal government.

### **County Millages**

County government millages are composed of four categories of millage rates.<sup>4</sup>

- 1. General millage is the nonvoted millage rate set by the county's governing body.
- 2. Debt service millage is the rate necessary to raise taxes for debt service as authorized by a vote of the electors pursuant to Section 12, Art. VII, State Constitution.
- 3. Voted millage is the rate set by the county's governing body as authorized by a vote of the electors pursuant to Section 9(b), Art. VII, State Constitution.
- 4. County dependent special district millage is added to the county's millage to which the district is dependent. A dependent special district is defined as a special district meeting at least one of four criteria specified in law.<sup>5</sup>

### County Furnishing Municipal Services

General law implements the constitutional language authorizing a county furnishing municipal services to levy additional taxes within the limits fixed for municipal purposes via the establishment of municipal service taxing or benefit units. The distinction between a municipal service taxing unit (MSTU) and a municipal service benefit unit (MSBU) is that a MSBU is the correct terminology when the mechanism used to fund the county services is derived through service charges or special assessments rather than taxes.

The creation of a MSTU allows the county's governing body to place the burden of ad valorem taxes upon property in a geographic area less than countywide to fund a particular municipal-type service or services. The MSTU is used in a county budget to separate those ad valorem taxes levied within

<sup>4.</sup> Section 200.001(1), F.S. (2007).

<sup>5.</sup> Section 189.403(2), F.S. (2007).

<sup>6.</sup> Section 125.01(1)(q), F.S. (2007).

the taxing unit itself to ensure that the funds derived from the tax levy are used within the boundaries of the taxing unit for the contemplated services. If ad valorem taxes are levied to provide these municipal services, counties are authorized to levy up to ten mills.<sup>7</sup>

The MSTU may encompass the entire unincorporated area, a portion of the unincorporated area, or all or part of the boundaries of a municipality. However, the inclusion of municipal boundaries within the MSTU is subject to the consent by ordinance of the governing body of the affected municipality given either annually or for a term of years.

### Municipal Millages

Municipal government millages are composed of four categories of millage rates.8

- 1. General millage is the nonvoted millage rate set by the municipality's governing body.
- 2. Debt service millage is the rate necessary to raise taxes for debt service as authorized by a vote of the electors pursuant to Section 12, Art. VII, State Constitution.
- 3. Voted millage is the rate set by the municipality's governing body as authorized by a vote of the electors pursuant to Section 9(b), Art. VII, State Constitution.
- 4. Municipal dependent special district millage is added to the municipality's millage to which the district is dependent and included as municipal millage for the purpose of the ten-mill cap.

### **School District Millages**

As previously stated, the state constitution restricts the levy of nonvoted ad valorem tax levies for school purposes to ten mills. The voted levies, which are constitutionally available to counties and municipalities as well as school districts, do not count toward the ten-mill cap. School district millage rates are composed of five categories.<sup>9</sup>

- 1. Nonvoted required operating millage (otherwise known as *required local effort*) is the rate specified in the current year's General Appropriations Act and imposed by the school board for current operating purposes pursuant to s. 1011.60(6), F.S.
- 2. Nonvoted discretionary operating millage is the rate set by the school board for those operating purposes other than the required local effort millage rate imposed pursuant to s. 1011.60(6), F.S., and the nonvoted capital improvement millage rate imposed pursuant to s. 1011.71(2), F.S. The Legislature shall prescribe annually in the appropriations act the maximum amount of millage a district may levy.<sup>10</sup>

<sup>7.</sup> Section 200.071(3), F.S. (2007).

<sup>8.</sup> Section 200.001(2), F.S. (2007).

<sup>9.</sup> Id., at (3).

<sup>10.</sup> Section 1011.71(1), F.S. (2007).

- 3. Nonvoted capital improvement millage is the rate set by the school board for capital improvements as authorized in s. 1011.71(2), F.S. General law caps the maximum rate at 2 mills.
- 4. Voted operating millage is the rate set by the school board for current operating purposes as authorized by a vote of the electors pursuant to Section 9(b), Art. VII, State Constitution.
- 5. Voted debt service millage is the rate set by the school board as authorized by a vote of the electors pursuant to Section 12, Art. VII, State Constitution.

As previously mentioned, the Legislature requires all school districts to levy a required local effort millage rate in order to participate in state funding of kindergarten through grade 12 public school programs, via the Florida Education Finance Program. The Legislature prescribes the aggregate required local effort for all school districts collectively as an item in the General Appropriations Act for each fiscal year. The millage rate required of each school district to provide its respective share of the costs is calculated annually by formula. This rate is adjusted by an equalization factor designed to account for differing levels of assessment in each district.

### <u>Independent Special District Millages</u>

Independent special district millages are the rates set by the district's governing body, and the following issues must be addressed.<sup>12</sup>

- 1. Whether the millage authorized by a special act is approved by the electors pursuant to Section 9(b), Art. VII, State Constitution; authorized pursuant to Section 15, Art. XII, State Constitution; or otherwise authorized.
- 2. Whether the tax is to be levied countywide, less than countywide, or on a multicounty basis.

### Adjustments to the Tax Base

The ad valorem taxable base is the fair market value of locally assessed real estate, tangible personal property, and state assessed railroad property, less certain exclusions, differentials, exemptions, and credits. Intangible personal property is excluded because it is separately assessed and taxed by the state. A brief explanation of the adjustments to the taxable base follows.

Exclusions are specific types of property constitutionally or statutorily removed from ad valorem taxation. The following list reflects the major categories of exclusions.

1. Transportation vehicles such as automobiles, boats, airplanes, and trailer coaches that are constitutionally excluded from ad valorem taxation but subject to a license tax.

<sup>11.</sup> Section 1011.62, F.S. (2007).

<sup>12.</sup> Section 200.001(4), F.S. (2007).

2. Personal property brought into the state for transshipment that statutorily is not considered to have acquired taxable situs and therefore is not part of the tax base.

Differentials are reductions in assessments that result from a valuation standard other than fair market value. The following list reflects the valuation standards.

- 1. Value in current use only (e.g., agricultural value).
- 2. Value at a specified percentage of fair market value (e.g., the state constitution allows inventory and livestock to be assessed on a percentage basis, although the Legislature has exercised its option to totally exempt such property).
- 3. Value that results from a limitation on annual increases (e.g., increases in assessments of homestead property are limited to the lesser of 3 percent or the Consumer Price Index up to the fair market value).

Exemptions are deductions from the assessed value that are typically specified as a dollar amount (e.g., homestead exemption of \$25,000). However, certain exemptions are equal to the total assessed value of the property (e.g., property used exclusively for charitable purposes), or are equal to a portion of the total assessment, based on a ratio of exempt use to total use, provided that said percentage must exceed 50 percent (e.g., property used predominantly for charitable purposes).

Credits are deductions from the tax liability of a particular taxpayer and may take the form of allowances, discounts, and rebates. Currently, the only credits allowed in Florida are early payment and installment discounts of not more than 4 percent.

Deferrals do not reduce the taxpayer's overall tax liability but allow for changes in the timing of payments. Under certain circumstances, a taxpayer may defer a portion of the taxes due on homestead property for the remaining lifetime of the property owner and spouse or until the sale of the property.

### **General Law Amendments**

The following list highlights the legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B that amended provisions related to property tax administration. The 2007 chapter laws are available via the Department of State's Division of Elections website. <sup>13</sup>

Chapter Law #	<u>Subject</u>
2007-4	Homestead Exemption/Increase/Seniors
2007-36	Ad Valorem Tax/Disabled Veterans
2007-106	Tax Administration
2007-121	Blindness/Homestead Exemption/Certification Form

<sup>13.</sup> http://election.dos.state.fl.us/laws/07laws/index.shtml

2007-194	School Districts		
2007-198	Affordable Housing		
2007-321	Ad Valorem Taxation		

Local officials should pay particular attention to Chapter 2007-321, L.O.F., which reflects part of the Legislature's property tax reform package adopted during the 2007 Special Session B and has significant fiscal implications for Florida's local governments. In summary, the legislation rolls back property tax rates levied by counties, municipalities, and independent special districts. The rates would be capped on a going forward basis, unless the caps are overridden by a super-majority vote of the governing body or by referendum. If a county or municipality exceeds the maximum rate without the required votes, then the local government will not receive the Local Government Halfcent Sales Tax distributions for 12 months. The Department of Revenue (DOR) has created a website to assist local government officials with the implementation of the property tax reform legislation.<sup>14</sup>

### **Eligibility Requirements**

As previously mentioned, the state constitution authorizes counties, municipalities, and school districts to levy ad valorem taxes. In addition, the Legislature may, at its discretion, authorize special districts to levy ad valorem taxes.

Millage rates are fixed only by ordinance or resolution of the taxing authority's governing body in the manner specifically provided by general law or special law.<sup>15</sup> Millage rates vary among local governments subject to constitutional, statutory, and political limitations.

### **Administrative Procedures**

The DOR and units of local government administer the ad valorem tax. Two county constitutional officers, the property appraiser and tax collector, have primary responsibility for the collection and administration of ad valorem taxes at the local level. The property appraiser is charged with determining the value of all property within the county, maintaining appropriate records related to the valuation of such property, and determining the ad valorem tax on taxable property. The tax collector is charged with the collection of ad valorem taxes levied by the county, school district, all municipalities within the county, and any special taxing districts within the county.

The DOR has general supervision of the assessment and valuation of property so that all property is placed on the tax rolls and valued according to its just valuation. Additionally, the DOR prescribes and furnishes all forms as well as prescribes rules and regulations to be used by property appraisers,

<sup>14.</sup> http://dor.myflorida.com/dor/property/spec session.html

<sup>15.</sup> Section 200.001(7), F.S. (2007).

tax collectors, clerks of circuit court, and value adjustment boards in administering and collecting ad valorem taxes.

Chapter 195, F.S., addresses the administration of property assessments. Additional chapters of the Florida Statutes deal with other relevant issues: Chapter 192, general provisions of taxation; Chapter 193, assessments; Chapter 194, administrative and judicial review of property taxes; Chapter 196, exemptions; Chapter 197, tax collections, sales, and liens; and Chapter 200, determination of millage.

### **Distribution of Proceeds**

The tax collector distributes taxes to each taxing authority. 16

### **Authorized Uses**

Ad valorem taxes are considered general revenue for general-purpose local governments (i.e., county, municipality, or consolidated city-county government) as well as for school districts. An independent special district may be restricted in the expenditure of the revenue for the purpose associated with the creation of the district itself. If ad valorem taxes are levied within a municipal service taxing unit (MSTU), the expenditure of those funds may be restricted to those services specified in s. 125.01(1)(q), F.S.

### **Relevant Attorney General Opinions**

Florida's Attorney General has issued hundreds of legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions.<sup>17</sup> Interested persons may view the opinions by accessing the website and performing a search using the keyword phrase *ad valorem tax*.

Local government officials seeking more clarification should review the opinions in their entirety. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Current and Prior Years' Revenues**

No revenue estimates for individual local governments in the current fiscal year are available. The DOR annually publishes its *Florida Property Valuations & Tax Data* report that details property valuations and tax data by local jurisdiction. The most recent edition contains values for 2006 as

<sup>16.</sup> Section 197.383, F.S. (2007).

<sup>17.</sup> http://myfloridalegal.com/opinions

well as several prior years for purposes of comparison and is available via the DOR's website.<sup>18</sup> Using data obtained from these annual reports, the LCIR staff has compiled several summaries that profile millage rates and ad valorem taxes levied by counties, municipalities, and school districts. These profiles are available via the LCIR's website.<sup>19</sup>

<sup>18.</sup> http://dor.myflorida.com/dor/property/databk.html

<sup>19.</sup> http://www.floridalcir.gov/dataatof.cfm

### **Constitutional Fuel Tax**

Section 9(c), Article XII, Florida Constitution Sections 206.41(1)(a), 206.45, 206.47, 336.023, and 336.024, Florida Statutes

### **Brief Overview**

Pursuant to the state constitution, a state tax of 2 cents per gallon on motor fuel is levied.<sup>1</sup> The first call on the tax proceeds is to meet the debt service requirements, if any, on local bond issues backed by the tax proceeds. The remaining balance, called the surplus funds, is also used, as necessary, to meet the debt service requirements on local bond issues backed by the surplus funds. Any remaining surplus funds are used for the acquisition, construction, and maintenance of roads.

### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not amend provisions related to this revenue source.

### **Eligibility Requirements**

All counties are eligible to receive proceeds.

### **Administrative Procedures**

The tax is paid into the state treasury by the Department of Revenue (DOR) for deposit in the Fuel Tax Collection Trust Fund.<sup>2</sup> The DOR transmits the tax, as collected monthly, to the State Board of Administration (SBA).<sup>3</sup> The SBA calculates a monthly allocation of the taxes received from the DOR based on the formula contained in Section 9(c)(4), Art. XII, State Constitution, and credits to each county's account the amount of tax allocated by the formula.<sup>4</sup>

The allocation formula is comprised of three components: a geographic area component, a population component, and a collection component. A distribution factor, based on these three allocation components, is calculated annually for each county in the form of weighted county-to-state ratios. To determine each county's monthly distribution, the monthly statewide tax receipts are multiplied by each county's distribution factor.

<sup>1.</sup> Section 9(c), Art. XII, State Constitution.

<sup>2.</sup> Section 206.45(1), F.S. (2007).

<sup>3.</sup> Section 206.47(2), F.S. (2007).

<sup>4.</sup> Id., at (6).

A county's estimated distribution is determined via the following steps. First, a county's distribution factor is calculated as the sum of the following three allocation components.

- 1/4 x <u>County Area</u> State Area
- 1/4 x <u>County Population</u> State Population
- 1/2 x <u>Total Tax Collected Countywide during the Previous Fiscal Year</u> Total Tax Collected Statewide during the Previous Fiscal Year

The calculation of the population component is based on the most recent federal census figures.<sup>5</sup> The calculation of the collection component is based upon a DOR certificate of the taxable gallons attributable to each county as of June 30<sup>th</sup> for each fiscal year. On or before July 31<sup>st</sup> following the end of each fiscal year, the DOR shall furnish the certificate to the SBA. This certificate is conclusive as to the tax collected in each county for the prior fiscal year.<sup>6</sup>

Second, a county's monthly distribution is calculated as follows.

Monthly Statewide Constitutional Fuel Tax Receipts x County's Distribution Factor

### **Distribution of Proceeds**

The taxes credited to each county are first distributed to meet the debt service requirements, if any, of the Section 16, Art. IX, State Constitution of 1885, debt assumed or refunded by the SBA payable from the tax. The remaining taxes credited to each county are surplus fuel tax funds. These surplus fuel tax funds are divided into 80 percent and 20 percent portions.

In each fiscal year, the SBA distributes the 80 percent surplus fuel tax proceeds allocated to each county to the debt service requirements of each bond issue pledging the 80 percent surplus accruing to that county. The remaining 80 percent surplus fuel tax funds are advanced monthly, to the extent practicable, to the Board of County Commissioners (BOCC) for use in the county.

In each fiscal year, the SBA distributes the 20 percent surplus fuel tax proceeds allocated to each county to the debt service requirements of each bond issue pledging the 20 percent surplus accruing

<sup>5.</sup> Section 9(c)(4), Art. XII, State Constitution.

<sup>6.</sup> Section 206.47(5)(a), F.S. (2007).

<sup>7.</sup> Id., at (7).

<sup>8.</sup> Id., at (9).

to that county. The remaining 20 percent surplus fuel tax funds are advanced monthly, to the extent practicable, to the BOCC for use in the county. 9

The SBA assumes responsibility for distribution of a county's 80 percent share in the same manner as the 20 percent share is currently distributed pursuant to s. 206.47, F.S. However, the SBA ensures that county funds are made available to the Department of Transportation and held in escrow for any construction underway on behalf of the county pursuant to resolution of the county's governing body. <sup>10</sup>

### **Authorized Uses**

As previously mentioned, the taxes credited to each county are first distributed to meet the debt service requirements, if any, of the Section 16, Art. IX, State Constitution of 1885, debt assumed or refunded by the SBA payable from the tax. The remaining monies, or surplus fuel tax funds, are used for the acquisition, construction, and maintenance of roads. The term *maintenance* means periodic and routine maintenance, as defined in s. 334.03, F.S., and may include the construction and installation of traffic signals, sidewalks, bicycle paths, and landscaping. The funds may be used as matching funds for any federal, state, or private grant specifically related to these purposes.<sup>11</sup>

*Periodic maintenance* is defined as those activities that are large in scope and require a major work effort to restore deteriorated components of the transportation system to a safe and serviceable condition. Such efforts may include, but not be limited to, the repair of large bridge structures, major repairs to bridges and bridge systems, and the mineral sealing of lengthy sections of roadway.<sup>12</sup>

Routine maintenance is defined as minor repairs and associated tasks necessary to maintain a safe and efficient transportation system and includes pavement patching; shoulder repair; cleaning and repair of drainage ditches, traffic signs, and structures; mowing; bridge inspection and maintenance; pavement striping; litter cleanup; and other similar activities.<sup>13</sup>

Any county that agreed prior to July 1, 1977, by resolution, to use the surplus proceeds to provide a connecting road to a planned interchange on the interstate system shall provide the connecting road. Any surplus, not otherwise used to provide the connecting road, shall be used on any road in the county at the discretion of the county's governing body.<sup>14</sup>

### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of legal opinions relevant to this revenue source. The full texts of those opinions are available via the Florida Attorney General's searchable on-line database of legal opinions.<sup>15</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	Subject
79-41	County transportation trust funds, auditing
79-43	Surplus constitutional fuel tax, authorized use
79-104	Surplus constitutional fuel tax, authorized use
80-22	Surplus constitutional fuel tax, authorized use
82-55	Surplus constitutional fuel tax, authorized use
83-22	Surplus constitutional fuel tax, authorized use
83-26	Surplus constitutional fuel tax, authorized use
84-06	Surplus constitutional fuel tax, authorized use
85-53	Service charge charged by clerk from gas tax money
85-93	Constitutional fuel tax, payment of service charges and administrative fees
93-25	Surplus constitutional fuel tax, authorized use
2004-03	Surplus second gas tax funds used on roads in county

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Current and Prior Years' Revenues**

The table included in this section lists each county's collection, population, and area components; distribution factor; and estimated distributions for the local fiscal year 2008 as calculated by the DOR. The estimates are based on a statewide estimate of total constitutional fuel tax collections, and are net of the SBA's administrative deductions. Inquiries regarding the DOR's estimates should be addressed to the Office of Tax Research at (850) 488-2900. No summary of prior years' distributions is currently available.

### **Constitutional School Revenue Sources**

## **Gross Receipts Tax on Utilities**

Section 9(a), Article XII, Florida Constitution Chapter 203, Florida Statutes

### **Motor Vehicle License Tax**

Section 9(d), Article XII, Florida Constitution Chapter 320, Florida Statutes

### **Brief Overview**

The state constitution authorizes two sources of revenue for the benefit of school districts. The first is a gross receipts tax on utilities. A tax of 2.5 percent is imposed on the gross receipts from utility services that are delivered to a retail consumer within the state, and a tax of 2.37 percent is imposed on the gross receipts of sellers of telecommunications services. The proceeds of the tax are placed in the Public Education Capital Outlay and Debt Service Trust Fund and used for capital outlay projects of the state system of public education that includes universities, community colleges, vocational technical schools, and public schools.

The following lists the order of priority and purposes for which the monies in the trust fund shall be used in each fiscal year.

- 1) The servicing of any bonds due in the current fiscal year.
- 2) The deposit into any reserve funds established for the issuance of bonds.
- 3) The direct payment of any part of the cost of any capital project for the state system of education, as authorized by the Legislature.

The second source of revenue is a portion of the revenues derived from the licensing of motor vehicles and mobile homes.<sup>3</sup> The state constitution provides that the first proceeds of revenues derived from such licensing are placed in the District Capital Outlay and Debt Service Trust Fund and used for capital outlay projects of school districts and community colleges. The revenue is distributed annually among school districts and community colleges based on the constitutional formula.

The following lists the order of priority and purposes for which the distributed monies shall be used in each fiscal year.

<sup>1.</sup> Section 9(c), Art. XII, State Constitution.

<sup>2.</sup> Section 203.01(1)(b), F.S. (2007).

<sup>3.</sup> Section 9(d), Art. XII, State Constitution.

- 1) The compliance with bond obligations based on motor vehicle tax anticipation certificates issued prior to the enactment of the 1968 Florida Constitution.
- 2) The debt service on bonds or motor vehicle license revenue anticipation certificates.
- 3) The debt service on bonds where the proceeds of such bonds were used for capital outlay needs.
- 4) The payment of the State Board of Education's expenses in administering the distribution and use of the motor vehicle license tax by school districts.
- 5) The construction and maintenance of capital outlay projects, and those school purposes as determined by the school district or the Legislature, after all major capital outlay needs of the school district have been met.

### **Current and Prior Years' Revenues**

Summaries of current and prior years' statewide distributions to school districts are available via the LCIR's website. Statewide net collections of the gross receipts tax and statewide distributions of motor vehicle licensing tax to school districts and community colleges are expected to total approximately \$1.074 billion and \$125 million, respectively, in state fiscal year 2008.

# Part Two: Revenue Sources Based on Home Rule Authority

Under Florida's Constitution, local governments possess strong home rule powers. Given these powers, local governments may utilize a variety of revenue sources for funding services and improvements without express statutory authorization. Franchise fees, impact fees, special assessments, and user fees are examples of these home rule revenue sources.

In implementing fee programs and special assessments, a local government's goal is to create an assessment or fee that avoids classification as a tax by the courts. If an assessment or fee does not meet the case law requirements and is classified as a tax, then the local government must have general law authorization for its imposition.

Special assessments and taxes are distinguishable because no requirement exists that taxes provide a specific benefit to property. Taxes are levied for the general benefit of residents and property. As established in Florida case law, two requirements exist for the imposition of a valid special assessment. First, the property assessed must derive a special benefit from the improvement or service provided; and second, the assessment must be fairly and reasonably apportioned among the properties that receive the special benefit.

A special assessment may provide funding for either capital expenditures or the operational costs of services, provided that the property that is subject to the assessment derives a special benefit from the improvement or service. Examples of assessed services and improvements upheld by Florida courts include garbage disposal, sewer improvements, fire protection, fire and rescue services, street improvements, parking facilities, downtown redevelopment, stormwater management services, and water and sewer line extensions.

Florida's local governments possess the home rule authority to impose a variety of proprietary and regulatory fees to pay the cost of providing a service or facility or regulating an activity. Proprietary fees are imposed pursuant to the assertion of a local government's exclusive right. Examples of such proprietary fees include franchise fees, user fees, and utility fees. Regulatory fees are imposed under the police power in the exercise of a local government's sovereign power. Examples of such regulatory fees include building permit fees, impact fees, inspection fees, and stormwater fees. The underlying premise for both types of fees is that local governments may charge, in a reasonable and equitable manner, for the facilities and services they provide or regulate.

In summary, the exercise of home rule powers by local governments is constrained by whether an inconsistent provision or outright prohibition exists in the constitution, general law, or special law regarding the power at issue. Counties and municipalities cannot levy a tax without express statutory authorization because the constitution specifically prevents them from doing so. However, local

governments may levy fees and special assessments absent any general law prohibition provided the fee or assessment meets the relevant legal sufficiency tests.

### **Summaries of Select Court Rulings**

One resource containing a discussion of local revenues based on home rule authority, including summaries of significant case law and recent legal developments, is a publication produced by the law firm of Nabors, Giblin, & Nickerson, P.A. This publication is entitled *Primer on Home Rule & Local Government Revenue Sources* (October 2005). Persons interested in the availability of this publication should contact the firm's Tallahassee office directly at (850) 224-4070.

## **Proprietary Fees**

Home Rule Authority

### **Brief Overview**

Fees imposed by Florida's local governments fall into one of two categories: proprietary fees, which are discussed here, and regulatory fees, which are discussed in the next section. Proprietary fees are based on the assertion that local governments have the exclusive legal right to impose such fees. Fees of this type include franchise fees, user fees, and utility fees. Two principles guide the use and application of such fees. The imposed fee is reasonable in relation to the privilege or service provided by the local government, or the fee payer receives a special benefit from the local government.

### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to these revenue sources.

### **Eligibility Requirements**

The levy of proprietary fees stems from county and municipal home rule authority granted in the Florida Constitution.<sup>1</sup>

### **Administrative Procedures**

### Franchise Fees

Local governments may exercise their home rule authority to impose a fee upon a utility for the grant of a franchise and the privilege of using local government's rights-of-way to conduct the utility business. This franchise fee is considered fair rent for the use of such rights-of-way and consideration for the local government's agreement not to provide competing utility services during the franchise term.

The imposition of a franchise fee requires the adoption of a franchise ordinance. Such an ordinance grants a special privilege that is not available to the general public. In fact, a franchise ordinance may even relinquish a local government's right to its proprietary opportunity to compete with the utility. In addition to granting special rights to operate within a local government's jurisdiction, a franchise ordinance may regulate the utility by governing the extent to which the utility may do business on public property and the manner in which that business may be conducted as well as how such fees will be administered. Taking into consideration the degree of change anticipated in the industry and the desire for the utility to secure the local government's property rights for a long

<sup>1.</sup> Sections 1-2, Art. VIII, State Constitution.

period of time, the ordinance grants the franchise for a period of years. Typically, the fees are based on a percentage of the gross receipts from utility sales in the franchise area.

#### User Fees

Local governments possess the home rule authority to impose user fees to pay the cost of providing a service or facility. User fees bear a direct relationship between the service received and the compensation paid for the service. The underlying premise for these fees is that local governments may charge, in a reasonable and equitable manner, for the facilities and services they provide. These fees cannot exceed the cost burden created by the fee payer's activity; therefore, the amount of such fee or charge should be established after studying the direct and indirect costs associated with providing the service or facility.

### Utility Fees

A local government operating a utility may charge for the services and products that it provides to its customers. The basis for the fee must be reasonably related to the cost of the service or product. Additionally, the fee may include a reasonable profit that may be used for purposes other than the provision of utility services or products.

The utility may charge different rates to different classes of customers as long as the classification scheme is not arbitrary or unreasonable. Such fees may include the cost for operating the utility as well as costs for anticipated future capital outlay. Utility fees are typically billed directly by the utility on a monthly or quarterly basis to the customer. The customer's failure to pay the fee generally results in the termination of service. Failure to pay one type of utility fee may result in the termination of other utility services if a particular service is so interconnected with another service that neither can be effective without the other.

### **Distribution of Proceeds**

Since the proceeds are collected and administered locally, the governing authority of any county or municipality may distribute the funds as the authority may deem proper.

### **Authorized Uses**

### Franchise Fees

Many local governments use a portion of the fee revenue to offset the cost of regulation with the balance deposited into the government's general fund. Use of the revenues for general fund purposes would seem to be consistent with the concept that the franchise fee is consideration for renting a local government's rights-of-way and for the local government agreeing not to compete with the utility.

#### User Fees

Generally, the use of the fee revenue is restricted to those direct and indirect costs associated with providing the service or facility.

### Utility Fees

The use of the fee revenue is generally restricted to those direct and indirect costs associated with providing the service or facility. Utility fees may include a reasonable profit that may be used for purposes other than the actual provision of utility services or products.

### **Relevant Attorney General Opinions**

Florida's Attorney General has issued numerous opinions relevant to these revenue sources. The full texts of those opinions are available via the Florida Attorney General's searchable on-line database of legal opinions.<sup>2</sup> Interested persons may view the opinions by accessing the website and performing a search using the keyword phrases: *franchise fees*, *user fees*, or *utility fees*.

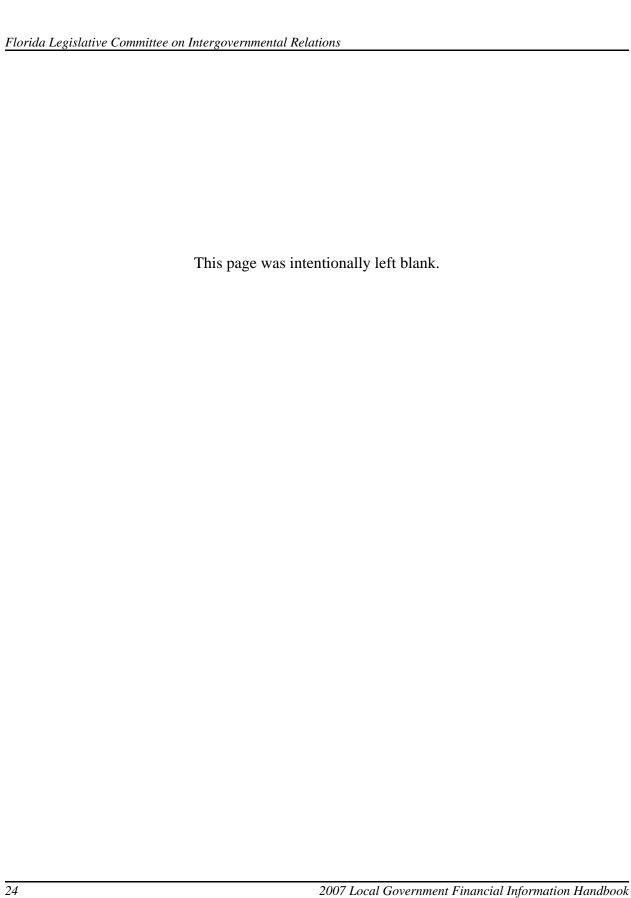

Local government officials seeking more clarification should review the opinions in their entirety. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Current and Prior Years' Revenues**

No revenue estimates for individual local governments in the current fiscal year are available. Summaries of prior years' franchise fee revenues as reported by local governments are available via the LCIR's website.<sup>3</sup>

<sup>2.</sup> http://myfloridalegal.com/opinions

<sup>3.</sup> http://www.floridalcir.gov/dataatof.cfm

## **Regulatory Fees**

Home Rule Authority Section 163.31801, Florida Statutes

### **Brief Overview**

Regulatory fees represent the other categories of fees imposed by Florida's local governments. These fees are imposed pursuant to the local government's police powers in the exercise of its sovereign functions. Examples of regulatory fees include building permit fees, inspection fees, impact fees, and stormwater fees. Two principles guide the use and application of such fees. The imposed fee cannot exceed the cost of the regulatory activity, and the fee is generally required to be applied solely to pay the cost of the regulatory activity for which it is imposed. In terms of their fiscal impact to local governments and school districts, impact fees are the most significant. Consequently, the remainder of this section will focus on impact fees.

### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to these revenue sources.

### **Eligibility Requirements**

The levy of regulatory fees stems primarily from county and municipal home rule authority granted in the Florida Constitution.<sup>1</sup>

### **Administrative Procedures**

Impact Fees

Impact fees represent a total or partial reimbursement to local governments for the cost of additional facilities or services necessary as the result of the new development. Local governments impose such fees in conjunction with their power to regulate land use and their statutory responsibility to adopt and enforce comprehensive planning. Rather than imposing the cost of these additional facilities or services upon the general public, the purpose of impact fees is to shift the capital expense burden of growth from the general public to the developer and new residents.

Impact fees are a unique product of local governments' home rule powers, and the development of such fees has occurred in Florida via home rule ordinance rather than by direct statutory authorization or mandate. Therefore, the characteristics and limitations of impact fees are found in Florida case law rather than statute.

<sup>1.</sup> Sections 1-2, Art. VIII, State Constitution.

As developed under case law, an impact fee levied by a local government must meet what is referred to as the "dual rational nexus test" in order to withstand legal challenge. First, there must be a reasonable connection, or rational nexus, between the anticipated need for additional capital facilities and the population growth generated by the new development. Second, the government must show a reasonable connection between the expenditures of the funds collected and the benefits accruing to the new development from those expenditures.

There are several characteristics common to legally sufficient impact fees. The fee is levied on new development or new expansion of existing development. The fee is a one-time charge, although collection may be spread out over time. The fee is earmarked for capital outlay only; operating costs are excluded. The fee represents a proportional share of the cost of the facilities needed to serve the new development. To withstand legal challenge, the governing authority should adopt a properly drafted impact fee ordinance. Such ordinance should specifically earmark funds collected for use in acquiring capital facilities to benefit new residents.

### **Distribution of Proceeds**

Since the proceeds are collected and administered locally, the governing authority may pay out of the specifically earmarked funds that portion necessary to fund the cost of the capital improvement or the regulated activity.

### **Authorized Uses**

### Impact Fees

Florida courts have generally held that the collected monies are limited in use to meeting the costs of capital expansion resulting from population growth. Additionally, the courts have upheld impact fees imposed by local governments for a variety of capital projects such as water and sewer capital expansion, countywide school facilities, county roads, and park expansions. Additionally, local governments may not use the impact fee proceeds for operation and maintenance expenses. Furthermore, local governments must expend the impact fees proceeds within a reasonable time of their collection.

### **Relevant Attorney General Opinions**

Florida's Attorney General has issued numerous opinions relevant to these revenue sources. The full texts of those opinions are available via the Florida Attorney General's searchable on-line database of legal opinions.<sup>2</sup> Interested persons may view the opinions by accessing the website and performing a search using the keyword phrases: *building permit fees*, *inspection fees*, *impact fees*, or *stormwater fees*.

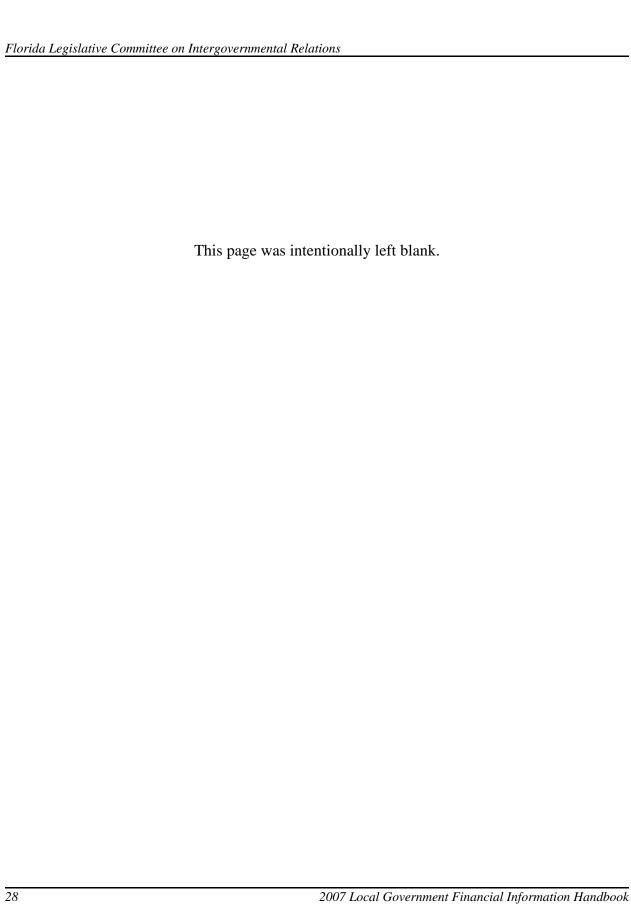

<sup>2.</sup> http://myfloridalegal.com/opinions

Local government officials seeking more clarification should review the opinions in their entirety. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Current and Prior Years' Revenues**

No revenue estimates for individual local governments in the current fiscal year are available. Summaries of prior years' building permit fee and impact fee revenues as reported by local governments or school districts are available via the LCIR's website.<sup>3</sup>

<sup>3.</sup> http://www.floridalcir.gov/dataaz.cfm

## **Special Assessments**

Home Rule Authority Sections 125.01 and 403.0893, and Chapter 170, Florida Statutes

#### **Brief Overview**

Special assessments are a home rule revenue source that may be used by a local government to fund certain services and construct and maintain capital facilities. As established by Florida case law, two requirements exist for the imposition of a valid special assessment. First, the property assessed must derive a special benefit from the improvement or service provided. Second, the assessment must be fairly and reasonably apportioned among the properties that receive the special benefit. If a local government's special assessment ordinance withstands these two legal requirements, the assessment is not considered a tax, which is levied for the general benefit of residents and property rather than for a specific benefit to property.

The applied legal test used to evaluate whether or not a special benefit is conferred on property by the provision of a service is if there is a logical relationship between the provided service and the benefit to property. This test defines the line between those services that can be funded by special assessments versus those failing to satisfy the special benefit test. Examples of services that possess this logical relationship to property and can be funded wholly or partially by special assessments include solid waste collection and disposal, stormwater management, and fire rescue. Once the service or capital facility satisfies the special benefit test, the assessment must be fairly apportioned among the benefited property in a manner consistent with the logical relationship embodied in the special benefit requirement.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

The authority to levy special assessments is based primarily on county and municipal home rule powers granted in the Florida Constitution. In addition, statutes authorize explicitly the levy of special assessments for county and municipal governments. Special districts derive their authority to levy special assessments through general law or special act.

County governments are authorized to establish municipal service taxing or benefit units for any part or all of the county's unincorporated area for the purpose of providing a number of municipal-type

<sup>1.</sup> Sections 1-2, Art. VIII, State Constitution.

<sup>2.</sup> For county governments, Section 125.01(1)(r), F.S. (2007); and municipal governments, Chapter 170, F.S. (2007).

services.<sup>3</sup> Such services can be funded, in whole or in part, from special assessments. The boundaries of the taxing or benefit unit may include all or part of the boundaries of a municipality subject to the consent by ordinance of the affected municipality's governing body. Counties may also levy special assessments for county purposes.

County governments may create special districts to include both the incorporated and unincorporated areas, subject to the approval of the affected municipality's governing body.<sup>4</sup> Such districts are authorized to provide municipal services and facilities from funds derived from service charges, special assessments, or taxes within the district only.

Municipalities have the authority to make local municipal improvements and provide for the payment of all or any part of the costs of such improvements by levying and collecting special assessments on the abutting, adjoining, contiguous, or other specially benefited property.<sup>5</sup> The governing body's decision to make any authorized public improvement and to defray all or part of the associated expenses of such improvement shall be so declared by resolution.<sup>6</sup>

#### **Administrative Procedures**

Several methods are used for the collection of special assessments.<sup>7</sup> The method chosen by a local government depends on the type of service or capital program to be funded and the funding source.

### **Distribution of Proceeds**

Since the proceeds are collected and administered locally, the governing authority of any county or municipality may pay out of its general funds or out of any special funds that may have been provided for the particular purpose such portion of the cost of any improvement as the authority may deem proper.

#### **Authorized Uses**

Governmental services or capital facilities that satisfy the logical relationship to property legal test may be funded wholly or partially by special assessments. Examples of such services include solid waste collection and disposal, stormwater management, and fire rescue.

<sup>3.</sup> Section 125.01(1)(q), F.S. (2007).

<sup>6.</sup> Section 170.03, F.S. (2007).

<sup>7.</sup> Sections 197.363 - 197.3635, F.S. (2007).

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued numerous opinions relevant to this revenue source. The full texts of those opinions are available via the Florida Attorney General's searchable on-line database of legal opinions. Interested persons may view the opinions by accessing the website and performing a search using the keyword phrase: *special assessments*.

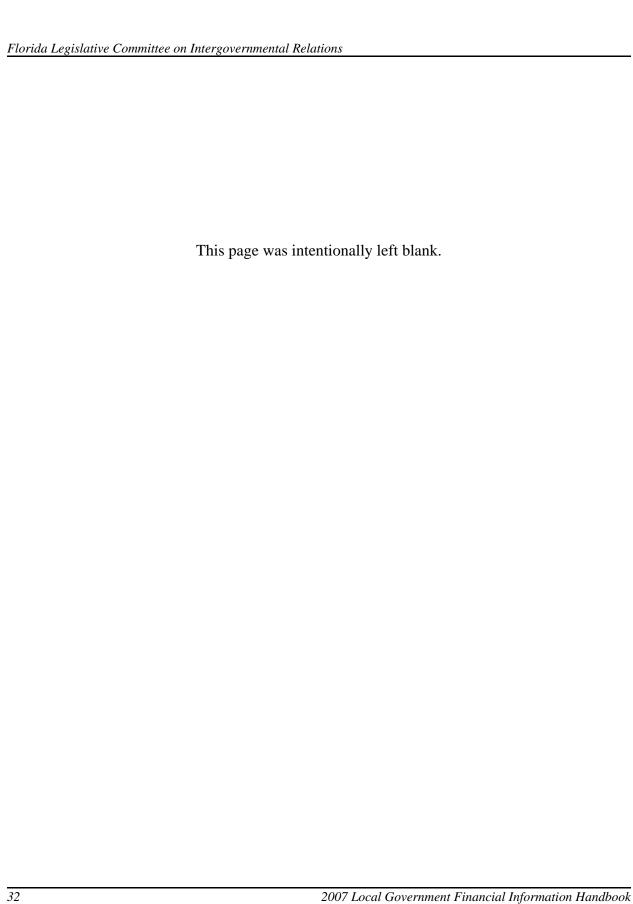

Local government officials seeking clarification should review the opinions in their entirety. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Current and Prior Years' Revenues**

No revenue estimates for individual local governments in the current fiscal year are available. A summary of prior years' revenues as reported by local governments are available via the LCIR's website.<sup>9</sup>

<sup>8.</sup> http://myfloridalegal.com/opinions

<sup>9.</sup> http://www.floridalcir.gov/datastoz.cfm

# Part Three: Revenue Sources Authorized by the Legislature

Local government taxing authority, with the exception of the constitutionally authorized and home rule revenue sources, must be authorized by the Legislature. For purposes of discussion, these revenue sources are categorized as those taxes imposed by the state and shared with counties, municipalities, or school districts; other statutorily-authorized, own-source revenues; and local option food and beverage, fuel, sales, and tourist taxes.

Generally, state-shared revenue programs allocate a portion of a state-collected tax to specified local governments based on eligibility requirements. A formula is usually developed for the allocation of funds between units of local government. While general law restricts the use of several shared revenues, proceeds derived from other shared revenues may be used for the general revenue needs of local governments.

A number of revenue sharing programs require as a prerequisite that the county or municipality meet eligibility criteria. One such criterion requires that the local government have levied ad valorem taxes to produce the revenue equivalent to a millage rate of 3 mills on the dollar based on 1973 taxable values, or produce revenue equivalent to that which would be produced by a 3-mill ad valorem tax from any combination of the following four sources: receiving a remittance from the county pursuant to s. 125.01(6)(a), F.S., collecting an occupational license tax or a utility tax; or levying an ad valorem tax.

The category of state-shared revenues includes the following sources.

Alcoholic Beverage License Tax

County Fuel Tax

County Revenue Sharing Program

Distribution of Sales and Use Taxes to Counties (formerly the Pari-mutuel Tax distribution)

**Emergency Management Assistance** 

Fuel Tax Refunds and Credits

Insurance License Tax

Local Government Half-cent Sales Tax Program

Mobile Home License Tax

Municipal Revenue Sharing Program

Oil. Gas. and Sulfur Production Tax

Phosphate Rock Severance Tax

State Housing Initiatives Partnership Program

Enhanced 911 Fee

<sup>1.</sup> Section 218.23, F.S. (2007).

In contrast to state-shared revenue sources, a number of other statutorily-authorized revenue sources are implemented and collected by the county or municipality. Typically, in order to levy the fee, tax, or surcharge at issue, the local government must enact an ordinance providing for its levy and collection. None of the statutes authorizing these revenue sources require a referendum as the only method of enactment. While general law restricts the use of the funds generated by several of these sources, revenues from other sources included in this category may be used for the general revenue needs of county and municipal governments.

The following revenues are included in the category of other-statutorily authorized sources.

911 Fee
Communication Services Tax
Discretionary Surtax on Documents
Green Utility Fee
Gross Receipts Tax on Commercial Hazardous Waste Facilities
Insurance Premium Tax
Intergovernmental Radio Communications Program
Local Business Tax
Municipal Pari-mutuel Tax
Municipal Parking Facility Space Surcharges
Public Service Tax
Vessel Registration Fee

Local option taxes must specifically be enacted through a majority or majority plus vote of the governing body or referendum approval. In addition, the expenditure of funds raised through local option taxes is generally restricted to purposes enumerated in general law.

The following revenues are included in the category of other-statutorily authorized sources.

Local Discretionary Sales Surtaxes Local Option Food and Beverage Taxes Local Option Fuel Taxes Local Option Tourist Taxes

# **Alcoholic Beverage License Tax**

Section 561.342, Florida Statutes

#### **Brief Overview**

A portion of the annual state license tax levied on manufacturers, distributors, vendors, brokers, sales agents, and importers of alcoholic beverages and collected within a county or municipality in Florida is shared with those local governments. The taxes imposed under ss. 561.14(6), 563.02, 564.02, 565.02(1),(4)-(5), and 565.03, F.S., are subject to having a portion redistributed to eligible counties and municipalities.

An annual license tax shall be imposed on the following: 1) any person operating a bottle club; <sup>1</sup> 2) vendors of malt beverages containing alcohol of 0.5 percent or more by volume, manufacturers engaged in the business of brewing only malt beverages, or distributors of alcoholic beverages containing less than 17.259 percent alcohol by volume; <sup>2</sup> 3) vendors authorized to sell brewed beverages containing malt, wines, and fortified wines; authorized wine manufacturers; or distributors authorized to sell brewed beverages containing malt, wines, and fortified wines in counties where the sale of intoxicating liquors, wines, and beers is permitted; <sup>3</sup> 4) vendors permitted to sell any alcoholic beverages regardless of alcoholic content, persons associated together as a chartered or incorporated club, and any caterer at a horse or dog racetrack or jai alai fronton; <sup>4</sup> and 5) authorized liquor manufacturers and distributors as well as brokers, sales agents, and importers, as defined in s. 561.14(4)-(5), F.S.<sup>5</sup>

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

A county or municipality where the license taxes are collected is eligible to receive a portion of the proceeds.

<sup>1.</sup> Section 561.14(6), F.S. (2007).

<sup>2.</sup> Section 563.02, F.S. (2007).

<sup>3.</sup> Section 564.02, F.S. (2007).

<sup>4.</sup> Section 565.02(1),(4)-(5), F.S. (2007).

<sup>5.</sup> Section 565.03, F.S. (2007).

#### **Administrative Procedures**

The tax is administered, collected, and enforced by the Division of Alcoholic Beverages and Tobacco within the Department of Business and Professional Regulation.<sup>6</sup>

#### **Distribution of Proceeds**

Twenty-four percent of the eligible taxes collected within each county shall be returned to that county's tax collector. Thirty-eight percent of the eligible taxes collected within an incorporated municipality shall be returned to the appropriate municipal officer. 8

#### **Authorized Uses**

The use of the revenue is at the discretion of the governing body.

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a few opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. <sup>9</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
74-131	Taxation and local sales, cigarette, or alcohol tax
79-36	Municipal taxation, alcoholic beverage distribution

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for local governments for the current fiscal year are available. Summaries of prior years' distributions are available via the LCIR's website. 10

<sup>6.</sup> Section 561.02, F.S. (2007).

<sup>7.</sup> Section 561.342(1), F.S. (2007).

# **County Fuel Tax**

Sections 206.41(1) and 206.60, Florida Statutes

#### **Brief Overview**

The county fuel tax is levied on motor fuel at the rate of 1 cent per gallon. The proceeds are to be used by counties for transportation-related expenses, including the reduction of bond indebtedness incurred for transportation purposes. It is the legislative intent that these proceeds be used for such purposes in order to reduce the burden of county ad valorem taxes. The proceeds are allocated to each county via the same distribution formula used for distributing the constitutional fuel tax.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

All counties are eligible to receive proceeds.

### **Administrative Procedures**

The tax is administered by the Department of Revenue (DOR). Prior to distributing the proceeds to county governments, the DOR deducts the General Revenue Service Charge pursuant to s. 215.20, F.S., and transfers the service charge proceeds to the state's General Revenue Fund.<sup>3</sup> Additionally, the DOR is authorized to deduct its administrative costs incurred in the collection, administration, enforcement, and distribution of the tax; however, the deduction shall not exceed 2 percent of collections.

#### **Distribution of Proceeds**

The DOR shall distribute monthly the amount allocated to each county in the same manner as the Constitutional Fuel Tax. The allocation formula is comprised of three components: a geographic area component, a population component, and a collection component. A distribution factor, based on these three allocation components, is calculated annually for each county in the form of weighted county-to-state ratios. To determine each county's monthly distribution, the monthly statewide tax receipts are multiplied by each county's distribution factor.

- 1. Section 206.41(1)(b), F.S. (2007).
- 2. Section 206.60(5), F.S. (2007).
- 3. Id., at (1)(a).

A county's estimated distribution is determined via the following steps. First, a county's distribution factor is calculated as the sum of the following three allocation components.

- 1/4 x <u>County Area</u> State Area
- 1/4 x <u>County Population</u> State Population
- 1/2 x <u>Total Tax Collected on County Retail Sales and Use in Prior Fiscal Year</u> Total Tax Collected Statewide on Retail Sales and Use in Prior Fiscal Year

The calculation of the population component is based on the most recent federal census figures. The calculation of the collection component is based upon a DOR certificate of the taxable gallons attributable to each county as of June 30<sup>th</sup> for each fiscal year.

Second, a county's monthly distribution is calculated as follows.

Monthly Statewide County Fuel Tax Receipts x County's Distribution Factor

#### **Authorized Uses**

The tax revenues are to be used solely for the acquisition of rights-of-way; the construction, reconstruction, operation, maintenance, and repair of transportation facilities, roads, bridges, bicycle paths, and pedestrian pathways; or the reduction on bonded indebtedness incurred for road and bridge or other transportation purposes. In the event that the powers and duties related to transportation facilities, roads, bridges, bicycle paths, and pedestrian pathways usually exercised by the county's governing body are performed by some other county board, that board shall receive the proceeds.<sup>4</sup>

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued an opinion relevant to this revenue source. The full text of that opinion is available via the searchable on-line database of legal opinions.<sup>5</sup> In a recent search, the LCIR staff identified the following opinion pertaining to this revenue source.

Opinion #	<u>Subject</u>
80-22	County fuel tax, use of proceeds for projects within incorporated municipality

<sup>4.</sup> Id., at (1)(b).

5. http://myfloridalegal.com/opinions

Local government officials seeking more clarification should review the opinion in its entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

#### **Current and Prior Years' Revenues**

The table included in this section lists each county's collection, population, and area components; distribution factor; and estimated distributions for local fiscal year 2008 as calculated by the DOR. The estimated distributions are based on an adjusted statewide estimate of total county fuel tax collections that reflect the deductions for the General Revenue Service Charge, administrative costs, motor fuel refunds, and dealer collection allowances. Inquiries regarding the DOR's estimates should be addressed to the Office of Tax Research at (850) 488-2900. A summary of prior years' distributions are available via the LCIR's website.<sup>6</sup>

# **County Revenue Sharing Program**

Sections 210.20(2), 212.20(6), and 218.20-.26, Florida Statutes

#### **Brief Overview**

The Florida Revenue Sharing Act of 1972 was a major attempt by the Legislature to ensure a minimum level of revenue parity across units of local government. Provisions in the enacting legislation created the Revenue Sharing Trust Fund for Counties. Currently, the trust fund receives 2.9 percent of net cigarette tax collections and 2.044 percent of sales and use tax collections. An allocation formula serves as the basis for the distribution of these revenues to each county that meets the strict eligibility requirements. There are no use restrictions on these revenues other than some statutory limitations regarding funds that can be used as a pledge for indebtedness.

## **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source. Legislation is typically passed each year that results in changes to the state's sales tax base in the form of enactments or repeals of sales tax exemptions. Such changes have the potential for fiscal impact, either positively or negatively, to the amount of sales tax revenues available for distribution to county governments via this revenue sharing program. However, a summary of such changes is not provided here.

#### **Eligibility Requirements**

In order to be eligible to participate in revenue sharing beyond the minimum entitlement in any fiscal year, a county government must have satisfied a number of statutory requirements.<sup>2</sup> As it relates to county revenue sharing, the minimum entitlement is defined as the amount of revenue, as certified by the county government and determined by the Department of Revenue (DOR), which must be shared with the county so that the county will receive the amount of revenue necessary to meet its obligations as the result of pledges, assignments, or trusts entered into which obligated funds received from revenue sources or proceeds distributed out of the Revenue Sharing Trust Fund for Counties [hereinafter Trust Fund].<sup>3</sup>

#### **Administrative Procedures**

The county revenue sharing program is administered by the DOR, and monthly distributions shall be made to eligible county governments. The program is comprised of state cigarette and sales taxes

- 1. Chapter 72-360, L.O.F.
- 2. Section 218.23(1), F.S. (2007).
- 3. Section 218.21(7), F.S. (2007).

that are collected and transferred to the Trust Fund. The percentage of each tax source transferred into the Trust Fund is listed below. The proportional contribution of each source during the state fiscal year 2008, as determined by the DOR, is also noted.

- 2.9 percent of net cigarette tax collections<sup>4</sup> = 3 percent of total program funding
- 2.044 percent of sales and use tax collections<sup>5</sup> = 97 percent of total program funding

#### **Distribution of Proceeds**

An apportionment factor is calculated for each eligible county using a formula consisting of the following equally weighted factors: *county population*, *unincorporated county population*, and *county sales tax collections*.<sup>6</sup>

A county population factor is an eligible county's population divided by total population of all eligible counties in the state. Inmates and residents residing in institutions operated by the federal government as well as the Florida Departments of Corrections, Children and Families, and Health are not considered to be residents of the county in which the institutions are located for the purpose of calculating the distribution proportions.<sup>7</sup>

An unincorporated county population factor is an eligible county's unincorporated population divided by total unincorporated population of all eligible counties in the state. A county sales tax collections factor is an eligible county's sales tax collections during the preceding year divided by total sales tax collections during the preceding year of all eligible counties in the state.

Consequently, a county's apportionment factor is determined by the following formula.

			Unincorpora	ted	County
	County		County		Sales Tax
	Population	+	Population	+	Collection
Apportionment =	Factor		Factor		Factor
Factor			3		

<sup>4.</sup> Section 210.20(2)(a), F.S. (2007).

<sup>5.</sup> Section 212.20(6)(d)5., F.S. (2007).

<sup>6.</sup> Section 218.245(1), F.S. (2007).

<sup>7.</sup> Section 186.901, F.S. (2007).

Additionally, any unit of local government that is consolidated pursuant to the provisions contained in Section 6(e), Art. VIII, State Constitution (i.e., City of Jacksonville-Duval County) shall receive an annual distribution from the Trust Fund equal to \$6.24 multiplied by its population.<sup>8</sup>

The distribution to an eligible county is determined by the following procedure. First, a county government's entitlement shall be computed on the basis of the apportionment factor applied to all Trust Fund receipts available for distribution. Second, the revenue to be shared via the formula in any fiscal year is adjusted so that no county receives fewer funds than its guaranteed entitlement, which is equal to the aggregate amount received from the state in fiscal year 1971-72 under then-existing statutory provisions. Third, the revenue to be shared via the formula in any fiscal year is adjusted so that no county receives fewer funds than its guaranteed entitlement plus the second guaranteed entitlement, which is equal to the aggregate amount received from the state in fiscal year 1981-82 under then-existing statutory provisions. Fourth, the revenue to be shared via the formula in any fiscal year is adjusted so that all counties receive at least their minimum entitlement, which means the amount of revenue necessary for a county to meet its obligations as the result of pledges, assignments, or trusts entered into that obligated Trust Fund monies. Finally, after making these adjustments, any remaining Trust Fund monies shall be distributed on the basis of additional money of each qualified county in proportion to the total additional money for all qualified counties.

#### **Authorized Uses**

There are no use restrictions on these revenues; however, statutory provisions exist that restrict the amount of funds that can be pledged for bond indebtedness. Counties are allowed to pledge the guaranteed entitlement proceeds. Additionally, the second guaranteed entitlement may also be assigned, pledged, or set aside as a trust for the payment of principal or interest on bonds, tax anticipation certificates, or any other form of indebtedness. However, in spite of these restrictions, a county may assign, pledge, or set aside as a trust for the payment of principal or interest on bonds, tax anticipation certificates, or any other form of indebtedness, an amount up to 50 percent of the funds received in the prior year. Consequently, it is possible that some portion of a county's growth monies will become available as a pledge for bond indebtedness.

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions.<sup>13</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	Subject
73-246	Revenue Sharing Act of 1972, applicability
74-367	Revenue Sharing Act of 1972, applicability to regional housing authorities
77-14	Authority to repay loan with state revenue sharing funds
79-18	Authority to borrow monies, use of state revenue sharing funds
86-44	Authority to donate state revenue sharing funds to nonprofit club
92-87	Distribution of trust fund monies in the event of revised population estimate
94-26	Nonpayment of incentive pay, eligibility to participate in revenue sharing
2002-36	Census correction, redistribution of sales tax

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Current and Prior Years' Revenues**

The table included in this section lists the estimated distributions to county governments for state fiscal year 2008 as calculated by the DOR. The figures represent a 95 percent distribution of the estimated monies. Inquiries regarding the DOR's estimates should be addressed to the Office of Tax Research at (850) 488-2900. Summaries of prior years' distributions are available via the LCIR's website. 14

Saint Lucie	187,010	618,973	3,219,364	4,025,347
Santa Rosa	77,885	448,253	2,631,278	3,157,416
Sarasota	1,119,924	1,148,225	6,733,969	9,002,118
Seminole	339,130	1,316,016	7,240,361	8,895,507
Sumter	35,653	182,301	1,483,988	1,701,942
Suwannee	32,719	175,516	622,108	830,343
Taylor	36,940	118,139	252,121	407,200
Union	18,615	33,326	149,302	201,243
Volusia	698,366	1,525,368	5,721,207	7,944,941
Wakulla	24,054	90,110	489,421	603,585
Walton	39,806	151,427	1,337,740	1,528,973
Washington	16,827	101,973	315,456	434,256
Statewide Totals	\$ 30,329,957	\$ 64,756,373	\$ 293,642,806	\$ 388,729,136

#### Notes:

- 1) These estimates represent a 95 percent distribution of trust fund monies.
- 2) Duval County's total distribution includes \$5,482,714 pursuant to s. 218.23(2), F.S.
- 3) The proportional contribution of each revenue source comprising the County Revenue Sharing Program in state fiscal year 2008 has been estimated to be as follows: state sales tax, \$396.5 million or 97%; cigarette tax, \$12.4 million or 3%.

## **Distribution of Sales and Use Taxes to Counties**

Section 212.20(6)(d)7.a., Florida Statutes

#### **Brief Overview**

Each fiscal year, the sum of \$29,915,500 shall be divided into as many equal parts as there are counties in the state. One part equaling \$446,500 shall be distributed to each county. This distribution specifically is in lieu of funds distributed under the then-existing s. 550.135, F.S., prior to July 1, 2000. Any subsequent distribution to other governmental entities within the county shall be pursuant to local ordinance or special act. The use of the revenue is at the discretion of the governing body.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

All counties are eligible to receive proceeds.

#### **Distribution of Proceeds**

Each fiscal year, the sum of \$29,915,500 is divided into 67 equal parts, and one part is distributed to each county government. Consequently, each county receives \$446,500. The distribution to counties shall begin each fiscal year on or before January 5<sup>th</sup> and shall continue monthly for a total of four months. It is possible that all or some portion of the \$446,500 received by a county government shall be subsequently distributed to one or more other governmental entities (i.e., district school board, municipal government, or special district) within the county pursuant to local ordinance or special act.

#### **Authorized Uses**

The use of the revenue is at the discretion of the governing body.

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this revenue source have been issued.

# **Emergency Management Assistance**

Sections 252.371-.373, Florida Statutes

#### **Brief Overview**

In order to provide funds for emergency management, preparedness, and assistance, an annual surcharge of \$2 shall be imposed on every homeowner's, mobile home owner's, tenant homeowner's, and condominium unit owner's policy. In addition, an annual \$4 surcharge shall be imposed on every new or renewed commercial fire, commercial multiple peril, and business owner's property insurance policy. All proceeds of these surcharges shall be deposited in the Emergency Management, Preparedness, and Assistance Trust Fund [hereinafter Trust Fund], and a portion of the proceeds shall be distributed to counties and municipalities for the purpose of funding local emergency management agencies and programs.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

Any county or municipality that has created a local emergency management agency is eligible to receive funding. A local emergency management agency is defined as an organization created in accordance with the provisions of ss. 252.31 - .90, F.S., to discharge the emergency management responsibilities and functions of a county or municipality.<sup>1</sup>

#### **Administrative Procedures**

The policyholder shall pay the surcharge to the insurer. The insurer shall collect the surcharge and remit it to the Department of Revenue which shall collect, administer, audit, and enforce the surcharge pursuant to s. 624.5092, F.S. The surcharge is not to be considered premiums of the insurer; however, nonpayment of the surcharge by the insured may be a valid reason for cancellation of the policy. All proceeds of the surcharge shall be deposited in the Trust Fund, which is administered by the Department of Community Affairs (DCA), and may not be used to supplant existing funding.<sup>2</sup>

The DCA shall allocate funds from the Trust Fund to local emergency management agencies and programs pursuant to criteria specified in rule. Such rules shall include, but are not limited to, requirements regarding the employment of an emergency management program director or

<sup>1.</sup> Section 252.34(5), F.S. (2007).

<sup>2.</sup> Section 252.372, F.S. (2007).

coordinator, formula to establish base allocation and distribute excess funds, local match of state funding, and preferential funding for participation in mutual aid agreements.<sup>3</sup> If adequate funding is available, every county shall receive funds at least sufficient to fund a dedicated, full-time emergency preparedness officer position.<sup>4</sup>

#### **Distribution of Proceeds**

Funds appropriated from the Trust Fund shall be allocated by the DCA.

#### **Authorized Uses**

Proceeds shall be used to implement and administer state and local emergency management programs, including administration, training, and operations; fund grants and loans to state or regional agencies, local governments, and private organizations to implement projects that will further state and local emergency management objectives; and meet any matching requirements imposed as a condition of receiving federal disaster relief assistance.<sup>5</sup>

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this revenue source have been issued.

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for local governments in the current fiscal year are available. A summary of prior years' distributions is available via the LCIR's website.<sup>6</sup>

## **Fuel Tax Refunds and Credits**

Sections 206.41(4)(d)-(e), 206.625, and 206.874(4), Florida Statutes

#### **Brief Overview**

Under separate authorizations, eligible counties, municipalities, and school districts may be entitled to refunds or credits on taxes paid on motor or diesel fuel. Generally, the refunded monies are to be used to fund the construction, reconstruction, and maintenance of roads.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

The portion of the state's fuel sales tax imposed by s. 206.41(1)(g), F.S., which results from the collection of such taxes paid by a county or municipality on motor or diesel fuel for use in a motor vehicle operated by the local government shall be refunded. When licensed as a local government user, a county or municipality shall be entitled to take a credit on the monthly diesel fuel tax return not to exceed the tax imposed under s. 206.41(1)(b) and (g), F.S., on those gallons that would otherwise be eligible for refund.<sup>1</sup>

The portion of the state's fuel sales tax imposed by s. 206.41(1)(g), F.S., which results from the collection of such tax paid by a school district or a private contractor operating school buses for a school district or by a nonpublic school on motor fuel or diesel fuel for use in a motor vehicle operated by such district, private contractor, or nonpublic school shall be refunded to the school district or to the nonpublic school. When licensed as a local government user, a school district shall be entitled to take a credit on the monthly diesel fuel tax return not to exceed the tax imposed under s. 206.41(1)(b) and (g), F.S., on those gallons which would otherwise be eligible for refund.<sup>2</sup>

Those portions of the county fuel tax imposed by s. 206.41(1)(b), F.S., which result from the collection of the tax paid on motor fuel by a county, municipality, school district, or private contractor operating school buses for a school district for use in a motor vehicle operated by it shall be refunded to the governing body of the county, municipality, or school district.<sup>3</sup>

<sup>1.</sup> Section 206.41(4)(d), F.S. (2007).

<sup>2.</sup> Id., at (4)(e).

<sup>3.</sup> Section 206.625, F.S. (2007).

Each county, municipality, or school district may receive a credit for additional taxes paid under s. 206.87, F.S., for the highway use of diesel fuel, provided the purchases of diesel fuel meet the requirements relating to refunds for motor fuel purchases under s. 206.41, F.S.

#### **Administrative Procedures**

The Department of Revenue (DOR) administers the refund or credit of fuel taxes. The DOR shall deduct a fee of \$2 for each claim, which fee shall be deposited in the state's General Revenue Fund.<sup>5</sup>

#### **Distribution of Proceeds**

The DOR shall pay claims on a quarterly basis.

#### **Authorized Uses**

The refunds to the counties and municipalities shall be used for the construction, reconstruction, and maintenance of roads and streets within the respective jurisdiction. The refunds to school districts shall be used to fund construction, reconstruction, and maintenance of roads and streets within the school district required as the result of the construction of new schools or the renovation of existing schools. The school board shall select the projects to be funded; however, the first priority shall be given to projects required as the result of the construction of new schools, unless the affected county or municipal government grants a waiver. Refunds returned to nonpublic schools shall be used for transportation-related purposes.

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
74-341	Return of gas taxes paid
74-342	Return of gas taxes paid
81-30	Refund provisions of ch. 206, F.S.
82-08	Authority of special district to refund tax

<sup>4.</sup> Section 206.874(4)(d), F.S. (2007).

<sup>5.</sup> Section 206.41(5), F.S. (2007).

<sup>6.</sup> Section 206.41(4)(d), F.S. (2007); Section 206.625(1), F.S. (2007).

#### 83-25 Eligibility for refund on motor fuel taxes

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for local governments in the current fiscal year are available. A summary of prior years' distributions is available via the LCIR's website.<sup>9</sup>

<sup>9.</sup> http://www.floridalcir.gov/datamtor.cfm

## **Insurance License Tax**

Sections 624.501-.508, Florida Statutes

#### **Brief Overview**

County governments receive proceeds from an annual license tax on the original appointment and renewal of insurance representatives and agents selling various types of insurance products. The county tax portion is either \$6 or \$12 per original appointment or renewal. The county tax shall be paid by each insurer for each agent only for the county where the agent resides. If the agent's place of business is located in a county other than that of residence, then the county tax is paid based on where the place of business is located. If an agent maintains a place of business in more than one county, the county tax shall be paid by each insurer for each county where the agent represents the insurer and has a place of business. A county tax of \$3 per year shall be paid by each insurer for each county in this state in which an agent who resides outside of this state represents and engages in person in the activities of an agent for the insurer.

Municipal governments may also require a tax on insurance agents not to exceed 50 percent of the applicable state tax.<sup>3</sup> This tax may apply only to those agents having business offices within the municipal jurisdiction. If no such office is required, the tax may be required by the municipal government where the agent's place of residence is located. An authorized use of the proceeds of the county or municipal tax is not specified in current law.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

A county government will receive proceeds if an agent does business within the county or has a business office located within the county. A municipal government may receive proceeds if an agent's office is located within the municipal jurisdiction or the agent's place of residence is located within the municipal jurisdiction if no office is required.

<sup>1.</sup> Section 624.501, F.S. (2007).

<sup>2.</sup> Section 624.505, F.S. (2007).

<sup>3.</sup> Section 624.507, F.S. (2007).

#### **Administrative Procedures**

The Department of Financial Services administers this tax and shall deposit all county monies in the Agents County Tax Trust Fund.<sup>4</sup> The Department shall maintain a separate account for all monies collected for each county and, after applying the General Revenue Service Charge deduction authorized pursuant to s. 215.20, F.S., remit the balance to the counties. The payment and collection of the county tax shall be in lieu of collection by the respective county tax collectors.<sup>5</sup>

#### **Distribution of Proceeds**

The Chief Financial Officer shall annually, as of January 1st following the date of collection, and thereafter at such other dates that the Officer may elect draw warrants on the State Treasury payable to the respective counties for the full net amount due to those counties.<sup>6</sup>

#### **Authorized Uses**

The use of the revenue is at the discretion of the governing body.

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a few opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
74-209	Occupational licensing of insurance companies
76-219	Power to levy regulatory fees on insurance agents

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

<sup>4.</sup> Section 624.506(1), F.S. (2007).

## **Current and Prior Years' Revenues**

No estimated revenue distributions for local governments in the current fiscal year are available. Summaries of prior years' distributions are available via the LCIR's website.<sup>8</sup>

<sup>8.</sup> http://www.floridalcir.gov/datagtol.cfm

# **Local Government Half-cent Sales Tax Program**

Sections 212.20(6) and 218.60-.67, Florida Statutes

#### **Brief Overview**

Authorized in 1982, the program generates the largest amount of revenue for local governments among the state-shared revenue sources currently authorized by the Legislature. It distributes a portion of state sales tax revenue via three separate distributions to eligible county or municipal governments. Additionally, the program distributes a portion of communications services tax revenue to eligible fiscally constrained counties. Allocation formulas serve as the basis for these separate distributions. The program's primary purpose is to provide relief from ad valorem and utility taxes in addition to providing counties and municipalities with revenues for local programs.

The program includes three distributions of state sales tax revenues collected pursuant to ch. 212, F.S. The *ordinary* distribution to eligible county and municipal governments is possible due to the transfer of 8.814 percent of net sales tax proceeds to the Local Government Half-cent Sales Tax Clearing Trust Fund [hereinafter Trust Fund]. The *emergency* and *supplemental* distributions are possible due to the transfer of 0.095 percent of net sales tax proceeds to the Trust Fund. The emergency and supplemental distributions are available to select counties that meet certain fiscal-related eligibility requirements or have an inmate population of greater than seven percent of the total county population, respectively.

As of July 1, 2006, the program includes a separate distribution from the Trust Fund to select counties that meet statutory criteria to qualify as a *fiscally constrained county*. A fiscally constrained county is one that is entirely within a rural area of critical economic concern as designated by the Governor pursuant to s. 288.0656, F.S., or for which the value of one mill of property tax levy will raise no more than \$5 million in revenue based on the taxable value certified pursuant to s. 1011.62(4)(a)1.a., F.S. This separate distribution is in addition to the qualifying county's ordinary distribution and any emergency or supplemental distribution.

#### **General Law Amendments**

As part of the Legislature's property tax reform plan adopted during Special Session B, Chapter 2007-321, L.O.F., (H1-B) rolls back property tax rates levied by counties, municipalities, and independent special districts. The rates would be capped on a going forward basis, unless the caps are overridden by a super-majority vote of the governing body or by referendum. The legislation provides significant penalties for going over the cap. If a county or municipality exceeds the maximum rate without the required votes, then the local government will not receive the Local Government Half-cent Sales Tax distributions for 12 months. These changes became effective on June 21, 2007.

<sup>1.</sup> Chapter 82-154, L.O.F.

Typically, legislation is passed each year that results in changes to the state's sales tax base or sales tax administration. Such changes have the potential for fiscal impact, either positively or negatively, to the amount of sales tax revenues available for distribution to county and municipal governments. However, a summary of such changes is not provided here.

#### **Eligibility Requirements**

Only those county and municipal governments that meet the eligibility requirements for revenue sharing pursuant to s. 218.23, F.S., shall participate in the program.<sup>2</sup> However, a municipality incorporated subsequent to the effective date of ch. 82-154, L.O.F. (i.e., April 19, 1982), which does not meet the applicable criteria for incorporation pursuant to s. 165.061, F.S., shall not participate in the program. In either case, distributions to eligible units of local government in that county shall be made as though the nonparticipating municipality had not incorporated.

The monies that otherwise would be distributed to a unit of local government failing to certify compliance as required by s. 218.23(1), F.S., or having otherwise failed to meet the requirements of s. 200.065, F.S., shall be deposited in the State General Revenue Fund for the twelve months following a determination of noncompliance by the Department of Revenue (DOR).<sup>3</sup>

A county government, meeting certain criteria, shall also participate in the monthly emergency and supplemental distributions, and such qualification shall be determined annually at the start of the fiscal year. Participation in the emergency distribution is dependent on the existence of a defined fiscal emergency. The Legislature has declared that a fiscal emergency exists in any county that meets both conditions listed below.

- 1. The county has a population of 65,000 or less; and
- 2. The monies distributed to the county government pursuant to s. 218.62, F.S., for the prior fiscal year were less than the current per capita limitation, based on the county's population.

Any county having an inmate population greater than seven percent of its total population is eligible for a supplemental distribution for that year from funds expressly appropriated by the Legislature for that purpose. Inmate population means the latest official state estimate of the number of inmates and patients residing in institutions operated by the federal government, the Florida Department of Corrections, or the Florida Department of Children and Families.

At the beginning of each fiscal year, the DOR shall calculate a supplemental allocation for each eligible county equal to the current per capita limitation pursuant to s. 218.65(4), F.S., multiplied by

<sup>2.</sup> Section 218.63(1), F.S. (2007).

<sup>3.</sup> Id., at (2).

<sup>4.</sup> Section 218.65, F.S. (2007).

the county's inmate population. If monies appropriated for the current year's distribution are less than the sum of the supplemental allocations, each eligible county shall receive a share of the appropriated total that is proportional to its supplemental allocation. Otherwise, each eligible county shall receive an amount equal to its supplemental allocation.

#### **Administrative Procedures**

Monies remitted by a sales tax dealer located within the county and transferred into the Trust Fund shall be earmarked for distribution to the governing body of that county and each municipality within that county. Such distributions shall be made after funding is provided pursuant to s. 218.64(3), F.S. Monies in the Trust Fund are appropriated to the DOR and shall be distributed monthly to participating units of local government.

#### **Distribution of Proceeds**

Each participating county and municipal government shall receive a proportion of monies earmarked for distribution within that county. Except in the case of error of population figures certified pursuant to s. 186.901, F.S., the apportionment factors shall remain in effect for the fiscal year. Any adjustments to revenue distributions to correct for population error shall be made subsequent to receipt by the DOR of corrected certified population figures.

## Calculation of the Ordinary Distribution to Eligible County and Municipal Governments

The allocation factor for each county government shall be computed by dividing the sum of the county's unincorporated area population plus two-thirds of the county's incorporated area population by the sum of the county's total population plus two-thirds of the county's incorporated area population. Each county's distribution is then determined by multiplying the allocation factor by the sales tax monies earmarked for distribution within that county.

The allocation factor for each municipal government shall be computed by dividing the municipality's total population by the sum of the county's total population plus two-thirds of the county's incorporated population. Each municipality's distribution is then determined by multiplying the allocation factor by the sales tax monies earmarked for distribution within its respective county.

<sup>5.</sup> Section 218.61, F.S. (2007).

<sup>6.</sup> Section 218.62, F.S. (2007).

#### Calculation of the Emergency Distribution to Eligible County Governments

The monthly emergency distribution to each eligible county is made as follows.<sup>7</sup>

STEP #1. The 2007-08 state fiscal year per capita limitation of \$44.73 is multiplied by the latest official estimate of total county population. The county's ordinary distribution for the prior fiscal year is subtracted from this product. This difference is referred to as the county's base allocation.

STEP #2. If the monies deposited into the Trust Fund, excluding monies appropriated for supplemental distributions pursuant to s. 218.65(8), F.S., for the current year are less than or equal to the sum of the base allocations, each eligible county shall receive a share of the appropriated amount proportional to its base allocation.

STEP #3. If the monies deposited into the Trust Fund for the current year exceed the sum of base allocations, each eligible county shall receive its base allocation. Any excess monies, less any amounts distributed pursuant to s. 218.65(6), F.S., shall be distributed equally among the eligible counties on a per capita basis.

#### Calculation of the Supplemental Distribution to Eligible County Governments

The monthly supplemental distribution to each eligible county is made as follows.<sup>8</sup>

STEP #1. The 2007-08 state fiscal year per capita limitation of \$44.73 is multiplied by the county's inmate population.

STEP #2. If the monies available for supplemental distribution in the current year are less than the sum of supplemental allocations, each eligible county shall receive a share of the available revenue proportional to its supplemental allocation. Otherwise, each eligible county shall receive an amount equal to its supplemental allocation.

#### Calculation of the Distribution to Eligible Fiscally Constrained County Governments

The amount to be distributed to each fiscally constrained county shall be determined by the DOR at the beginning of the fiscal year, using the prior fiscal year's July 1<sup>st</sup> taxable value certified pursuant to s. 1011.62(4)(a)1.a., F.S., tax data; population as defined in s. 218.21, F.S; and the millage rate levied for the prior fiscal year. The amount distributed shall be allocated based upon the following factors.<sup>9</sup>

<sup>7.</sup> Section 218.65(5), F.S. (2007).

<sup>8.</sup> Id., at (8).

<sup>9.</sup> Section 218.67(3), F.S. (2007).

The *relative revenue-raising capacity factor* represents the ability of an eligible county to generate ad valorem revenues from 1 mill of taxation on a per capita basis. A county that raises no more than \$25 per capita from 1 mill shall be assigned a value of 1. A county that raises more than \$25 but no more than \$30 per capita from 1 mill shall be assigned a value of 0.75. A county that raises more than \$30 but no more than \$50 per capita from 1 mill shall be assigned a value of 0.5. No value shall be assigned to counties that raise more than \$50 per capita from 1 mill of ad valorem taxation.

The *local effort factor* shall be a measure of the eligible county's relative level of local effort as indicated by the millage rate levied for the prior fiscal year. The local effort factor shall be the eligible county's most recently adopted countywide operating millage rate multiplied by 0.1.

Each eligible county's proportional allocation of the total amount available for distribution to all eligible counties shall be in the same proportion as the sum of the county's two factors is to the sum of the two factors for all eligible counties.

## Transitional Provisions of the Emergency and Fiscally Constrained Counties Distributions

If monies deposited into the Trust Fund for the purpose of making the emergency distribution exceed the amount necessary to provide the base allocation to each eligible county, these monies may be used to provide a transitional distribution to certain counties whose population has exceeded the 65,000 limit. Beginning on July 1st of the year following the year in which the county no longer qualifies for an emergency distribution, the county shall receive two-thirds of the amount received in the prior year. Beginning on July 1st of the second year following the year in which the county no longer qualifies for an emergency distribution, the county shall receive one-third of the amount received in the last year that the county qualified for the emergency distribution. If insufficient monies are available in the Trust Fund to fully provide such a transitional distribution to each eligible county, then that county shall receive a share of the available monies proportional to the amount it would have received had monies been sufficient to fully fund the transitional distribution to all eligible counties.

For those counties that will no longer qualify for the fiscally constrained county distribution after July 1, 2006, there shall be a two-year phase-out period. Beginning on July 1<sup>st</sup> of the year following the year in which the value of a mill for that county exceeds \$5 million in revenue, the county shall receive two-thirds of the amount received in the prior year. Beginning on July 1<sup>st</sup> of the second year following the year in which the value of a mill for that county exceeds \$5 million in revenue, the county shall receive one-third of the amount received in the last year that the county qualified as a fiscally constrained county. Following the two-year phase-out period, the county shall

<sup>10.</sup> Section 218.65(6), F.S. (2007).

<sup>11.</sup> Section 218.67(4), F.S. (2007).

no longer be eligible to receive any such distributions unless the county subsequently qualifies as being fiscally constrained.

# Special Distribution for Contested Property Taxes

If an action contesting a tax assessment is brought by a taxpayer in a participating county or municipality and the difference between the good faith payment made by that taxpayer pursuant to s. 194.171(3), F.S., and the taxes that would have been paid on the property appraiser's tax assessment is greater than 6 percent of the total assessed taxes for the county or municipality, the county or municipality qualifies for a special distribution of funds from the Trust Fund. 12

## **Authorized Uses**

The proportion of the total proceeds received by a county government, based on two-thirds of the incorporated area population, shall be deemed countywide revenues and shall be expended only for countywide tax relief or countywide programs. The remaining county government portion shall be deemed county revenues derived on behalf of the unincorporated area but may be expended on a countywide basis. <sup>13</sup>

Using Alachua County as an example, the following illustrates the calculation to determine the proportion of the county government's ordinary distribution based on two-thirds of the incorporated area population and the remaining proportion derived on behalf of the unincorporated area population.

2006 Population Figures Used for Revenue-Sharing Purposes

Total county population: 242,050

Total unincorporated population: 101,155 Total incorporated population: 140,895

The county government's distribution factor is calculated using the formula below.

County's Unincorporated Population + (2/3 x County's Incorporated Population)
Total Countywide Population + (2/3 x County's Incorporated Population)

2007 Local Government Financial Information Handbook

$$\frac{101,155 + (2/3 \times 140,895)}{242,050 + (2/3 \times 140,895)} = 0.5806$$

<sup>12.</sup> Section 218.66, F.S. (2007).

<sup>13.</sup> Section 218.64, F.S. (2007).

In this example, the amount of Alachua County Government's ordinary distribution is determined by multiplying the total countywide estimated FY 2008 ordinary distribution amount by the county government's distribution factor.

$$20,195,222 \times 0.5806 = 11,726,248$$

In order to determine the county government's portions derived on behalf of two-thirds of the incorporated area population and on behalf of the unincorporated area population, it is necessary to calculate two ratios. For purposes here, these ratios will be referred to as A and B.

- $A = (2/3 \times County's Incorporated Population)$ Total Countywide Population +  $(2/3 \times County's Incorporated Population)$
- $A = \underbrace{(2/3 \times 140,895)}_{[242,050 + (2/3 \times 140,895)]} = 0.2796$
- B = <u>County's Unincorporated Population</u> Total Countywide Population + (2/3 x County's Incorporated Population)

$$B = \frac{101,155}{[242,050 + (2/3 \times 140,895)]} = 0.3011$$

The formula listed below, based on the ratios illustrated above, is used to calculate the proportion of the county government's ordinary distribution derived on behalf of two-thirds of the incorporated population.

Proportion = 
$$[A/(A+B)] = [0.2796/(0.2796+0.3011)] = 0.4815$$

To determine Alachua County Government's portion of the ordinary distribution based on two-thirds of the incorporated area population that shall be deemed countywide revenues and expended only for countywide tax relief or countywide programs, multiply the county government's ordinary distribution amount by the proportion illustrated above.

$$$11,726,248 \times 0.4815 = $5,646,188$$

In order to calculate the proportion of the county government's ordinary distribution derived on behalf of the unincorporated population, the following formula, based on the ratios illustrated above, is used.

Proportion = 
$$[B/(A+B)] = [0.3011/(0.2796+0.3011)] = 0.5185$$

To determine Alachua County Government's portion of the ordinary distribution based on the unincorporated area population that shall be deemed county revenues but may be expended on a countywide basis, multiply the county government's ordinary distribution amount by the proportion illustrated above.

$$$11,726,248 \times 0.5185 = $6,080,060$$

Municipalities are directed to expend their portions only for municipal-wide programs or for municipal-wide property tax or municipal utility tax relief. All utility tax rate reductions afforded by participation in the program shall be applied uniformly across all types of taxed utility services. A county or municipality is also authorized to pledge the proceeds for the payment of principal and interest on any capital project.

For any eligible county receiving a fiscally constrained distribution, the revenues may be used for any public purpose, except to pay debt service on bonds, notes, certificates of participation, or any other forms of indebtedness.<sup>14</sup>

### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions.<sup>15</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
82-41	Depositing sales tax money, procedures used by the Department of Revenue
92-87	Distribution of trust fund monies in the event of revised population estimate
94-67	City of Port LaBelle referendum, eligibility for half-cent sales tax monies
2002-36	Census correction, redistribution of sales tax

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Current and Prior Years' Revenues**

The table included in this section lists the estimated ordinary, emergency, supplemental, fiscally constrained, and total distributions to eligible county or municipal governments for local fiscal year 2008 as calculated by the DOR. The figures represent a 100 percent distribution of the estimated

<sup>14.</sup> Section 218.67(5), F.S. (2007).

<sup>15.</sup> http://myfloridalegal.com/opinions

monies. Inquiries regarding the DOR's estimates should be addressed to the Office of Tax Research at (850) 488-2900. Several summaries of prior years' distributions are available via the LCIR's website. 16

# **Mobile Home License Tax**

Sections 320.08, 320.08015, and 320.081, Florida Statutes

#### **Brief Overview**

Counties, municipalities, and school districts receive proceeds from an annual license tax levied on all mobile homes and park trailers, and on all travel trailers and fifth-wheel trailers exceeding 35 feet in body length. The license taxes, ranging from \$20 to \$80 depending on vehicle type and length, are collected in lieu of ad valorem taxes. A sticker is issued as evidence of payment. Half of the net proceeds are remitted to the respective district school board. The other half is distributed to the respective municipalities depending on the location of such units or the county if the units are located in the unincorporated area. The use of the revenue is at the discretion of the governing body.

# **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

### **Eligibility Requirements**

A county government is eligible to receive proceeds if taxable units are located in its unincorporated area. If taxable units are located within a municipal jurisdiction, then the municipal government is eligible to receive proceeds. The district school board is eligible to receive proceeds if taxable units are located in the respective county.

### **Administrative Procedures**

The taxes are collected by the county tax collectors and remitted to the Department of Highway Safety and Motor Vehicles (DHSMV). Two deductions are made from the tax collections prior to the remaining balance being transferred into the License Tax Collection Trust Fund for distribution to governmental entities.<sup>2</sup> The first is a deduction of \$1.50 for each sticker issued with the proceeds deposited into the State General Revenue Fund. The second is a deduction of \$1.00 for each sticker issued with the proceeds deposited into the Florida Mobile Home Relocation Trust Fund.

The DHSMV shall keep records showing the total number of stickers issued to each type of unit, the total amount of license taxes collected, the county or municipality where each unit is located, and the amount derived from license taxes in each county and its respective municipalities. The tax collections, less the amounts corresponding to the two deductions previously discussed, shall be paid to counties and their respective municipalities.

<sup>1.</sup> Section 320.08(10)-(11), F.S. (2007).

<sup>2.</sup> Section 320.081(4), F.S. (2007).

### **Distribution of Proceeds**

All proceeds, available for distribution within a county, are distributed in the following manner. Fifty percent is distributed to the district school board. The remaining fifty percent is distributed to the county government for taxable units located within its unincorporated area or to any municipal government within the county for taxable units located within its corporate limits.

### **Authorized Uses**

The use of the revenue is at the discretion of the governing body.

# **Relevant Attorney General Opinions**

Florida's Attorney General has issued a few opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions.<sup>3</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
74-282	Owner of mobile home eligible for tax credit
75-42	Mobile home taxable as personal property
88-20	Registration of mobile homes

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

# **Current and Prior Years' Revenues**

No estimated revenue distributions for local governments or school districts in the current fiscal year are available. Two summaries of prior years' distributions are available via the LCIR's website.<sup>4</sup>

<sup>3.</sup> http://myfloridalegal.com/opinions

<sup>4.</sup> http://www.floridalcir.gov/datamtor.cfm

Sections 206.605(1), 206.879(1), 212.20(6), and 218.20-.26, Florida Statutes

#### **Brief Overview**

The Florida Revenue Sharing Act of 1972 was a major attempt by the Legislature to ensure a minimum level of revenue parity across units of local government. Provisions in the enacting legislation created the Revenue Sharing Trust Fund for Municipalities. Currently, the trust fund receives 1.3409 percent of sales and use tax collections, 12.5 percent of the state alternative fuel user decal fee collections, and the net collections from the one-cent municipal fuel tax. An allocation formula serves as the basis for the distribution of these revenues to each municipality that meets strict eligibility requirements. Municipalities must use the funds derived from the one-cent municipal fuel tax for transportation-related expenditures. Additionally, there are statutory limitations on the use of the funds as a pledge for bond indebtedness.

### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source. Typically, legislation is passed each year that results in changes to the state's sales tax base or sales tax administration. Such changes have the potential for fiscal impact, either positively or negatively, to the amount of sales tax revenues available for distribution to county and municipal governments. However, a summary of such changes is not provided here.

#### **Eligibility Requirements**

In order to be eligible to participate in revenue sharing beyond the minimum entitlement in any fiscal year, a municipal government must have satisfied a number of statutory requirements.<sup>2</sup> As it relates to municipal revenue sharing, the minimum entitlement is defined as the amount of revenue, as certified by the municipal government and determined by the Department of Revenue (DOR), which must be shared with the municipality so that the municipality will receive the amount of revenue necessary to meet its obligations as the result of pledges, assignments, or trusts entered into which obligated funds received from revenue sources or proceeds distributed out of the Revenue Sharing Trust Fund for Municipalities [hereinafter Trust Fund].<sup>3</sup>

<sup>1.</sup> Chapter 72-360, L.O.F.

<sup>2.</sup> Section 218.23(1), F.S. (2007).

<sup>3.</sup> Section 218.21(7), F.S. (2007).

## **Administrative Procedures**

The municipal revenue sharing program is administered by the DOR, and monthly distributions shall be made to eligible municipal governments. The program is comprised of state sales taxes, municipal fuel taxes, and state alternative fuel user decal fees that are collected and transferred to the Trust Fund.

The percentage of each revenue source transferred into the Trust Fund is listed below. The proportional contribution of each source during the state fiscal year 2008, as determined by the DOR, is also noted.

1.3409 percent of sales and use tax collections<sup>4</sup> = 73.37 percent of total program funding

One-cent municipal fuel tax on motor fuel $^5 = 26.62$  percent of total program funding

12.5 percent of state alternative fuel user decal fee collections<sup>6</sup> = 0.01 percent of total program funding

Once each fiscal year, the DOR shall compute apportionment factors for use during the fiscal year. The computation shall be made prior to July 25<sup>th</sup> of each fiscal year and shall be based upon information submitted and certified to the DOR prior to June 1<sup>st</sup> of each year. Except in the case of error, the apportionment factors shall remain in effect for the fiscal year. It is the duty of the local government to submit the certified information required for the program's administration to the DOR in a timely manner. A local government's failure to provide timely information authorizes the DOR to utilize the best information available or, if no such information is available, to take any necessary action, including partial or entire disqualification. Additionally, the local government shall waive its right to challenge the DOR's determination as to the jurisdiction's share of program revenues.

#### **Distribution of Proceeds**

An apportionment factor is calculated for each eligible municipality using a formula consisting of the following equally weighted factors: *adjusted municipal population*, *municipal sales tax collections*, and *municipality's relative ability to raise revenue*.<sup>8</sup>

<sup>4.</sup> Section 212.20(6)(d), F.S. (2007).

<sup>5.</sup> Section 206.605(1), F.S. (2007).

<sup>6.</sup> Section 206.879(1), F.S. (2007).

<sup>7.</sup> Section 218.26, F.S. (2007).

<sup>8.</sup> Section 218.245(2), F.S. (2007).

## Adjusted Municipal Population

The adjusted municipal population factor is calculated by multiplying a given municipality's population by the appropriate adjustment factor and dividing that product by the total adjusted statewide municipal population. Depending on the municipality's population, one of the following adjustment factors is used.

Population Class	Adjustment Factor
0 - 2,000	1.0
2,001 - 5,000	1.135
5,001 - 20,000	1.425
20,001 - 50,000	1.709
Over 50,000	1.791

Inmates and residents residing in institutions operated by the federal government as well as the Florida Departments of Corrections, Health, and Children and Families are not considered to be residents of the county in which the institutions are located for the purpose of calculating the distribution proportions.<sup>9</sup>

### **Municipal Sales Tax Collections**

In order to calculate the municipal sales tax collection factor, it is first necessary to allocate a share of the sales tax collected within a county to each of its respective municipalities. This allocation is derived on the basis of population. First, the municipality's population is divided by the total countywide population. Second, the resulting quotient is multiplied by the countywide sales tax collections to determine the sales tax collected within a given municipality. The municipal sales tax collection factor is then calculated by dividing the sales tax collected within a given municipality by the total sales tax collected within all eligible municipalities in the state.

#### Municipality's Relative Ability to Raise Revenue

The municipality's relative ability to raise revenue factor is determined by a three-step process involving a series of calculations. First, the per capita taxable real and personal property valuation of all eligible municipalities in the state is divided by the per capita taxable real and personal property valuation of a given municipality. Second, a given municipality's quotient, as calculated in the first step, is multiplied by the municipality's population. For discussion purposes, this product is referred to as the recalculated population. Third, a given municipality's recalculated population is divided by the total recalculated population of all eligible municipalities in the state. This quotient represents the municipality's relative ability to raise revenue factor.

<sup>9.</sup> Section 186.901, F.S. (2007).

Consequently, a municipality's apportionment factor is determined by the following formula.

	Adjusted		Municipal		Municipality's Relative
	Municipal	+	Sales Tax	+	Ability to Raise
Apportionment =	<b>Population</b>		Collections		Revenue
Factor	_		3		

# Adjustment for a Metropolitan or Consolidated Government

For a metropolitan or consolidated government, as provided in Section 3, 6(e) or (f), Art. VIII, State Constitution (i.e., Miami-Dade County and City of Jacksonville-Duval County), the factors are further adjusted by multiplying the adjusted or recalculated population or sales tax collections, as the case may be, by a percentage that is derived by dividing the total amount of ad valorem taxes levied by the county government on real and personal property in the area of the county outside of municipal limits or urban service district limits by the total amount of ad valorem taxes levied on real and personal property by the county and municipal governments.<sup>10</sup>

## **Hold-Harmless Adjustment**

Revenues attributed to the increase in the state sales tax distribution to the Trust Fund from 1.0715 percent to 1.3409 percent, as provided in ch. 2003-402, L.O.F., shall be distributed to each eligible municipality and consolidated government in the following manner. Each eligible local government's allocation shall be based on the amount it received from the Local Government Halfcent Sales Tax Program under s. 218.61, F.S., in the prior state fiscal year divided by the total receipts under the same authority in the prior state fiscal year for all eligible local governments provided, however, for the purpose of calculating this distribution, the amount received in the prior state fiscal year by a consolidated unit of local government (i.e., City of Jacksonville/Duval County) shall be reduced by 50 percent for such local government and for the total receipts. For eligible municipalities that began participating in this allocation in the previous state fiscal year, their annual receipts shall be calculated by dividing their actual receipts by the number of months they participated, and the results multiplied by 12.

In summary, the distribution to an eligible municipality is determined by the following procedure. First, a municipal government's entitlement shall be computed on the basis of the apportionment factor applied to all Trust Fund receipts available for distribution. Second, the revenue to be shared via the formula in any fiscal year is adjusted so that no municipality receives fewer funds than its guaranteed entitlement, which is equal to the aggregate amount received from the state in fiscal year 1971-72 under then-existing statutory provisions. Third, the revenue to be shared via the formula in

<sup>10.</sup> Section 218.245(2)(d), F.S. (2007).

<sup>11.</sup> Id., at (3).

<sup>12.</sup> Section 218.23(3), F.S. (2007).

any fiscal year is adjusted so that all municipalities receive at least their minimum entitlement, which means the amount of revenue necessary for a municipality to meet its obligations as the result of pledges, assignments, or trusts entered into that obligated Trust Fund monies. Finally, after making these adjustments, any remaining Trust Fund monies shall be distributed on the basis of additional money of each qualified municipality in proportion to the total additional money for all qualified municipalities.

### **Authorized Uses**

Several statutory restrictions exist regarding the authorized use of municipal revenue sharing proceeds. Funds derived from the municipal fuel tax on motor fuel shall be used only for the purchase of transportation facilities and road and street rights-of-way; construction, reconstruction, and maintenance of roads, streets, bicycle paths, and pedestrian pathways; adjustment of city-owned utilities as required by road and street construction; and construction, reconstruction, transportation-related public safety activities, maintenance, and operation of transportation facilities. Municipalities are authorized to expend these funds in conjunction with other municipalities, counties, state government, or the federal government in joint projects.

According to the DOR, municipalities may assume that 26.62 percent of their estimated 2008 fiscal year distribution is derived from the municipal fuel tax. Therefore, at least that proportion of each municipality's revenue sharing distribution must be expended on those transportation-related purposes specifically mentioned in the preceding paragraph.

Municipalities are restricted as to the amount of program funds that can be assigned, pledged, or set aside as a trust for the payment of principal or interest on bonds, tax anticipation certificates, or any other form of indebtedness, and there shall be no other use restriction on these shared revenues. Municipalities may assign, pledge, or set aside as trust for the payment of principal or interest on bonds, tax anticipation certificates, or any other form of indebtedness an amount up to 50 percent of the funds received in the prior year. Consequently, it is possible that some portion of a municipality's growth monies will become available as a pledge for bond indebtedness.

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions.<sup>15</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

<sup>13.</sup> Section 218.25(1), F.S. (2007).

<sup>14.</sup> Id., at (4).

<sup>15.</sup> http://myfloridalegal.com/opinions

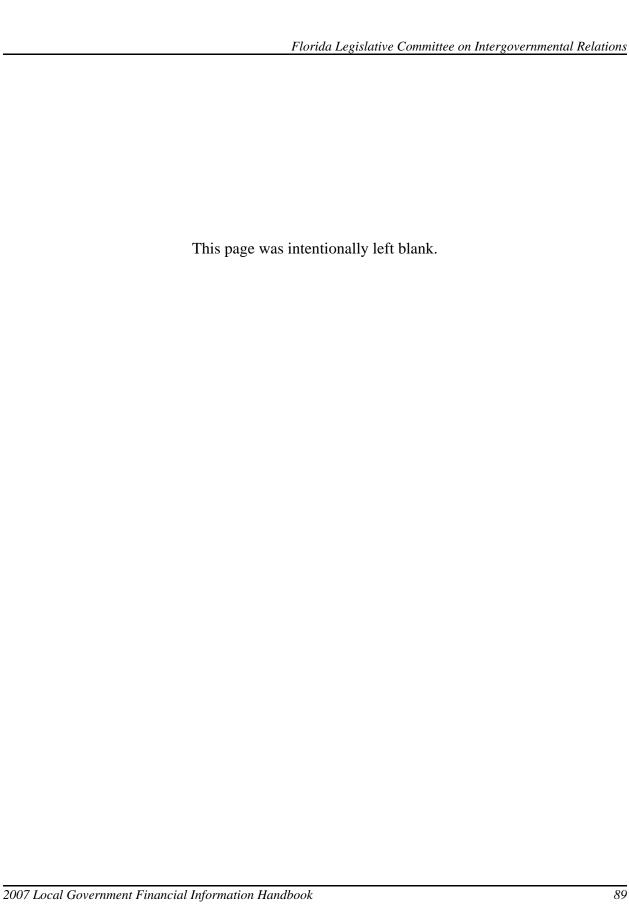

Opinion #	<u>Subject</u>
73-246	Revenue Sharing Act of 1972, applicability
74-367	Revenue Sharing Act of 1972, applicability to regional housing authorities
77-21	State revenue sharing trust fund, charter counties
78-110	Municipalities, financing restrictions
82-94	Municipal fuel tax, use of proceeds for sewer system repairs
83-32	Municipal fuel tax, use of proceeds for channel maintenance dredging
85-15	Municipal revenue sharing, DOR's authority to withhold funds
92-87	Distribution of trust fund monies in the event of revised population estimate
2000-37	Municipal fuel tax, use of proceeds
2007-09	Municipalities, minimum millage

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Current and Prior Years' Revenues**

The table included in this section lists the estimated distributions to municipal governments for state fiscal year 2008 as calculated by the DOR. The figures represent a 100 percent distribution of the estimated monies. Inquiries regarding the DOR's estimates should be addressed to the Office of Tax Research at (850) 488-9627. Summaries of prior years' distributions are available via the LCIR's website. <sup>16</sup>

#### Notes:

- 1) These estimates represent a 100 percent distribution of trust fund monies.
- 2) The column labeled "Additional Hold Harmless Provision" effectuates the provision found in section 57 of CS for CS for SB 2962 (codified as Chapter 2004-265, L.O.F.). This section includes a hold harmless provision such that the revenue sharing dollar increases of individual municipalities resulting from the percentage increase from 1.0715 percent to 1.3409 percent are to be distributed in proportion to their respective loss from the Local Government Half-cent Sales Tax Program, as effected by Chapter 2003-402, L.O.F. (i.e., HB 113-A). The effective date of this additional hold harmless provision was July 1, 2004.
- 3) The proportional contribution of each revenue source comprising the Municipal Revenue Sharing Program in state fiscal year 2008 has been estimated to be as follows: state sales tax, 73.37 percent; municipal fuel tax, 26.62 percent; and the state alternative fuel user decal fee collections, 0.01 percent.

# Oil, Gas, and Sulfur Production Tax

Section 211.06(2)(b), Florida Statutes

#### **Brief Overview**

An excise tax is levied on every person who extracts gas, oil, or sulfur for sale, transport, storage, profit, or commercial use. The tax rate is calculated separately for oil, gas, or sulfur; however, the tax rates are all based on the volume of oil, gas, or sulfur produced in a particular month. A portion of the revenue is distributed to those counties where the oil, gas, or sulfur is severed. An authorized use of the proceeds is not specified in current law.

### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

## **Eligibility Requirements**

Only those counties where the resources are produced are eligible to receive proceeds.

# **Administrative Procedures**

The revenue generated from these types of excise taxes is deposited into the Oil and Gas Tax Trust Fund, which is administered by the Department of Revenue.

#### **Distribution of Proceeds**

The tax proceeds, subject to the service charge imposed under ch. 215, F.S., shall be credited to the general revenue fund of the county government where the gas, oil, or sulfur is produced, according to the following percentages: 12.5 percent of the tax proceeds on oil production, <sup>1</sup> 20 percent of the tax proceeds on small well and tertiary oil, <sup>2</sup> 20 percent of the tax proceeds on gas, <sup>3</sup> and 20 percent of the tax proceeds on sulfur. <sup>4</sup>

<sup>1.</sup> Imposed pursuant to Section 211.02(1)(b), F.S. (2007).

<sup>2.</sup> Imposed pursuant to Section 211.02(1)(a), F.S. (2007).

<sup>3.</sup> Imposed pursuant to Section 211.025, F.S. (2007).

<sup>4.</sup> Imposed pursuant to Section 211.026, F.S. (2007).

### **Authorized Uses**

The use of the revenue is at the discretion of the governing body.

## **Relevant Attorney General Opinions**

Florida's Attorney General has issued a few opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions.<sup>5</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
74-310	Solid minerals severance tax
79-05	Levy on irreplaceable minerals

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Current and Prior Years' Revenues**

No estimated revenue distributions for counties for the current fiscal year are available. A summary of prior years' distributions are available via the LCIR's website.<sup>6</sup>

# **Phosphate Rock Severance Tax**

Section 211.3103, Florida Statutes

#### **Brief Overview**

A severance tax is levied upon every person engaging in the business of severing phosphate rock from the soils or waters in Florida for commercial use. Portions of the net tax proceeds are returned to those counties where phosphate rock is severed. Depending on eligibility, counties shall use the tax proceeds for phosphate-related expenses or purposes related to local economic development.

## **General Law Amendments**

Chapter 2007-106, L.O.F., (CS/SB 2482) provides for the annual producer price index to apply to the tax on the severance of phosphate rock. This change became effective on July 1, 2007.

### **Eligibility Requirements**

Only those counties where phosphate rock is severed are eligible to receive proceeds.

### **Administrative Procedures**

The tax is administered, collected, and enforced by the Department of Revenue. The tax applies to the total production of the producer during the taxable year as measured on the basis of bone-dry tons produced at the point of severance.

### **Distribution of Proceeds**

The proceeds from all taxes, interest, and penalties shall be paid in to the State Treasury. The first \$10 million in tax revenues shall be deposited into the Conservation and Recreation Lands Trust Fund. The remaining revenues will be distributed in the following manner: 40.1 percent to the state's General Revenue Fund; 16.5 percent for payment to counties in proportion to the number of tons of phosphate rock produced from a phosphate rock matrix located within such county boundary; 13 percent for payment to counties that have been designated a Rural Area of Critical Economic Concern pursuant to s. 288.0656, F.S., in proportion to the number of tons of phosphate rock produced from a phosphate rock matrix located within such county boundary; 9.3 percent to the Phosphate Research Trust Fund in the Department of Education; 10.7 percent to the Minerals Trust Fund; and 10.4 percent to the Nonmandatory Land Reclamation Trust Fund.

<sup>1.</sup> Section 211.33, F.S. (2007).

<sup>2.</sup> Section 211.3103(8), F.S. (2007).

<sup>3.</sup> Id., at (3).

### **Authorized Uses**

For taxes received by counties pursuant to s. 211.3103(3)(b)2., F.S., the proceeds shall be used only for phosphate-related expenses. For taxes received by counties that have been designated a Rural Area of Critical Economic Concern pursuant to s. 211.3103(3)(b)3., F.S., the proceeds shall be used for planning, preparing, and financing of infrastructure projects for job creation and capital investment, especially those related to industrial and commercial sites; maximizing the use of federal, local, and private resources, including, but not limited to, those available under the Small Cities Community Development Block Grant Program; and projects that improve inadequate infrastructure that has resulted in regulatory action that prohibits economic or community growth, if such projects are related to specific job creation or job retention opportunities.<sup>4</sup>

## **Relevant Attorney General Opinions**

Florida's Attorney General has issued a few opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions.<sup>5</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
74-310	Solid minerals severance tax
79-05	Levy on irreplaceable minerals

### **State Housing Initiatives Partnership Program**

Sections 420.907-.9079, Florida Statutes

#### **Brief Overview**

The State Housing Initiatives Partnership (SHIP) Program was created for the purpose of providing funds to counties and eligible municipalities as an incentive for the creation of local housing partnerships, to expand production and preservation of affordable housing, to further the housing element of local government comprehensive plans specific to affordable housing, and to increase housing-related employment. Portions of the documentary stamp tax are transferred into the Local Government Housing Trust Fund for distribution to eligible county and municipal governments to fund the implementation of local housing assistance plans.

#### **General Law Amendments**

Chapter 2007-198, L.O.F., (CS/HB 1375) increases affordable housing advisory committee membership and revises membership criteria as well as authorizes the use of fewer members under certain circumstances. Additionally, the legislation revises and provides duties of the advisory committee. These changes became effective on July 1, 2007.

#### **Eligibility Requirements**

A county or eligible municipality, as defined in s. 420.9071(9), F.S., must satisfy a number of requirements in order to become eligible to receive program funding.<sup>1</sup>

#### **Administrative Procedures**

A portion of the documentary stamp tax revenues as provided in s. 201.15, F.S., monies received from any other source for the purposes of this program, and all proceeds derived from the investment of such monies are deposited into the Local Government Housing Trust Fund. The Florida Housing Finance Corporation (FHFC), on behalf of the Department of Community Affairs, shall administer this trust fund for the purpose of implementing this program.<sup>2</sup>

After the distributions specified in s. 201.15(1)-(8), F.S., the lesser of 7.53 percent of remaining documentary stamp taxes or \$107 million in each fiscal year shall be paid into the State Treasury to the credit of the State Housing Trust Fund. Half of that amount shall be paid to the credit of the Local Government Housing Trust Fund [hereinafter Trust Fund].<sup>3</sup>

<sup>1.</sup> Section 420.9072(2)(a), F.S. (2007).

<sup>2.</sup> Section 420.9079, F.S. (2007).

<sup>3.</sup> Section 201.15(9), F.S. (2007).

After the distributions specified in s. 201.15(1)-(9), F.S., the lesser of 8.66 percent of remaining documentary stamp taxes or \$136 million in each fiscal year shall be paid into the State Treasury to the credit of the State Housing Trust Fund. Of that amount, 87.5 percent shall be paid to the credit of the Trust Fund.<sup>4</sup>

A county or eligible municipality seeking approval to receive its share of the local housing distribution must adopt an ordinance containing several provisions.<sup>5</sup> Additional procedures exist regarding the local government's submission of its local housing assistance plan.<sup>6</sup>

#### **Distribution of Proceeds**

Monies in the Trust Fund shall be distributed by the FHFC to each approved county and eligible municipality within the county as provided in s. 420.9073, F.S. Distributions shall be allocated to the participating county and to each eligible municipality within the county according to an interlocal agreement between the county and eligible municipality. If no interlocal agreement exists, the allocation is made according to population. The portion for each eligible municipality is computed by multiplying the total monies earmarked for a county by a fraction; the numerator is the population of the eligible municipality, and the denominator is the county's total population. The remaining proceeds shall be distributed to the county.

Local housing distributions shall be disbursed on a monthly basis beginning the first day of the month after program approval.<sup>8</sup> Each county's share of the funds to be distributed from the portion of funds received pursuant to s. 201.15(9), F.S., shall be calculated for each fiscal year pursuant to the procedure specified in s. 420.9073, F.S.

#### **Authorized Uses**

A county or eligible municipality must expend its portion of the local housing distribution only to implement a local housing assistance plan. Proceeds may not be expended for the purpose of providing rent subsidies; however, this does not prohibit the use of the funds for security and utility deposit assistance. Additionally, funds may not be pledged to pay the debt service on any bonds. 10

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this revenue source have been issued.

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for local governments for the current fiscal year are available. A summary of prior years' distributions is available via the LCIR's website. 11

<sup>11.</sup> http://www.floridalcir.gov/datastoz.cfm

#### **Enhanced 911 Fee**

Sections 365.172-.173, Florida Statutes

#### **Brief Overview**

Each voice communications services provider shall collect an enhanced 911 (E911) fee monthly from service subscribers. The fee rate shall be set, and may subsequently be adjusted, by the E911 Board, but may not exceed 50 cents per month per each service identifier. The intent of the fee is to provide funds to county governments to pay certain costs associated with their 911 or E911 systems and to reimburse wireless telephone service providers for costs incurred to provide 911 or E911 systems.

#### **General Law Amendments**

Chapter 2007-78, L.O.F., (CS/CS/HB 919) merges the wireline 911 plan for landline telecommunications companies and the Wireless Emergency Communications Act and modifies the requirements for a state plan and for regional or multi-jurisdictional systems to encourage enhanced 911 (E911) service availability throughout the state. The wireless 911 fee is renamed the E911 fee and is collected from users of voice communications services and provides for authorized expenditures of the E911 fee. The legislation creates the E911 Board by modifying the make-up of the Wireless 911 Board and directing the Board to administer E911 fees and ensure such fees are used as directed. These changes became effective on May 24, 2007.

Chapter 2007-79, L.O.F., (CS/CS/HB 921) renames the Wireless Emergency Telephone System Fund as the Emergency Communications Number E911 System Fund, and this new fund is used to administer the Florida Emergency Communications Number E911 State Plan as provided in s. 365.171, F.S. The legislation specifies that all E911 fees assessed and collected by the telecommunications industry from subscribers be remitted directly to the E911 Board for direct deposit into the State Treasury. The legislation provides for the separation of fee revenues into wireless and nonwireless categories and revises the distribution of fee revenues. These changes became effective on May 24, 2007.

#### **Eligibility Requirements**

All counties are eligible to receive two separate distributions, one based on the total number of wireless service identifiers in each county, and a second based on the total number of nonwireless service identifiers in each county. Additionally, counties having a total population of less than 75,000 are eligible to receive another separate distribution.

#### **Administrative Procedures**

Each voice communications services provider, as part of its monthly billing process, shall collect an E911 fee. Each provider shall bill the fee as follows. Each local exchange carrier shall bill the fee to the local exchange subscribers on a service-identifier basis, up to a maximum of 25 access lines per account bill rendered. Except in the case of prepaid wireless service, each wireless provider shall bill the fee to a subscriber on a per service-identifier basis for service identifiers whose primary place of use is within Florida. Each provider may retain 1 percent of the amount of fees collected as reimbursement of the administrative costs incurred by the provider to bill, collect, and remit the fee. State and local taxes do not apply to this fee, and local governments are prohibited from levying any additional fee on providers or subscribers for the provision of E911 service.

All revenues derived from the fee levied on subscribers under s. 365.172, F.S., must be paid by the E911 Board [hereinafter, Board]into the State Treasury on or before the 15<sup>th</sup> day of each month. Such monies must be accounted for in the designated Emergency Communications Number E911 System Fund, and, for accounting purposes, must be segregated into two separate categories: 1) the wireless category, and 2) the nonwireless category. All monies must be invested by the Chief Financial Officer, and the funds are not subject to the General Revenue Service Charges pursuant to s. 215.20, F.S.<sup>2</sup>

The Board is charged with administering the E911 fee, including receiving revenues derived from the fee; distributed portions of the revenues to wireless providers, and counties; accounting for receipts, distributions, and income derived by the funds; and providing annual reports to the Governor and the Legislature on amounts collected and expended, the purposes for which expenditures have been made, and the status of E911 service in the state.<sup>3</sup>

#### **Distribution of Proceeds**

As determined by the Board pursuant to s. 365.172(8)(h), F.S., and subject to any Board-approved modifications pursuant to s. 365.172(6)(a)3. or (8)(i), F.S., the monies in the wireless and nonwireless categories of the fund shall be distributed and used only as specified below.<sup>4</sup>

Sixty seven percent of the funds in the wireless category shall be distributed monthly to counties, based on the total number of service identifiers in each county. Thirty percent of the funds in the wireless category shall be distributed to wireless providers in response to sworn invoices submitted to the Board by wireless providers. Ninety seven percent of the funds in the nonwireless category

<sup>1.</sup> Section 365.172(8), F.S. (2007).

<sup>2.</sup> Section 365.173(1), F.S. (2007).

<sup>3.</sup> Section 365.172(5), F.S. (2007).

<sup>4.</sup> Section 365.173(2), F.S. (2007).

shall be distributed monthly to counties, based on the total number of service identifiers in each county. One percent of the remaining monies in the fund shall be retained by the Board. Two percent of the remaining monies in the fund shall be distributed monthly to rural counties, which are defined as those counties having a total population of less than 75,000.

By September 1, 2007, up to \$15 million of the existing 911 system fund shall be available for distribution to counties in order to prevent a loss in the ordinary and expected time value of money caused by any timing delay in remittance to counties of wireline fees caused by the one-time transfer of collecting wireline fees by the counties to the Board. All disbursements for this purpose must be returned to the fund from the future remittance by the nonwireless category.

#### **Authorized Uses**

The proceeds of the 67 percent portion in the wireless category distributed monthly to counties shall be used exclusively for: 1) the payment of authorized expenditures, as specified in s. 365.172(9), F.S., and 2) the costs to comply with the requirements for E911 service contained in the order and any future rules related to the order as defined in s. 365.172(3)(u), F.S. The proceeds of the 30 percent portion in the wireless category distributed to wireless providers shall be used to reimburse such providers for the actual costs incurred to provide 911 or E911 service and may include costs and expenses incurred to design, purchase, lease, program, install, test, upgrade, operate, and maintain all necessary data, hardware, and software required to provide E911 service. The proceeds of the 97 percent portion in the nonwireless category distributed monthly to counties shall be used exclusively for payment of authorized expenditures, as specified in s. 365.172(9), F.S.

The proceeds of the 1 percent portion retained by the Board shall be applied to costs and expenses incurred for the purpose of managing, administering, and overseeing the receipts and disbursements from the fund and other activities as defined in s. 365.172(6), F.S. The proceeds of the 2 percent portion distributed to rural counties shall be used to provide facilities and network service enhancements and assistance for the 911 or E911 systems operated by rural counties and for the provision of grants to rural counties by the Technology Program within the Department of Management Services for upgrading and replacing E911 systems.<sup>5</sup>

#### **Relevant Attorney General Opinions**

No Florida Attorney General Opinions have been issued for this new "merged" revenue source; however, the following opinions, relevant to prior statutory authorizations, have been issued. The full text of the opinions are available via the searchable on-line database of legal opinions.<sup>6</sup>

Opinion #	Subject

5. Id.

6. http://myfloridalegal.com/opinions

Payment of 911 fee by state

2005-66 Wireless 911 Board, authority to sue/collect fees

Local government officials seeking more clarification should review the opinion in its entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

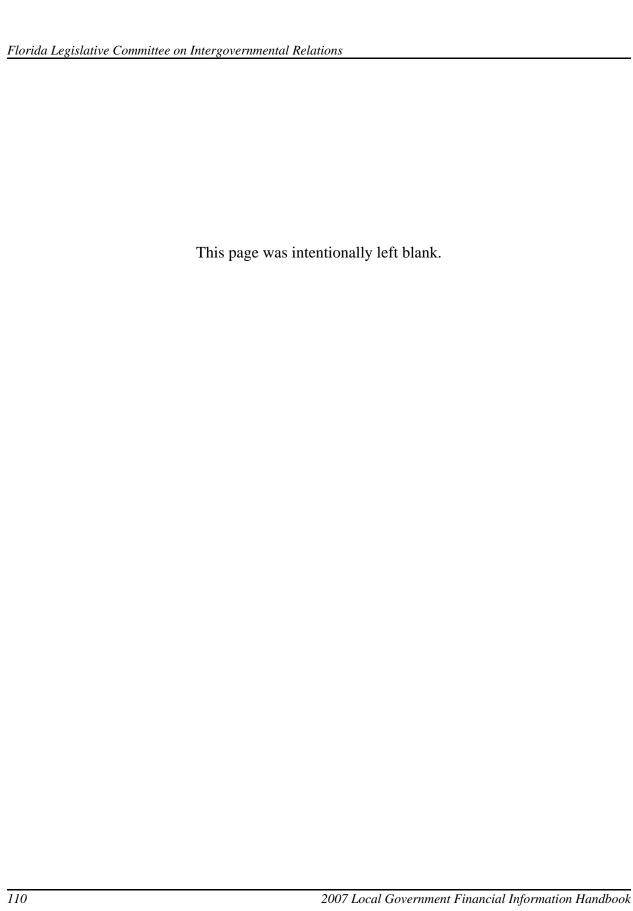

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for county governments for the current fiscal year are available. No data summarizing prior years' distributions to counties are currently available.

### **911 Fee**

#### **General Law Amendments**

Chapter 2007-78, L.O.F., (CS/CS/HB 919) amends ss. 365.171 and 365.172, F.S., to provide one comprehensive law for the administration and funding of both the wireless and wireline 911 systems. As part of the merger of the wireline 911 plan for landline telecommunications companies and the Wireless Emergency Communications Act, the 911 fee previously authorized pursuant to s. 365.171(13), F.S., is deleted and superseded by an enhanced 911 (E911) fee. These changes became effective on May 24, 2007.

### **Communications Services Tax**

Chapter 202, Florida Statutes

#### **Brief Overview**

The Communications Services Tax Simplification Law was enacted to restructure taxes on telecommunications, cable, direct-to-home satellite, and related services that existed prior to October 1, 2001. The definition of communications services encompasses voice, data, audio, video, or any other information or signals, including cable services that are transmitted by any medium. The law replaced and consolidated seven different state and local taxes or fees with a single tax comprised of two components: a state communications services tax and a local communications services tax. The tax is imposed on retail sales of communications services which originate and terminate in the state, or originate or terminate in the state and are billed to an address within the state. Tax proceeds are transferred to county and municipal governments, the Public Education Capital Outlay and Debt Service Trust Fund, and the state's General Revenue Fund.

#### **State Communications Services Tax**

The state communications services tax consists of two components: a state tax and a gross receipts tax. A state tax is imposed on the retail sale of communications services at the rate of 6.8 percent while the retail sale of any direct-to-home satellite service received in this state is taxed at the rate of 10.8 percent.<sup>2</sup> The second component is the gross receipts tax of 2.37 percent that is applied to communications services.<sup>3</sup>

Consequently, local, long distance, or toll telephone; mobile communications; private line; pager and beeper; telephone charges made by a hotel or motel; fax; telex, telegram, and teletype services; and cable services are taxed at the state rate of 6.8 percent plus the 2.37 percent gross receipt rate for a total of 9.17 percent. Direct-to-home satellite service is taxed at the state rate of 10.8 percent plus the gross receipts rate of 2.37 percent for a total of 13.17 percent.

#### Local Communications Services Tax

A county or municipality may, by ordinance, levy a local communications services tax. The local tax rates vary, depending on the type of local government. For municipalities and charter counties that have not chosen to levy permit fees, the tax may be levied at a rate up to 5.1 percent. For

<sup>1.</sup> Refer to the Department of Revenue's <u>Communications Services Tax: An Overview of Florida's Tax Restructuring</u> (http://dor.myflorida.com/dor/taxes/pdf/Cst\_ovr.pdf) for a more detailed explanation of the 2001 tax law changes.

<sup>2.</sup> Section 202.12(1), F.S. (2007).

<sup>3.</sup> Section 203.01(1)(b), F.S. (2007).

<sup>4.</sup> Section 202.19(1), F.S. (2007).

municipalities and charter counties that have chosen to levy permit fees, the tax may be levied at a rate up to 4.98 percent. Non-charter counties may levy the tax at a rate of up to 1.6 percent. These maximum rates do not include add-ons of up to 0.12 percent for municipalities and charter counties or up to 0.24 percent for non-charter counties that have elected not to require and collect permit fees authorized pursuant to s. 337.401, F.S., nor do they supersede conversion or emergency rates authorized by s. 202.20, F.S., which are in excess of these maximum rates. In addition to the local communications services taxes, any local option sales tax that a county or school board has levied pursuant to s. 212.055, F.S., is imposed as a local communications services tax, and the rate shall be determined in accordance with s. 202.20(3), F.S.

#### **General Law Amendments**

Chapter 2007-29, L.O.F., (CS/CS/HB 529) amends s. 202.24, F.S., to prohibit counties and municipalities from negotiating terms and conditions relating to cable and video services and clarifies an exemption for existing agreements. These changes became effective on May 18, 2007.

Chapter 2007-106, L.O.F., (CS/SB 2482) amends several sections of Chapter 202, F.S., making a number of changes to the administration of the communications services tax. Some changes are effective July 1, 2007 while others are effective January 1, 2008.

#### **Eligibility Requirements**

County and municipal governments are eligible to receive proceeds of the state communications services tax. Counties, municipalities, and school boards may be eligible to receive proceeds of the local communications services tax.

#### **Administrative Procedures**

The communications services taxes, as imposed pursuant to chs. 202 and 203, F.S., (i.e., the gross receipts tax on communications services) shall be paid by the purchaser and shall be collected from the purchaser by the dealer of such services. Each dealer who makes retail sales of communications services shall add the amount of applicable taxes to the price of services sold and shall state the taxes separately from the price of services on all invoices.<sup>7</sup>

The Department of Revenue (DOR) administers the statewide collection of both the state and local components of the communications service tax. Dealers who collect local communications services tax must notify the DOR of the method employed to accurately assign addresses to the appropriate taxing jurisdiction. The DOR maintains a database that provides the local taxing jurisdiction for all

<sup>5.</sup> Id., at (2).

<sup>6.</sup> Id., at (5).

<sup>7.</sup> Section 202.16, F.S. (2007).

addresses in Florida. The database contains county and municipal names for every address and is based on information provided by the local taxing jurisdiction and updated at least once every six months.<sup>8</sup>

The amount of revenue collected is dependent on the jurisdiction's local communications services tax rate. A county government's local communications services tax is charged to those billable customers residing within the unincorporated area. A municipal government's local communications services tax is charged to those billable customers residing within the incorporated area.

The proceeds of each local communications services tax levied by a county or municipality, less the DOR's costs of administration, shall be transferred to the Local Communications Services Tax Clearing Trust Fund for distribution to counties and municipalities. The amount deducted for administrative costs may not exceed 1 percent of the total revenue generated for all taxing jurisdictions, and the total administrative costs shall be prorated among those taxing jurisdictions on the basis of the amount collected for a particular jurisdiction relative to the amount collected for all such jurisdictions.

Any adoption, repeal, or change in the rate of a local communications services tax imposed under s. 202.19, F.S., is effective with respect to taxable services included on bills that are dated on or after the January 1<sup>st</sup> subsequent to such adoption, repeal, or change. The local government must notify the DOR of the adoption, repeal, or change by September 1<sup>st</sup> which immediately precedes the January 1<sup>st</sup> effective date. <sup>10</sup>

#### **Distribution of Proceeds**

#### State Communications Services Tax

The proceeds derived from the 2.37 percent gross receipts tax on communications services, including direct-to-home satellite service, are transferred to the Public Education Capital Outlay and Debt Service Trust Fund, which serves as a funding source for public school capital construction. The remaining proceeds derived from the 6.8 percent state tax on communications services, except direct-to-home satellite service, are distributed by the same formula used for distribution of the state sales and use tax as prescribed in s. 212.20(6), F.S.<sup>11</sup> The proceeds derived from the 10.8 percent state tax on direct-to-home satellite service shall be distributed pursuant to s. 202.18(2), F.S.<sup>12</sup>

<sup>8.</sup> Section 202.22, F.S. (2007).

<sup>9.</sup> Section 202.18(3), F.S. (2007).

<sup>10.</sup> Section 202.21, F.S. (2007).

<sup>11.</sup> Section 202.18(1), F.S. (2007).

<sup>12.</sup> Section 202.12(1)(b), F.S. (2007).

#### Local Communications Services Tax

The amount of tax revenues available for distribution to local governments is dependent on each jurisdiction's local communications services tax rate. The tax revenues, less the DOR's administrative cost deduction, are distributed monthly to the appropriate jurisdictions. The proceeds of taxes imposed pursuant to s. 202.19(5), F.S., shall be distributed in the same manner as the local option sales taxes.<sup>13</sup>

#### **Authorized Uses**

The revenues derived from the local communications services tax may be used for any public purpose, including the pledge of such revenues for the repayment of current or future bonded indebtedness. Revenue raised by a tax imposed pursuant to s. 202.19(5), F.S., shall be used for the same purposes as the underlying local option sales tax imposed by the county or school board pursuant to s. 212.055, F.S.<sup>14</sup>

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this revenue source have been issued.

#### **Local Tax Rates**

The DOR maintains a list of current and historical local tax rates, which includes upcoming rate changes.<sup>15</sup>

#### **Current and Prior Years' Revenues**

The table included in this section lists the estimated local communications services tax distributions for local fiscal year 2008 as calculated by the DOR. Inquiries regarding the DOR's estimates should be addressed to the Office of Tax Research at (850) 488-2900. No data summarizing prior years' distributions to local governments are available.

<sup>13.</sup> Section 202.18(3), F.S. (2007).

<sup>14.</sup> Section 202.19(8), F.S. (2007).

#### Notes:

- 1) The notation \*\*\* indicates that the figures differ in total due to rate changes effective January 1, 2008, i.e., Grant-Valkaria (Brevard County), Holmes County BOCC, and Hialeah (Miami-Dade County).
- 2) These forecasted figures are based on the adjusted 2006 population estimates that were used for the FY 2007-08 revenue sharing calculations. The adjusted population estimates reflect those certified to the Florida Department of Revenue by the Executive Office of the Governor in June 2007.

### **Discretionary Surtax on Documents**

Sections 125.0167 and 201.031, Florida Statutes

#### **Brief Overview**

The governing body in each county, as defined by s. 125.011(1), F.S., (i.e., Miami-Dade County) is authorized to levy a discretionary surtax on deeds and other instruments relating to real property or interest in real property for the purpose of establishing and financing a Housing Assistance Loan Trust Fund [hereinafter Trust Fund] to assist in the financing of the construction, rehabilitation, or purchase of housing for low and moderate income families. The levy of the surtax shall be by ordinance approved by a majority vote of the total membership of the county's governing body.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

Each county, as defined by s. 125.011(1), F.S., (i.e., Miami-Dade County) is eligible to levy this surtax. This surtax is scheduled for repeal on October 1, 2011.

#### **Administrative Procedures**

The surtax levy and the creation of the Trust Fund shall be by ordinance, which shall set forth the policies and procedures of the assistance program. The ordinance shall be proposed at a regular meeting of the governing body at least two weeks prior to formal adoption. Formal adoption shall not be effective unless approved on final vote by a majority of the governing body's total membership. The ordinance shall not take effect until 90 days after formal adoption.<sup>2</sup>

The surtax rate shall not exceed 45 cents for each \$100 or fractional part thereof on deeds and other instruments relating to real property or interests in real property.<sup>3</sup> The surtax shall be applicable to those documents taxable under the provisions of s. 201.02, F.S., except that there shall be no surtax on any document pursuant to which the interest granted, assigned, transferred, or conveyed involves only a single-family residence. Such single-family residence may be a condominium unit, a unit held through stock ownership or membership representing a proprietary interest in a corporation owning a

<sup>1.</sup> Section 201.031(1), F.S. (2007).

<sup>2.</sup> Section 125.0167(2), F.S. (2007).

<sup>3.</sup> Id., at (1).

fee or leasehold initially in excess or 98 years, or a detached dwelling.<sup>4</sup> Each county that levies the surtax shall include in its financial report required pursuant to s. 218.32, F.S., information showing the revenues and expenditures of the Trust Fund for the fiscal year.<sup>5</sup> According to the Department of Revenue (DOR), Miami-Dade County currently levies the surtax at the maximum rate of 45 cents for each \$100 or fractional part thereof.

#### **Distribution of Proceeds**

The DOR shall pay to the county's governing body that levies the surtax all taxes, penalties, and interest collected under this section less any costs of administration. The county shall deposit the revenues into the Trust Fund, except that a portion of such revenues may be deposited into the county's Home Investment Trust Fund as defined by and created pursuant to federal law.

#### **Authorized Uses**

The proceeds shall be used only to help finance the construction, rehabilitation, or purchase of housing for low and moderate-income families; pay the necessary costs of collection and enforcement of the surtax; and fund any local matching contributions required by federal law. Authorized uses of the surtax revenues shall include, but not be limited to, providing funds for first and second mortgages and acquiring property for the purpose of forming housing cooperatives. Special consideration shall be given toward utilizing the revenues in the neighborhood economic development programs of Community Development Corporations. No more than 50 percent of the revenues collected each year may be used to help finance new construction, and the surtax proceeds shall not be used for rent subsidies or grants.<sup>8</sup>

No less than 50 percent of the funds used to provide such housing assistance shall be for the benefit of low-income families. The term *low income family* means a family whose income does not exceed 80 percent of the median income for the area. The term *moderate income family* means a family whose income is in excess of 80 percent but less than 140 percent of the median income for the area. For purposes of this program, housing is not limited to single-family, detached dwellings. 9

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this surtax have been issued.

#### **Current and Prior Years' Revenues**

No estimated revenue distributions in the current fiscal year are available; however, a summary of prior years' distributions is available via the LCIR's website. 10

<sup>10.</sup> http://www.floridalcir.gov/dataatof.cfm

### **Green Utility Fee**

Section 369.255, Florida Statutes

#### **Brief Overview**

Counties with a population of 500,000 or more and municipalities with a population of 200,000 or more are authorized to create one or more green utilities or adopt fees sufficient to plan, restore, and manage urban forest resources, greenways, forest preserves, wetlands, and other aquatic zones. In addition, any such county or municipality may create a stewardship grant program for private natural areas.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

Counties with a population of 500,000 or more and municipalities with a population of 200,000 or more are eligible to impose the fee. Eligible local governments may create, alone or in cooperation with other counties or municipalities pursuant to s. 163.01, F.S., one or more greenspace management districts to fund the planning, management, operation, and administration of a greenspace management program.

Based on the official 2006 population estimates, the eleven counties of Brevard, Broward, Duval, Hillsborough, Lee, Miami-Dade, Orange, Palm Beach, Pinellas, Polk, and Volusia have a total population of 500,000 or more. Likewise, the six municipalities of Hialeah, Jacksonville, Miami, Orlando, Saint Petersburg, and Tampa have a population of 200,000 or more. The number of eligible counties and municipalities currently imposing this fee is not known.

#### **Administrative Procedures**

The fee shall be collected on a voluntary basis as set forth by the county or municipality, and it shall be calculated to generate sufficient funds to plan, manage, operate, and administer a greenspace management program. Private natural areas assessed according to s. 193.501, F.S., would qualify for stewardship grants.<sup>2</sup>

<sup>1.</sup> Section 369.255(3), F.S. (2007).

<sup>2.</sup> Id., at (2).

#### **Distribution of Proceeds**

The law is silent to this issue; therefore, it is assumed that each eligible local government imposing the fee would retain all proceeds, unless an interlocal agreement provided otherwise.

#### **Authorized Uses**

The fee proceeds shall be used to plan, restore, and manage urban forest resources, greenways, forest preserves, wetlands, and other aquatic zones. In addition, an eligible county or municipality may create a stewardship grant program for private natural areas.<sup>3</sup>

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this fee have been issued.

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for local governments in the current fiscal year are available. No data summarizing prior years' revenues are currently available.

# Gross Receipts Tax on Commercial Hazardous Waste Facilities

Section 403.7215, Florida Statutes

#### **Brief Overview**

A tax of 3 percent is levied on the annual gross receipts of a privately owned, permitted, commercial hazardous waste transfer, storage, treatment, or disposal facility. The owner of such facility is responsible for paying the annual tax to the primary host local government. The proceeds shall be used for a variety of purposes related to the facility's inspection and security.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

Any county or municipality having a privately owned, permitted, commercial hazardous waste transfer, storage, treatment, or disposal facility operating within its corporate limits, is entitled to receive the tax proceeds.

#### **Administrative Procedures**

The owner or operator of each privately owned, permitted, commercial hazardous waste transfer, storage, treatment, or disposal facility shall, on or before January 25<sup>th</sup> of each year, file with the chief fiscal officer of the primary host local government a certified, notarized statement indicating the gross receipts from all charges imposed during the preceding calendar year for the storage, treatment, or disposal of hazardous waste at the facility. The owner of the facility is responsible for paying the tax annually on or before July 1<sup>st</sup>. The primary host local government is responsible for regulating, controlling, administering, and enforcing this tax.

#### **Distribution of Proceeds**

The primary host local government retains all proceeds. It is not known how many local governments are currently receiving proceeds from this tax.

<sup>1.</sup> Section 403.7215(1), F.S. (2007).

<sup>2.</sup> Id., at (2).

<sup>3.</sup> Id., at (7).

#### **Authorized Uses**

Tax proceeds received by the local government shall be appropriated and used to pay for the following items.<sup>4</sup>

- 1) Costs of tax collection;
- 2) Any local inspection costs incurred by the local government to ensure that the facility is operating pursuant to the provisions of part IV of ch. 403, F.S., and any rule adopted pursuant to this part;
- Additional security costs incurred as a result of operating the facility, including monitoring, fire protection, and police protection;
- 4) Hazardous waste contingency planning implementation;
- 5) Road construction or repair costs for public roads adjacent to and within 1,000 feet of the facility;
- Any other cost incurred by the local government as the result of the operation of the facility, if all other costs specified in #1-5 have been paid; and
- Any other purposes relating to environmental protection within the jurisdiction of the local government, if all other costs specified in #1-6 have been paid. Such purposes may include, but not be limited to, the establishment of a system for the collection and disposal of household, agricultural, and other types of hazardous waste; the protection or improvement of the quality of the air or water; or the acquisition of environmentally sensitive lands.

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this tax have been issued.

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for local governments in the current fiscal year are available. No data summarizing prior years' revenues are currently available.

#### **Insurance Premium Tax**

Sections 175.101, 185.08, and 633.382, Florida Statutes

#### **Brief Overview**

Each qualified municipality or special fire control district, having a lawfully established fund providing pension benefits to firefighters, may impose an excise tax of 1.85 percent of the gross amount of receipts from policyholders on all premiums collected on property insurance policies covering property within the legally defined limits of the municipality or special fire control district. The tax revenues shall be distributed to the municipality or special fire control district according to the insured property's location. The net proceeds of this excise tax shall be paid into the firefighters' pension trust fund established by municipalities and special fire control districts.<sup>2</sup>

Each qualified municipality, having a lawfully established fund providing retirement benefits to police officers, may impose an excise tax amounting to 0.85 percent of the gross amount of receipts from policyholders on all premiums collected on casualty insurance policies covering property within the municipality's legally defined limits.<sup>3</sup> The net proceeds of this excise tax shall be paid into the municipal police officers' retirement trust fund established by the municipalities.<sup>4</sup>

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Eligibility Requirements**

Any municipality or special fire control district described and classified in s. 175.041, F.S., having a lawfully established firefighters' pension trust fund, may impose the tax upon every insurance company, corporation, or other insurer engaged in the business of property insurance. Any municipality described and classified in s. 185.03, F.S., having a lawfully established municipal police officers' retirement trust fund, may impose the tax upon every insurance company, corporation, or other insurer engaged in the business of casualty insurance.

<sup>1.</sup> Section 175.101(1), F.S. (2007).

<sup>2.</sup> Section 175.091(1), F.S. (2007).

<sup>3.</sup> Section 185.08(1), F.S. (2007).

<sup>4.</sup> Section 185.07(1), F.S. (2007).

#### **Administrative Procedures**

Both excise taxes shall be payable annually on March 1<sup>st</sup> of each year after the passage of an ordinance, in the case of a municipal government; or resolution, in the case of a special fire control district, assessing and imposing the taxes.<sup>5</sup> Installments of taxes shall be paid according to the provisions of s. 624.5092(2)(a)-(c), F.S.

The DOR shall create, maintain, and update an electronic database that designates the local taxing jurisdiction for each street address and address range in the state, and insurance companies are required to exercise due diligence in employing the database to correctly assign parcels to local jurisdictions for tax purposes. The DOR shall also keep a separate account of all taxes collected for each tax on behalf of each municipality or special fire control district. All taxes collected must be transferred to the Police and Firefighters' Premium Tax Trust Fund [hereinafter Trust Fund] and shall be separately accounted for by the Department of Management Services' Division of Retirement, which administers the Trust Fund.

#### **Distribution of Proceeds**

The Chief Financial Officer shall, on or before July 1<sup>st</sup> and at other times authorized by the Division of Retirement, disburse those monies collected from both taxes to eligible municipalities and special fire control districts. Separate from the issue of funding firefighters' pension trust funds, every qualified firefighter shall be paid supplemental salary compensation by the employing agency if the firefighter has achieved the specified level of educational attainment. The employing agency may include any municipality, any county, or any special district employing firefighters. Funds are appropriated from the Trust Fund to the Firefighters' Supplemental Compensation Trust Fund to pay the supplemental compensation.

#### **Authorized Uses**

The net proceeds of the 1.85 percent tax are used to supplement firefighters' pension trust funds. Net proceeds of the 0.85 percent tax are used to supplement police officers' retirement trust funds.

<sup>5.</sup> Sections 175.101(3); 185.08(3), F.S. (2007).

<sup>6.</sup> Sections 175.1015; 185.085, F.S. (2007).

<sup>7.</sup> Sections 175.121(1); 185.10(1), F.S. (2007).

<sup>8.</sup> Sections 175.121(2); 185.10(2), F.S. (2007).

<sup>9.</sup> Section 633.382, F.S. (2007).

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions.<sup>10</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Subject
Consolidation of police forces of two cities
Fire protection outside boundaries
Trustee of pension plan, city officer
Funds intended for firefighters and policemen, pension
Municipal pension trust funds
Contract with private firm for fire protection
Funding for firefighters' supplemental compensation
Funding firefighters' supplemental compensation program
Firefighters' bill of rights
Police officers' retirement trust fund, s. 185.15
Retirement plans
Nonpayment of incentive pay to law enforcement
Firefighters' and Police Officers' pension, premium tax
City pension fund, amendment of investment authority

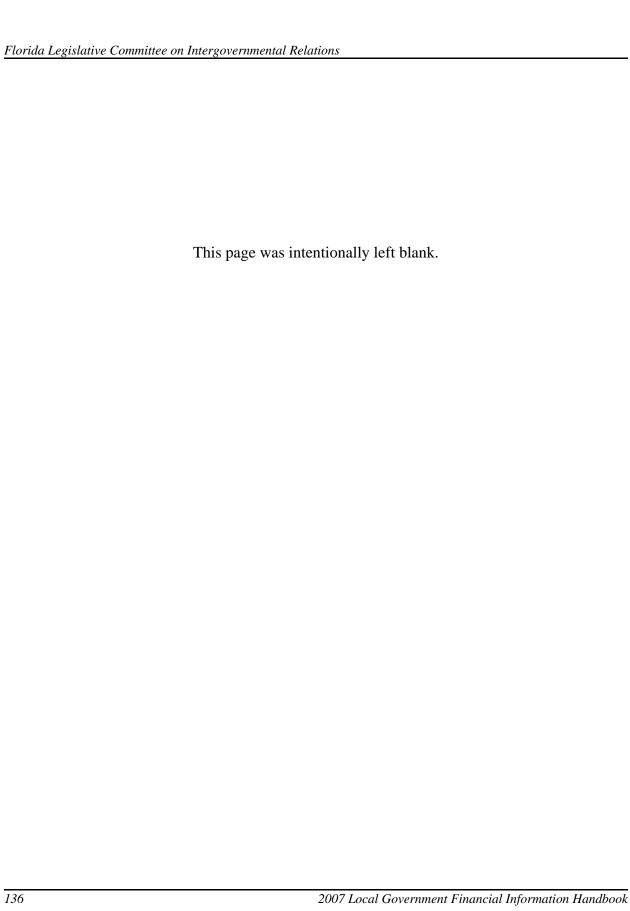

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for individual municipalities and fire control districts in the current fiscal year are available; however, several summaries of prior years' distributions are available via the LCIR's website.<sup>11</sup>

# **Intergovernmental Radio Communication Program**

Section 318.21(9), Florida Statutes

## **Brief Overview**

Civil penalties received by a county court that result from traffic infractions pursuant to the provisions of ch. 318, F.S., shall be distributed and paid monthly as directed by s. 318.21, F.S. From each moving traffic violation, the amount of \$12.50 must be used by the county to fund its participation in an intergovernmental radio communication program. If the county is not participating in a program, the revenues collected must be used to fund local law enforcement automation.

## **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

## **Eligibility Requirements**

All counties are eligible to participate in the program.

## **Administrative Procedures**

The clerk of circuit court shall remit \$12.50 from each moving traffic violation to the county, municipality, or special improvement district depending on the county's participation or lack of participation in an approved intergovernmental radio communication program.

## **Distribution of Proceeds**

If the county participates in an approved program, the funds must be distributed to the county. If the county is not participating in an approved program, the funds must be distributed to the municipality or special improvement district in which the violation occurred or to the county if the violation occurred in the county's unincorporated area.

## **Authorized Uses**

The county must use the revenues to fund its participation in an intergovernmental radio communication program approved by the Department of Management Services. If the county is not participating, the revenues must be used to fund local law enforcement automation.

## **Relevant Attorney General Opinions**

Florida's Attorney General has issued several opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
94-38	Fees collected to upgrade the city's communications system
97-38	Clerks, distribution of civil penalties
97-73	Civil penalty used for law enforcement automation
2005-25	Traffic control, use of civil penalty

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

## **Current and Prior Years' Revenues**

No estimated revenue distributions for local governments in the current fiscal year are available. No data summarizing prior years' revenues are available.

<sup>1.</sup> http://myfloridalegal.com/opinions

## **Local Business Tax**

## formerly Local Occupational License Tax

Chapter 205, Florida Statutes

## **Brief Overview**

The local business tax represents the fees charged and the method by which a local government authority grants the privilege of engaging in or managing any business, profession, and occupation within its jurisdiction. Counties and municipalities may levy a business tax, and the tax proceeds are considered general revenue for the local government. This tax does not refer to any fees or licenses paid to any board, commission, or officer for permits, registration, examination, or inspection.

## **General Law Amendments**

Chapter 2007-97, L.O.F., (CS/SB 1178) revises the date for beginning the annual sale of local business tax receipts from August 1<sup>st</sup> to July 1<sup>st</sup>. In addition, the legislation updates provisions authorizing reclassification and new rate structure revisions to local business taxes by ordinance, deletes counties from such authorization provisions, authorizes decreasing local business tax rates, and clarifies that a county or municipality is not prohibited from decreasing or repealing any business tax authorized under Chapter 205, F.S. These changes became effective on July 1, 2007.

## **Eligibility Requirements**

County and municipal governments are eligible to levy, by appropriate resolution or ordinance, a business tax for the privilege of engaging in or managing any business, profession, or occupation within its jurisdiction.<sup>1</sup>

Each county, as defined in s. 125.011(1), F.S., (i.e., Miami-Dade County) or any adjacent county (i.e., Broward, Collier, and Monroe counties) may levy and collect, by ordinance enacted by the county's governing body, an additional business tax up to 50 percent of the appropriate business tax imposed under s. 205.033(1), F.S., if such ordinance was adopted on or before January 1, 1995.<sup>2</sup>

## **Administrative Procedures**

In order to levy a business tax, the governing body must first give at least 14 days of public notice between the first and last reading of the resolution or ordinance by publishing a notice in a newspaper of general circulation within its jurisdiction as defined by law. The public notice must contain the proposed classifications and rates applicable to the business tax.<sup>3</sup>

- 1. See Sections 205.032, 042, F.S. (2007).
- 2. Section 205.033(6), F.S. (2007).
- 3. Id.

A number of other conditions for levy are imposed on counties and municipalities.<sup>4</sup> The adopted resolution or ordinance must contain classifications of businesses, professions, or occupations that will be subject to the tax as well as the applicable rate structures. The term *classifications* refers to the method by which a business or group of businesses is identified by size or type, or both. The terms *business*, *profession*, and *occupation* do not include the customary religious, charitable, or educational activities of nonprofit religious, nonprofit charitable, and nonprofit educational institutions.<sup>5</sup>

The governing body of a county or municipality may request that the other governmental unit issue its business receipt and collect the relevant tax. However, before any local government issues any business receipts on behalf of another local government, appropriate agreements must be entered into by the affected local governments. All business tax receipts shall be sold by the appropriate tax collector beginning July 1st of each year. The taxes are due and payable on or before September 30th of each year, and the receipts expire on September 30th of the succeeding year. In several situations, administrative penalties are also imposed.

Beginning October 1, 1995, a county or municipality that has not adopted a business tax ordinance or resolution may adopt a business tax ordinance. The classifications and rate structure in the adopted ordinance must be reasonable and based upon the rate structure and classifications prescribed in ordinances adopted by adjacent local governments that have implemented s. 205.0535, F.S. If no adjacent local government has implemented s. 205.0535, F.S., or if the governing body of the county or municipality finds that the rate structures or classifications of adjacent local governments are unreasonable, then an alternative method is authorized. In such a case, the rate structure or classifications prescribed in the ordinance of the local government seeking to impose the tax may be based upon those prescribed in ordinances adopted by local governments that have implemented s. 205.0535, F.S., in counties or municipalities that have a comparable population.<sup>8</sup>

By October 1, 2008, any municipality that has adopted by ordinance a local business tax after October 1, 1995, may, by ordinance, reclassify businesses, professions, and occupations and may establish new rate structures, provided certain conditions have been met. If such conditions have been met, counties and municipalities may, every other year thereafter, increase or decrease by ordinance the rates of business taxes by up to 5 percent. However, an increase may not be enacted by less than a majority plus one vote of the governing body. A county or municipality is not prohibited from decreasing or repealing any authorized local business tax.<sup>9</sup>

<sup>4.</sup> See Sections 205.033, .043, F.S. (2007).

<sup>5.</sup> Section 205.022, F.S. (2007).

<sup>6.</sup> Section 205.045, F.S. (2007).

<sup>7.</sup> Section 205.053, F.S. (2007).

<sup>8.</sup> Section 205.0315, F.S. (2007).

<sup>9.</sup> Section 205.0535, F.S. (2007).

State law exempts, or allows local governments to exempt, certain individuals from all or some portion of local business taxes. <sup>10</sup> State law also regulates the issuance of local business tax receipt to certain individuals or businesses. <sup>11</sup>

## **Distribution of Proceeds**

The revenues derived from the business tax imposed by county governments, exclusive of the costs of collection and any credit given for municipal business taxes, shall be apportioned between the county's unincorporated area and the incorporated municipalities located within the county by a ratio derived by dividing their respective populations by the county's total population. Within 15 days following the month of receipt, the apportioned revenues shall be sent to each governing authority. These provisions do not apply to counties that have established a new rate structure pursuant to s. 205.0535, F.S. 13

## **Authorized Uses**

The tax proceeds can be considered general revenue for the county or municipality. Additionally, the county business tax proceeds may be used for overseeing and implementing a comprehensive economic development strategy through advertising, promotional activities, and other sales and marketing techniques.<sup>14</sup>

The proceeds of the additional county occupational license tax imposed pursuant to s. 205.033(6), F.S., shall be distributed by the county's governing body to a designated organization or agency for the purpose of implementing a comprehensive economic development strategy through advertising, promotional activities, and other sales and marketing techniques.<sup>15</sup>

# **Municipal Pari-Mutuel Tax**

Section 550.105(9), Florida Statutes

## **Brief Overview**

If a live horse or dog race or jai alai game for any stake, purse, prize, or premium is held or conducted within a municipality's corporate limits, such municipality may assess and collect an additional tax against any person conducting such live racing or games. The tax may not exceed \$150 per day for horse racing or \$50 per day for dog racing or jai alai.

## **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

## **Eligibility Requirements**

Any municipality, in which a race or game is held or conducted within its corporate limits, is eligible to assess and collect this tax. The imposition of the tax is pursuant to an ordinance adopted by the governing body. The number of municipalities currently imposing this tax is not known.

## **Administrative Procedures**

The statutory language does not call for the administration of this tax by the Division of Pari-mutuel Wagering; therefore, it is assumed that each municipality levying the tax would be responsible for its administration. A municipality may not assess or collect any other additional excise or revenue tax against any person conducting races within the corporate limits of the municipality or against any patron of any such person, except as otherwise provided in ch. 550, F.S.

## **Distribution of Proceeds**

The statutory language is silent to this issue; therefore, it is assumed that each municipality levying the tax would retain all proceeds.

## **Authorized Uses**

The statutory language is silent to this issue; therefore, it is assumed that the use of the revenue is at the discretion of the governing body.

## **Relevant Attorney General Opinions**

Florida's Attorney General has issued an opinion relevant to this revenue source. The full text of this opinion is available via the searchable on-line database of legal opinions.<sup>1</sup>

Opinion # Subject

94-01 Head tax on gate receipts

Local government officials seeking more clarification should review the opinion in its entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

## **Current and Prior Years' Revenues**

No estimated revenue distributions for individual municipalities in the current fiscal year are available. No data summarizing prior years' revenues to municipalities are available.

<sup>1.</sup> http://myfloridalegal.com/opinions

# **Municipal Parking Facility Space Surcharges**

Sections 166.271, Florida Statutes

## **Brief Overview**

Certain municipalities are authorized to impose and collect parking facility space surcharges. These discretionary per-vehicle surcharges are calculated as a percentage of the amounts charged for the sale, lease, or rental of space at municipal parking facilities that are open to the public. The proceeds are used to reduce the municipality's ad valorem tax millage rate, eliminate non-ad valorem assessments, or improve transportation in downtown or urban core areas.

## **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

## **Eligibility Requirements**

The governing body of any municipality with a population of 200,000 or more, more than 20 percent of the real property of which is exempt from ad valorem taxation, and which is located in a county having a population greater than 500,000 may impose and collect, subject to referendum approval by voters in the municipality, a discretionary per-vehicle surcharge. The surcharge shall be up to 15 percent of the amount charged for the sale, lease, or rental of space at municipal parking facilities that are open for use to the general public and which are not airports, seaports, county administration buildings, or other projects as defined under ss. 125.011 and 125.015, F.S. This surcharge shall not take effect while any surcharge imposed pursuant to s. 218.503(6)(a), F.S., is in effect.

Based on April 1, 2006 official population estimates, only six municipalities (i.e., Hialeah, Jacksonville, Miami, Orlando, Saint Petersburg, and Tampa) had a population of 200,000 or more and were located in a county having a population greater than 500,000. Currently, it is not known which of these six municipalities have more than 20 percent of its real property exempt from ad valorem taxation and impose the surcharge.

#### **Administrative Procedures**

Any municipality imposing the surcharge shall administer it locally and should provide brackets applicable to transactions subject to the surcharge.<sup>2</sup>

<sup>1.</sup> Section 166.271(1), F.S. (2007).

<sup>2.</sup> Id., at (3).

## **Distribution of Proceeds**

Since the surcharge is locally administered, each municipality levying the surcharge retains all proceeds.

## **Authorized Uses**

A municipality imposing the surcharge shall only use the proceeds for the following purposes.<sup>3</sup>

- 1. No less than 60 percent and no more than 80 percent shall be used to reduce the municipality's ad valorem tax millage or to reduce or eliminate non-ad valorem assessments, unless the municipality has previously used the proceeds from the surcharge levied under s. 218.503(6)(b), F.S., to reduce the municipality's ad valorem tax millage or to reduce non-ad valorem assessments.
- 2. No less than 20 percent and no more than 40 percent shall be used to improve transportation, including, but not limited to, street, sidewalk, roadway, landscape, transit, and streetscape beautification improvements in downtown or urban core areas.

## **Relevant Attorney General Opinions**

No opinions specifically relevant to this revenue source have been issued.

## **Current and Prior Years' Revenues**

No estimated revenue distributions for individual municipalities in the current fiscal year are available. No data summarizing prior years' revenues to municipalities are available.

2	TA	04	(1)

## **Public Service Tax**

Sections 166.231-.235, Florida Statutes

## **Brief Overview**

Municipalities and charter counties are authorized to levy by ordinance a public service tax on the purchase of electricity, metered natural gas, liquefied petroleum gas either metered or bottled, manufactured gas either metered or bottled, and water service. The tax shall be levied only upon purchases within the municipality or within the charter county's unincorporated area and shall not exceed 10 percent of the payments received by the seller of the taxable item. Services competitive with those listed above, as defined by ordinance, shall be taxed on a comparable base at the same rates; however, fuel oil shall be taxed at a rate not to exceed 4 cents per gallon. The tax proceeds are considered general revenue for the municipality or charter county.

## **General Law Amendments**

Chapter 2007-37, L.O.F., (SB 1452) repeals s. 166.236, F.S., relating to a public records exemption for information received by a taxing authority in connection with audits conducted for the purpose of ensuring compliance. This change became effective on October 1, 2007.

## **Eligibility Requirements**

All municipalities are eligible to levy the tax within the area of its tax jurisdiction. In addition, municipalities imposing the tax on cable television service as of May 4, 1977, are authorized to continue the tax levy in order to satisfy debt obligations incurred prior to that date.

A charter county, by virtue of numerous legal rulings in Florida case law, may levy the tax within the unincorporated area. For example, the Florida Supreme Court has ruled that charter counties, unless specifically precluded by general or special law, may impose by ordinance any tax in the area of its tax jurisdiction that a municipality may impose.<sup>3</sup> More recently, the Court held that Orange County could levy a public service tax without specific statutory authority to do so.<sup>4</sup>

## **Administrative Procedures**

The tax shall be collected by the seller of the taxable item from the purchaser at the time of payment

- 1. Section 166.231(1), F.S. (2007).
- 2. Id., at (2).
- 3. Volusia County vs. Dickinson, 269 So.2d 9 (Fla. 1972).
- 4. McLeod vs. Orange County, 645 So.2d 411 (Fla. 1994).

for such service.<sup>5</sup> At the discretion of the local taxing authority, the tax may be levied on a physical unit basis. Using this basis, the tax would be levied as follows: electricity, number of kilowatt hours purchased; metered or bottled gas, number of cubic feet purchased; fuel oil and kerosene, number of gallons purchased; and water service, number of gallons purchased.<sup>6</sup> A number of tax exemptions are specified in law.<sup>7</sup>

A tax levy must be adopted by ordinance, and the effective date of every tax levy or repeal must be the beginning of a subsequent calendar quarter: January 1, April 1, July 1, or October 1. The taxing authority shall notify the Department of Revenue (DOR) of a tax levy adoption or repeal at least 120 days before its effective date. Such notification must be furnished on a form prescribed by the DOR and must specify the services taxed, the tax rate applied to each service, and the effective date of the levy or repeal as well as other additional information.<sup>8</sup>

## **Distribution of Proceeds**

The seller of the service shall remit the taxes collected to the governing body in the manner prescribed by ordinance.<sup>9</sup>

## **Authorized Uses**

The tax proceeds can be considered general revenue for the municipality or charter county.

## **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. Interested persons may view the opinions by accessing the website and performing a search using the keyword phrase *public service tax*.

Local government officials seeking more clarification should review the opinions in their entirety. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

# **Vessel Registration Fee**

Section 328.66, Florida Statutes

## **Brief Overview**

Any county may impose an annual registration fee on vessels registered, operated, or stored in the water within its jurisdiction. This fee shall be 50 percent of the applicable state registration fee. Additionally, a municipality that was imposing a registration fee before April 1, 1984, may continue to levy such fee. Monies received from the fee shall be expended for the patrol, regulation, and maintenance of lakes, rivers, and waters as well as for other boating-related activities of such municipality or county.

## **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

## **Eligibility Requirements**

All counties are eligible to impose the fee subject to an ordinance adopted by the governing body. Additionally, a municipality that was imposing a registration fee before April 1, 1984, is authorized to continue levying such a fee.

#### **Administrative Procedures**

County tax collectors collect the fee.

#### **Distribution of Proceeds**

The county shall retain the fee proceeds, less the first dollar of each registration fee which shall be remitted to the state for deposit in the Save the Manatee Trust Fund for expenditure solely on activities related to the preservation of manatees. Any county that imposes the fee may establish, by interlocal agreement with one or more municipalities located in the county, a distribution formula for dividing the proceeds or for the use of the funds for boating-related projects located within the county and/or municipality or municipalities.

## **Authorized Uses**

The revenues received by a county or municipality shall be expended for the patrol, regulation, and maintenance of the lakes, rivers, and waters as well as for other boating-related activities.

## **Relevant Attorney General Opinions**

No opinions specifically relevant to this fee have been issued.

## **Current and Prior Year's Revenues**

No estimated revenue distributions for individual local governments in the current fiscal year are available. No data summarizing prior years' revenues to local governments are available.

# **Local Discretionary Sales Surtaxes**

Sections 212.054-.055, Florida Statutes

## **Brief Overview**

Seven different types of local discretionary sales surtaxes (also referred to as local option sales taxes) are currently authorized in law and represent potential revenue sources for county and municipal governments and school districts. The local discretionary sales surtaxes apply to all transactions subject to the state tax imposed on sales, use, services, rentals, admissions, and other authorized transactions authorized pursuant to ch. 212, F.S., and communications services as defined for purposes of ch. 202, F.S.<sup>2</sup>

The local discretionary sales surtax rate varies from county to county, depending on the particular levies authorized in that jurisdiction. Discretionary sales surtax must be collected when the transaction occurs in, or delivery is into, a county that imposes the surtax, and the sale is subject to state's sales and use tax. The following table summarizes how the surtax is collected.

If the sale occurs in a:	And delivery is in:	The surtax is:
county with a surtax	the same county	collected
county with a surtax	a county without a surtax	not collected
county with a surtax	a different county with a surtax	collected at the county rate
		where delivery is made
county without a surtax	a county with a surtax	collected at the county rate
		where delivery is made
county without a surtax	county without a surtax	not collected

Discretionary sales surtax applies to the first \$5,000 of any single taxable item, when sold to the same purchaser at the same time. Single items include items normally sold in bulk and items assembled to comprise a working unit. The \$5,000 limitation does not apply to the rental of commercial real property, transient rentals, or services. With regard to the sale of motor vehicles, mobile homes, boats, or aircraft, the surtax applies only to the first \$5,000 of the total sales price. On the sale of a motor vehicle or mobile home, the tax rate is determined by the county where the purchaser resides as shown on the title or registration. On the sale of a boat or aircraft, the tax rate is determined by the county where the boat or aircraft is delivered.

The local discretionary sales surtax applies to communications services as broadly defined in ch. 202, F.S. Because the new communications services tax base is much larger than the base under prior law, discretionary sales surtax conversion rates were specified in law. For any county or school

<sup>1.</sup> Section 212.055, F.S. (2007).

<sup>2.</sup> Section 212.054(2), F.S. (2007).

board that levies the surtax, the tax rate on communications services as authorized by s. 202.19(5), F.S., is expressed in law.<sup>3</sup>

## **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to the general administration of these surtaxes; however, legislation did pass that affects individual surtaxes. These changes are summarized in the relevant discussion of individual surtaxes.

Typically, legislation is passed each year that results in changes to the state's sales tax base or sales tax administration. Such changes have the potential for fiscal impact, either positively or negatively, to the amount of sales tax revenues available for distribution to county and municipal governments. However, a summary of such changes is not provided here.

## **Administrative Procedures**

The administrative procedures relevant to local discretionary sales surtaxes are outlined in s. 212.054, F.S. The Department of Revenue (DOR) is charged with administering, collecting, and enforcing those local discretionary sales surtaxes. The governing body of any county levying a local discretionary sales surtax shall enact an ordinance levying the surtax in accordance with the procedures described in s. 125.66(2), F.S. No initial levy or rate increase or decrease shall take effect on a date other than January 1<sup>st</sup>, and no levy shall terminate on a day other than December 31<sup>st</sup>. 6

The proceeds of each county's discretionary sales surtax collections are transferred to the Discretionary Sales Surtax Clearing Trust Fund [hereinafter, the Trust Fund]. A separate account in the Trust Fund shall be established for each county imposing the surtax. The DOR is authorized to take an administrative cost deduction not to exceed 3 percent of the total surtax revenue generated by all levying counties. The administrative cost deduction shall be used only for those costs solely and directly attributable to the surtax, and the costs shall be prorated among those counties levying the surtax on the basis of the amount collected for a particular county to the total amount collected for all counties.<sup>7</sup>

<sup>3.</sup> Section 202.20(3), F.S. (2007).

<sup>4.</sup> Section 212.054(4)(a), F.S. (2007).

<sup>5.</sup> Id., at (6).

<sup>6.</sup> Id., at (5).

<sup>7.</sup> Id., at (4)(b).

## **Reporting Requirements**

The governing body of any county or school board that levies a surtax shall notify the DOR within 10 days after the final adoption by ordinance or referendum of an imposition, termination, or rate change. The DOR must receive this notice no later than November 16<sup>th</sup> prior to the January 1<sup>st</sup> effective date. The notice must specify the rate as well as the time period during which the surtax will be in effect and must include a copy of the ordinance and such other information required by departmental rule. Failure to timely provide such notification to the DOR shall result in the delay of the effective date for a period of one year.<sup>8</sup>

Additionally, the governing body of any county or school board proposing to levy a surtax shall notify the DOR by October 1<sup>st</sup> if the referendum or consideration of the ordinance that would result in the imposition, termination, or rate change of a surtax is scheduled to occur on or after October 1<sup>st</sup> of that year. Failure to timely provide such notification to the DOR shall result in the delay of the effective date for a period of one year.<sup>9</sup>

## **Distribution of Proceeds**

The DOR shall distribute funds using a distribution factor determined for each levying county that is multiplied by the amount available for distribution. The county's distribution factor shall equal the product of the county's latest official population, pursuant to s. 186.901, F.S.; the county's surtax rate; and the number of months the county has levied the surtax during the most recent distribution period divided by the sum of all such products of the counties levying the surtax during the most recent distribution period. The DOR shall compute distribution factors for eligible counties once each quarter and make appropriate quarterly distributions. A county that fails to timely provide information waives its rights to challenge the DOR's determination of the county's share of the revenues.<sup>10</sup>

#### **Tax Rates and Current Year's Revenues**

The tables that follow are designed to aid counties in estimating how much revenue will be or could be generated from a surtax levy. The first table following this section provides a historical summary of surtax impositions, expirations, extensions, rate changes, and repeals based on information obtained from the DOR.<sup>11</sup> The second table summarizes the counties eligible to levy the various local discretionary sales surtaxes and illustrates the 2007 tax rates. The third table provides revenue estimates that county and municipal governments may expect to receive under a 0.5 or 1 percent

<sup>8.</sup> Id., at (7)(a).

#### **Notes**

- 1) Boxed areas indicate those counties or school districts eligible to impose the particular tax.
- 2) The Indigent Care and Trauma Center Surtax consists of two separate levies for different groups of eligible counties. Non-consolidated counties with a total population of 800,000 or more may impose, either by an extraordinary vote of the county's governing body or voter approval in a countywide referendum, a surtax not to exceed 0.5% for the purpose of funding health care services for qualified residents. Non-consolidated counties with a total population of less than 800,000 may impose, subject to voter approval in a countywide referendum, a surtax not to exceed 0.25% for the sole purpose of funding trauma services provided by a trauma center licensed pursuant to Chapter 395. Florida Statutes.
- 3) Pursuant to ss. 212.055(2)(h) and 212.055(3)(f), F.S., a county shall not levy the Local Government Infrastructure, Small County, Indigent Care and Trauma Center, and County Public Hospital surtaxes in excess of a combined rate of 1%.
- 4) Pursuant to s. 212.055(4)(b)5., F.S., a county shall not levy the Local Government Infrastructure, Small County, and Indigent Care and Trauma Center surtaxes in excess of a combined rate of 1%.
- 5) Pursuant to s. 212.055(5)(f), F.S., a county shall not levy the Local Government Infrastructure, Small County, and County Public Hospital surtaxes in excess of a combined rate of 1%.
- 6) Subject to referendum approval, the Voter-Approved Indigent Care Surtax may be levied by counties with less than 800,000 residents at a rate not to exceed 0.5%. However, if a publicly supported medical school is located within the qualifying county (currently, the University of Florida College of Medicine in Alachua County and the Florida State University College of Medicine in Leon County), the rate shall not exceed 1%, pursuant to s. 212.055(7)(a), F.S. Florida's other medical schools receiving public support (i.e., the University of South Florida as well as Nova Southeastern University and University of Miami) are located in counties having a resident population greater than 800,000. Additionally, the governing body of any county that has a population of less than 50,000 residents may levy the surtax, at a rate not to exceed 1%, subject to approval in countywide referendum pursuant to Chapter 2005-242, Laws of Florida. Consequently, if a publicly supported medical school is located in the county, or the county, at a population of less than 50,000 residents, the combined tax rate of this levy and any Local Government Infrastructure Surtax and Small County Surtax levies shall not exceed 1.5% pursuant to s. 212.055(7)(f), F.S. For all other counties eligible to levy this surtax, the combined tax rate shall not exceed 1%.

#### Notes:

- 1) Revenue estimates are based on the \$5,000 cap on transactions.
- 2) The revenue estimates listed in the column labeled "1% Tax Rate Based on Default Formula Distribution" reflect the use of the default formula methodology (i.e., Local Government Half-cent Sales Tax Program LFY 2008 distribution percentages).
- 3) Revenue estimates, based on the default formula methodology, are provided for every jurisdiction even though some counties do not impose a local discretionary sales surtax or an interlocal agreement specifies the distribution percentages in some jurisdictions. These estimates may assist local officials considering a future levy, rate change, or change in distribution methodology.
- 4) For those jurisdictions where the distribution of local discretionary sales surtax proceeds is governed by an interlocal agreement, the revenue estimates as per the agreement are listed in the column labeled "1% Tax Rate Based on Interlocal Agreement Distribution."
- 5) The dollar figures represent a 100 percent distribution of estimated monies.

# **Charter County Transit System Surtax**

Section 212.055(1), Florida Statutes

#### **Brief Overview**

The Charter County Transit System Surtax may be levied at a rate of up to 1 percent by those charter counties that adopted a charter prior to January 1, 1984, as well as by those county governments that have consolidated with one or more municipalities. In the case of charter counties, the levy is subject to a charter amendment approved by a majority vote of the county's electorate. In the case of a consolidated government, the levy is subject to voter approval in a countywide referendum. Generally, the use of the proceeds is for the development, construction, operation, and maintenance of fixed guideway rapid transit systems, bus systems, and roads and bridges.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Authorization to Levy**

Charter counties that adopted a charter prior to January 1, 1984, and county governments that have consolidated with one or more municipalities, may levy this surtax at a rate of up to 1 percent, subject to approval by a majority vote of the county's electorate or a charter amendment approved by a majority vote of the county's electorate.

#### **Counties Eligible to Levy**

The seven counties eligible to levy this surtax are Broward, Duval, Hillsborough, Miami-Dade, Pinellas, Sarasota, and Volusia.

#### **Distribution of Proceeds**

The surtax proceeds shall be deposited into the county trust fund or remitted by the county's governing body to an expressway or transportation authority created by law.

#### **Authorized Uses of Proceeds**

The surtax proceeds shall be applied to as many or as few of the following uses as the county's governing body deems appropriate.

- 1. Deposited into the county trust fund and used for the purposes of development, construction, equipment, maintenance, operation, supportive services, including a countywide bus system, and related costs of a fixed guideway rapid transit system.
- 2. Remitted by the county's governing body to an expressway or transportation authority created by law to be used at the authority's discretion for the development, construction, operation, or maintenance of roads or bridges in the county, for the operation and maintenance of a bus system, for the payment of principal and interest on existing bonds issued for the construction of such roads or bridges, and, upon approval of the county commission, such proceeds may be pledged for bonds issued to refinance existing bonds or new bonds issued for the construction of such roads or bridges.
- 3. Used by the charter county for the development, construction, operation, and maintenance of roads and bridges in the county; for the expansion, operation, and maintenance of bus and fixed guideway systems; for the payment of principal and interest on bonds issued for the construction of fixed guideway rapid transit systems, bus systems, roads, or bridges; and such proceeds may be pledged by the county's governing body for bonds issued to refinance existing bonds or new bonds issued for the construction of such fixed guideway rapid transit systems, bus systems, roads, or bridges and no more than 25 percent used for nontransit uses.
- 4. Used by the charter county for the planning, development, construction, operation, and maintenance of roads and bridges in the county; for the planning, development, expansion, operation, and maintenance of bus and fixed guideway systems; for the payment of principal and interest on bonds issued for the construction of fixed guideway rapid transit systems, bus systems, roads, or bridges; and such proceeds may be pledged by the county's governing body for bonds issued to refinance existing bonds or new bonds issued for the construction of such fixed guideway rapid transit systems, bus systems, roads or bridges. Pursuant to an interlocal agreement entered into pursuant to ch. 163, F.S., the charter county's governing body may distribute surtax proceeds to a municipality, or an expressway or transportation authority created by law to be expended for such purposes.

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this surtax have been issued.

### **Local Government Infrastructure Surtax**

Section 212.055(2), Florida Statutes

#### **Brief Overview**

The Local Government Infrastructure Surtax shall be levied at the rate of 0.5 or 1 percent pursuant to an ordinance enacted by a majority vote of the county's governing body and approved by voters in a countywide referendum. Generally, the proceeds must be expended to finance, plan, and construct infrastructure; to acquire land for public recreation or conservation or protection of natural resources; and to finance the closure of local government-owned solid waste landfills that are already closed or are required to close by order of the Department of Environmental Protection (DEP). Additional spending authority exists for select counties.

#### **General Law Amendments**

Chapter 2007-196, L.O.F., (CS/CS/HB 985) deletes a provision prohibiting a school district, county, or municipality from issuing bonds more than once each year pledging the proceeds of the Local Government Infrastructure Surtax. This change became effective on July 1, 2007.

#### **Authorization to Levy**

Local governments may levy this surtax at a rate of 0.5 or 1 percent. This levy shall be pursuant to an ordinance enacted by a majority of the members of the county's governing body and approved by the voters in a countywide referendum. In lieu of action by the county's governing body, municipalities representing a majority of the county's population may initiate the surtax through the adoption of uniform resolutions calling for a countywide referendum on the issue. If the proposal to levy the surtax is approved by a majority of the electors, the levy shall take effect.

Additionally, the surtax may not be levied beyond the time established in the ordinance if the surtax was levied pursuant to a referendum held before July 1, 1993. If the pre-July 1, 1993, ordinance did not limit the period of the levy, the surtax may not be levied for more than 15 years. There is no state-mandated limit on the length of levy for those surtax ordinances enacted after July 1, 1993. The levy may only be extended by voter approval in a countywide referendum.

This surtax is one of several surtaxes subject to a combined rate limitation. A county shall not levy this surtax and the Small County Surtax, Indigent Care and Trauma Center Surtax, and County Public Hospital Surtax in excess of a combined rate of 1 percent.

#### **Counties Eligible to Levy**

All counties are eligible to levy the surtax.

#### **Distribution of Proceeds**

The surtax proceeds shall be distributed to the county and its respective municipalities according to one of the following procedures.

- 1. An interlocal agreement between the county's governing body and the governing bodies of the municipalities representing a majority of the county's municipal population. This agreement may include a school district with the consent of all governing bodies previously mentioned.
- 2. If there is no interlocal agreement, then the distribution will be based on the Local Government Half-cent Sales Tax formulas provided in s. 218.62, F.S.

#### **Authorized Uses of Proceeds**

A school district, county, or municipalities within the county, or municipalities within another county in the case of a negotiated joint county agreement, may use the surtax proceeds and any accrued interest only for the following purposes.

- 1. Finance, plan, and construct infrastructure.
- 2. Acquire land for public recreation or conservation or protection of natural resources.
- 3. Finance the closure of county or municipal-owned solid waste landfills that are already closed or are required to close by order of the DEP. Any use of such proceeds or interest for purposes of landfill closures prior to July 1, 1993, is ratified.

Neither the proceeds nor any accrued interest shall be used to fund the operational expenses of infrastructure, except that any county with a population of 75,000 or less that is required to close a landfill by order of the DEP may use the proceeds and accrued interest for long-term maintenance costs associated with landfill closures. Counties, as defined in s. 125.011(1), F.S., (i.e., Miami-Dade County) and charter counties may use the proceeds and accrued interest to retire or service indebtedness incurred for bonds issued prior to July 1, 1987, for infrastructure purposes, and for bonds subsequently issued to refund such bonds. Any use of such proceeds or interest for purposes of retiring or servicing indebtedness incurred for such refunded bonds prior to July 1, 1999, is ratified.

The term *infrastructure* is defined as any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction, or improvement of public facilities which have a life expectancy of five or more years and any related land acquisition, land improvement, design, and engineering costs. This definition also includes a fire department vehicle, emergency medical services vehicle, sheriff's office vehicle, police department vehicle, or any other vehicle, and such equipment necessary to outfit the vehicle for its official use or equipment that has a life expectancy of at least five years. Additionally, infrastructure means any expenditure for the construction, lease, or maintenance of, or provision of utilities or security for, those court facilities as defined in s.

29.008, F.S., as well as any fixed capital expenditure or fixed capital outlay associated with the improvement of private facilities that have a life expectancy of 5 or more years and that the owner agrees to make available for use on a temporary basis as needed by a local government as a public emergency shelter or staging area for emergency response equipment during an emergency officially declared by the state or by the local government under s. 252.38, F.S. Additionally, these "private facility" improvements are limited to those necessary to comply with current standards for public emergency evacuation shelters, and the private facility's owner shall enter into a written contract with the local government providing the improvement funding to make such private facility available to the public for purposes of emergency shelter at no cost to the local government for a minimum period of 10 years after the completion of the improvement, with the provision that such obligation will transfer to any subsequent owner until the end of the minimum period.

An amount not to exceed 15 percent of the surtax proceeds may be allocated for the purpose of funding county economic development projects of a general public purpose targeted to improve local economies, including the funding of operational costs and incentives related to such economic development. The referendum ballot statement must indicate the intention to make such an allocation.

School districts, counties, and municipalities may pledge the surtax proceeds for the purpose of servicing new bonded indebtedness. Local governments may use the services of the Division of Bond Finance of the State Board of Administration to issue bonds, and counties and municipalities may join together for the issuance of bonds.

A county with a total population of 50,000 or less on April 1, 1992, or any county designated as an area of critical state concern that imposed the surtax before July 1, 1992, may use the proceeds and accrued interest of the surtax for any public purpose if the county satisfies the following criteria: 1) the debt service obligations for any year are met; 2) the county's comprehensive plan has been determined to be in compliance with part II of ch. 163, F.S., and 3) the county has adopted an amendment to the surtax ordinance pursuant to the procedure provided in s. 125.66, F.S., authorizing additional uses of the proceeds and accrued interest. Those counties designated as an area of critical state concern that qualify to use the surtax for any public purpose may use only up to 10 percent of the surtax proceeds for any public purpose other than for authorized infrastructure purposes. A county that was designated as an area of critical state concern for at least 20 consecutive years prior to removal of the designation, and that qualified to use the surtax for any public purpose at the time of the designation's removal, may continue to use up to 10 percent of the surtax proceeds for any public purpose other than for infrastructure purposes for 20 years following the designation's removal. After the 20 year period expires, a county may continue to use up to 10 percent of the surtax proceeds for any public purpose other than for infrastructure if the county adopts an ordinance providing for such continued use of the surtax proceeds.

Likewise, a municipality located within such a county may not use the proceeds and accrued interest for any purpose other than an authorized infrastructure purpose unless the municipality's

comprehensive plan has been determined to be in compliance with part II of ch. 163, F.S., and the municipality has adopted an amendment to its surtax ordinance or resolution pursuant to the procedure provided in s. 166.041, F.S., authorizing additional uses of the proceeds and accrued interest. Such municipality may expend the proceeds and accrued interest for any public purpose authorized in the amendment.

Despite any other use restrictions to the contrary, a county having a population greater than 75,000 in which the taxable value of real property is less than 60 percent of the just value of real property for ad valorem tax purposes for the tax year in which the referendum is placed before voters, and the municipalities within such a county, may use the surtax proceeds and accrued interest for operation and maintenance of parks and recreation programs and facilities established with the proceeds throughout the duration of the levy or accrued interest earnings are available for such use, whichever period is longer.

### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions.<sup>1</sup> In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	Subject
88-59	Use of discretionary surtax for construction
90-96	Infrastructure surtax proceeds, payment of debt
92-08	Local government infrastructure surtax proceeds
92-81	Discretionary local option infrastructure sales surtax
93-92	Local government infrastructure surtax, purchase of vehicle
94-46	Vehicles purchased with proceeds of sales surtax
94-79	Uses of local government infrastructure surtax
95-71	Tourist development tax / infrastructure surtax
95-73	Counties, infrastructure surtax used to fund engineers
99-24	Capital improvements to property leased by county
2000-06	Expenditure of infrastructure surtax revenues
2001-45	Local government infrastructure surtax, health care
2003-17	Infrastructure surtax use to purchase computer system

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

# **Small County Surtax**

Section 212.055(3), Florida Statutes

#### **Brief Overview**

Any county having a total population of 50,000 or less on April 1, 1992, is authorized to levy the Small County Surtax at the rate of 0.5 or 1 percent. County governments may impose the levy by either an extraordinary vote of the governing body if the proceeds are to be expended for operating purposes or by voter approval in a countywide referendum if the proceeds are to be used to service bonded indebtedness.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Authorization to Levy**

Only small counties, defined as having a total population of 50,000 or less on April 1, 1992, are eligible to levy the surtax. This surtax is one of several surtaxes subject to a combined rate limitation. A county shall not levy this surtax and the Local Government Infrastructure Surtax, Indigent Care and Trauma Center Surtax, and County Public Hospital Surtax in excess of a combined rate of 1 percent.

#### **Counties Eligible to Levy**

Thirty-one counties had a total population of 50,000 or less on April 1, 1992, and are eligible to levy the surtax. However, some eligible counties currently levy the Local Government Infrastructure Surtax at the maximum rate of 1 percent and therefore are not eligible to levy this surtax.

#### **Distribution of Proceeds**

The surtax proceeds shall be distributed to the county and the municipalities within the county according to one of the following procedures.

- 1. An interlocal agreement between the county's governing body and the governing bodies of the municipalities representing a majority of the county's municipal population. This agreement may include a school district with the consent of all governing bodies previously mentioned.
- 2. If there is no interlocal agreement, then the distribution will be based on the Local Government Half-cent Sales Tax formulas provided in s. 218.62, F.S.

#### **Authorized Uses of Proceeds**

If the surtax is levied as a result of voter approval in a countywide referendum, the proceeds and any accrued interest may be used by the school district, county, or municipalities within the county, or municipalities within another county in the case of a negotiated joint county agreement, for the purpose of servicing bonded indebtedness to finance, plan, and construct infrastructure and to acquire land for public recreation, conservation, or protection of natural resources. In this case, infrastructure means any fixed capital expenditure or cost associated with the construction, reconstruction, or improvement of public facilities having a life expectancy of 5 or more years and any related land acquisition, land improvement, design, and engineering costs. If the surtax is levied pursuant to an ordinance approved by an extraordinary vote of the county's governing body, the proceeds and accrued interest may be used for operational expenses of any infrastructure or for any public purpose authorized in the ordinance.

School districts, counties, and municipalities may pledge the surtax proceeds for the purpose of servicing new bonded indebtedness. Local governments may use the services of the Division of Bond Finance of the State Board of Administration to issue bonds. In no case may a jurisdiction issue bonds more frequently than once per year, and counties and municipalities may join together for the issuance of bonds.

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this surtax have been issued.

# **Indigent Care and Trauma Center Surtax**

Section 212.055(4), Florida Statutes

#### **Brief Overview**

This surtax consists of two separate levies for different groups of eligible counties. Non-consolidated counties with a total population of 800,000 or more may impose, either by an extraordinary vote of the county's governing body or voter approval in a countywide referendum, a surtax not to exceed 0.5 percent for the purpose of funding health care services for qualified residents. Non-consolidated counties with a total population of less than 800,000 may impose, subject to voter approval in a countywide referendum, a surtax not to exceed 0.25 percent for the sole purpose of funding trauma services provided by a trauma center licensed pursuant to ch. 395, F.S.

### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

### **Authorization to Levy**

Non-consolidated counties having a total population of 800,000 or more are eligible to levy a surtax at a rate not to exceed 0.5 percent. The surtax can be imposed by either an extraordinary vote of the county's governing body or voter approval in a countywide referendum. However, Miami-Dade County is restricted from levying this surtax because it already has authority to levy the County Public Hospital Surtax.

The ordinance adopted by the governing board providing for the imposition of this surtax shall include a plan for providing health care services to qualified residents. The term *qualified residents* means residents of the authorizing county who meet one of the following criteria.

- 1. Qualified as indigent persons as certified by the county.
- 2. Certified by the county as meeting the definition of medically poor. The term *medically poor* is defined as those persons having insufficient income, resources, and assets to provide the needed medical care without using resources required to meet basic needs for shelter, food, clothing, and personal expenses; not being eligible for any other state or federal program, or having medical needs that are not covered by any such program; or having insufficient third-party insurance coverage.
- 3. Participating in innovative, cost-effective programs approved by the county.

Non-consolidated counties having a total population of less than 800,000 are eligible to levy a surtax at a rate not to exceed 0.25 percent. The surtax can be imposed subject to voter approval in a countywide referendum. The ordinance adopted by the governing board providing for the imposition

of this surtax shall include a plan for providing trauma services to trauma victims in the trauma service area in which such county is located.

Both of these surtaxes, along with two others, are subject to a combined rate limitation. A county eligible to levy either surtax shall not levy it along with the Local Government Infrastructure Surtax and Small County Surtax in excess of a combined rate of 1 percent.

### **Counties Eligible to Levy**

The non-consolidated counties with a total population of 800,000 or more (i.e., Broward, Hillsborough, Orange, Palm Beach, and Pinellas counties) are eligible to levy the 0.5 percent surtax. Duval County is not eligible to levy because it is a consolidated county government. Miami-Dade County is restricted from levying this surtax because it already has authority to levy the County Public Hospital Surtax.

All other counties (i.e., non-consolidated counties with a total population of less than 800,000) are eligible to levy the 0.25 percent surtax. Any such levy in a county shall expire four years after its effective date, unless reenacted by ordinance subject to voter approval in a countywide referendum.

#### **Distribution of Proceeds**

The surtax proceeds shall remain the property of the state and shall be distributed by the Department of Revenue on a regular and periodic basis to the Clerk of Circuit Court as the designated custodian of the proceeds. Depending on the particular surtax levied, the clerk shall perform the following duties.

- 1. Maintain the monies in an indigent health care or trauma services trust fund.
- 2. Invest any funds held on deposit in the trust fund pursuant to general law.
- 3. Disburse the funds, including any interest earned, to any provider of health care services or to the trauma center in its trauma service area upon directive from the authorizing county. If a county has a population of at least 800,000 and has levied the 0.5 percent surtax, notwithstanding any directive of the authorizing county, the Clerk of Circuit Court is required to annually send \$6.5 million to a hospital in the county with a Level I trauma center on October 1<sup>st</sup>. Alternatively, the clerk is required to annually send \$3.5 million to a hospital within the county that has a Level I trauma center if the county enacts and implements a hospital lien law pursuant to ch. 98-499, L.O.F. Such funds are sent in recognition of the Level I trauma center status and shall be in addition to the base contract amount received during fiscal year 1999-2000 and any additional amount negotiated to the base contract. If the hospital receiving funds for its Level I trauma center, or if the trauma center receiving funds, requests the monies be used to generate federal matching funds under Medicaid, the clerk shall instead send the funds to the Agency for Health Care Administration to

- accomplish that purpose to the extent allowed through the General Appropriations Act.
- 4. Prepare on a biennial basis an audit of the indigent health care trust fund and deliver such audit to the county's governing body and to the chair of the legislative delegation of each authorizing county. Prepare on a biennial basis an audit of the trauma services trust fund to be delivered to the authorizing county.

#### **Authorized Uses of Proceeds**

The proceeds of the 0.5 percent surtax are to be used for providing health care services for both indigent persons and the medically poor, including, but not limited to, primary care and preventive care as well as hospital care. The proceeds of the 0.25 percent surtax are to be used for the sole purpose of funding trauma services provided by a trauma center licensed pursuant to ch. 395, F.S.

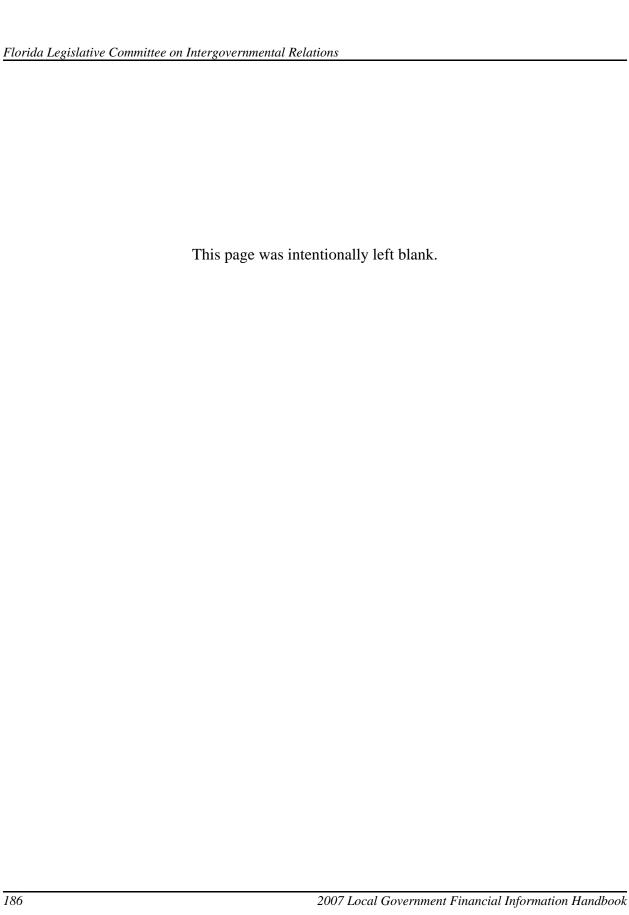

### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a legal opinion relevant to this revenue source. The full text of this opinion is available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinion pertaining to this revenue source.

Opinion # Subject
2005-54 Subject Indigent Care Surtax used for Medicaid contributions

Local government officials seeking more clarification should review the opinion in its entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

<sup>1.</sup> http://myfloridalegal.com/opinions

# **County Public Hospital Surtax**

Section 212.055(5), Florida Statutes

#### **Brief Overview**

Any county, as defined in s. 125.011(1), F.S., [i.e., Miami-Dade County] is authorized to levy the County Public Hospital Surtax at a rate of 0.5 percent. The levy may be authorized either by an extraordinary vote of the county's governing body or voter approval in a countywide referendum. Proceeds shall be used to supplement the operation, maintenance, and administration of the county public general hospital.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Authorization to Levy**

Any county, as defined in s. 125.011(1), F.S., [i.e., Miami-Dade County] is authorized to levy this surtax at a rate of 0.5 percent. The surtax may be enacted either by an extraordinary vote of the county's governing body or voter approval in a countywide referendum. The county must continue to contribute each year at least 80 percent of that percentage of the 1990-91 fiscal year county budget appropriated for the operation, administration, and maintenance of the county public general hospital. The term *county public general hospital* means a general hospital, as defined in s. 395.002, F.S., which is owned, operated, maintained, or governed by the county or its agency, authority, or public health trust.

This surtax is one of several surtaxes subject to a combined rate limitation. An eligible county shall not levy this surtax along with the Local Government Infrastructure Surtax and Small County Surtax in excess of a combined rate of 1 percent.

#### **Counties Eligible to Levy**

Only Miami-Dade County is eligible to levy this surtax.

### **Distribution of Proceeds**

The proceeds from this surtax shall be deposited by the county in a special fund, set aside from other county funds, to be used only for the operation, maintenance, and administration of the county public general hospital. The funds shall be remitted promptly by the county to the agency, authority, or public health trust created by law that administers or operates the county public general hospital.

### **<u>Authorized Uses of Proceeds</u>**

The proceeds are designated to supplement the operation, maintenance, and administration of the county public general hospital.

## **Relevant Attorney General Opinions**

No opinions specifically relevant to this surtax have been issued.

# **School Capital Outlay Surtax**

Section 212.055(6), Florida Statutes

#### **Brief Overview**

Florida's school districts may authorize the levy of the School Capital Outlay Surtax at a rate of up to 0.5 percent pursuant to a resolution conditioned to take effect only upon approval by a majority vote in the countywide referendum. The proceeds must be expended for those school-related capital projects, technology implementation, and bond financing of such projects.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Authorization to Levy**

District school boards may levy, pursuant to resolution conditioned to take effect only upon approval by a majority vote in a countywide referendum, this surtax at a rate of up to 0.5 percent. The resolution shall set forth a plan for use of the surtax proceeds in accordance with the authorized uses.

Any school board imposing the surtax shall implement a freeze on non-capital local school property taxes, at the millage rate imposed in the year prior to the implementation of the surtax, for a period of at least 3 years from the date of imposition. This millage rate provision does not apply to existing debt service or required state taxes.

#### **School Districts Eligible to Levy**

Any district school board is eligible to authorize the imposition of this surtax within the respective county, subject to voter approval in a countywide referendum.

#### **Distribution of Proceeds**

The surtax revenues shall be distributed by the Department of Revenue to the school board imposing the surtax.

#### **Authorized Uses of Proceeds**

The surtax proceeds shall be used to fund fixed capital expenditures or fixed capital costs associated with the construction, reconstruction, or improvement of school facilities and campuses which have a useful life expectancy of 5 or more years, as well as any related land acquisition, land improvement, design, and engineering costs. Additionally, the proceeds shall be used to fund the

costs of retrofitting and providing for technology implementation, including hardware and software, for the various sites within the school district.

The surtax proceeds may be used for the purpose of servicing of bonded indebtedness used to finance those authorized projects, and any accrued interest may be held in trust to finance such projects. The surtax proceeds and any accrued interest shall not be used for operational expenses.

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued several legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	Subject
98-29	School sale surtax referendum, authority to set date
2002-12	School capital outlay surtax, contingent on cap
2002-55	School capital outlay surtax, charter schools
2003-37	School capital outlay surtax
2006-38	Schools, use of school capital outlay surtax

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

<sup>1.</sup> http://myfloridalegal.com/opinions

# **Voter-Approved Indigent Care Surtax**

Section 212.055(7), Florida Statutes

#### **Brief Overview**

Counties with a total population of less than 800,000 are eligible to levy the Voter-Approved Indigent Care Surtax subject to voter approval in a countywide referendum. If a publicly supported medical school is located within the county, the tax rate shall not exceed 1 percent. If no such medical school is located within the county, the tax rate is capped at 0.5 percent. However, any county with a total population of less than 50,000 may levy the surtax at a rate not to exceed 1 percent. The proceeds are to be used to fund health care services for the medically poor.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Authorization to Levy**

Counties having a total population of less than 800,000 are eligible to levy this surtax subject to voter approval in a countywide referendum. If a publicly supported medical school is located within the county, the tax rate shall not exceed 1 percent. Currently, the University of Florida College of Medicine in Alachua County and the Florida State University College of Medicine in Leon County are the only publicly supported medical schools located in a county having a total population less than 800,000. If no such medical school is located within the county, the tax rate is capped at 0.5 percent; however, any county that has a total population of less than 50,000 is eligible to levy this surtax, subject to referendum approval, at a rate not to exceed 1 percent.

The ordinance adopted by the governing board providing for the imposition of the surtax shall include a plan for providing health care services to qualified residents. The term *qualified residents* means residents of the authorizing county who meet one of the following criteria.

- 1. Qualified as indigent persons as certified by the county.
- 2. Certified by the county as meeting the definition of medically poor. The term *medically poor* is defined as those persons having insufficient income, resources, and assets to provide the needed medical care without using resources required to meet basic needs for shelter, food, clothing, and personal expenses; not being eligible for any other state or federal program, or having medical needs that are not covered by any such program; or having insufficient third-party insurance coverage.
- 3. Participating in innovative, cost-effective programs approved by the county.

This surtax is one of several surtaxes subject to a combined rate limitation. A county eligible to levy this surtax shall not levy it along with the Local Government Infrastructure Surtax and the Small County Surtax in excess of a combined rate of 1 percent. However, if a publicly supported medical school is located within the county or the county has a total population of less than 50,000, the combined rate cannot exceed 1.5 percent.

### **Counties Eligible to Levy**

Only those counties having a total population of less than 800,000 are eligible to levy this surtax.

#### **Distribution of Proceeds**

The surtax proceeds shall remain the property of the state and shall be distributed by the Department of Revenue on a regular and periodic basis to the Clerk of Circuit Court as the designated custodian of the proceeds. The clerk shall perform the following duties.

- 1. Maintain the monies in an indigent health care trust fund.
- 2. Invest any funds held on deposit in the trust fund pursuant to general law.
- 3. Disburse the funds, including any interest earned, to any provider of health care services subject to the statutory provisions and upon directive from the authorizing county.
- 4. Disburse the funds, including any interest earned, to service the authorized bond indebtedness upon directive from the authorizing county, which directive may be irrevocably given at the time the bond indebtedness is incurred.

### **<u>Authorized Uses of Proce</u>eds**

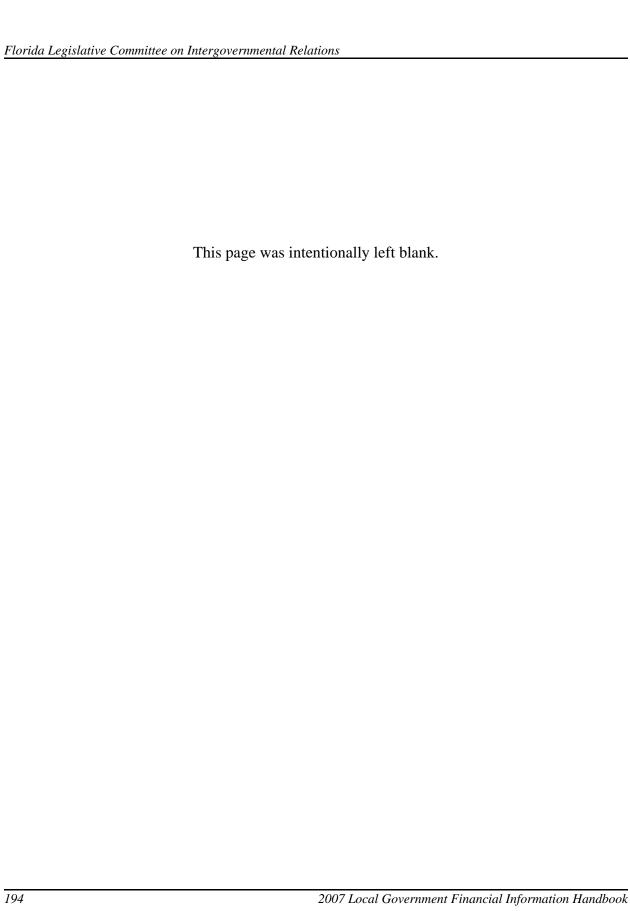

The surtax proceeds are to be used for providing health care services for both indigent persons and the medically poor, including, but not limited to, primary care and preventive care as well as hospital care. In addition to these specified uses, the ordinance adopted by a county that has a total population of less than 50,000 residents may pledge the surtax proceeds to service new or existing bonded indebtedness incurred to finance, plan, construct, or reconstruct a public or not-for-profit hospital in such county and any land acquisition, land improvement, design, or engineering costs related to such hospital. Any county, which has a total population of less than 50,000 residents at the time any authorized bonds are issued, retains the granted authority throughout the terms of such bonds, including the term of any refinancing bonds, regardless of any subsequent population increases that result in the county having 50,000 or more residents.

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a legal opinion relevant to this revenue source. The full text of this opinion is available via the searchable on-line database of legal opinions.<sup>1</sup>

Local government officials seeking more clarification should review the opinion in its entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

<sup>1.</sup> http://myfloridalegal.com/opinions

# **Local Option Food and Beverage Taxes**

Section 212.0306, Florida Statutes

#### **Brief Overview**

Any county, as defined in s. 125.011(1), F.S., [i.e., Miami-Dade County] may impose two separate taxes by ordinance adopted by a majority vote of the county's governing body. A tax of 2 percent may be imposed on the sale of food, beverages, and alcoholic beverages in hotels and motels. The proceeds shall be used for promoting the county and its constituent municipalities as a destination site for conventions, trade shows, and pleasure travel.

With some exceptions, a tax of 1 percent may be imposed on the sale of food, beverages, and alcoholic beverages in establishments that are licensed by the state to sell alcoholic beverages for consumption on the premises, except for hotels and motels. Not less than 15 percent of the proceeds shall be used for construction and operation of domestic violence centers. The remainder shall be used for programs to assist the homeless or those about to become homeless.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Authorization to Levy**

Any county, as defined in s. 125.011(1), F.S., [i.e., Miami-Dade County] may impose two separate taxes by ordinance adopted by a majority vote of the county's governing body. The first tax may be imposed on the sale of food, beverages, and alcoholic beverages in hotels and motels at the rate of 2 percent. A second tax of 1 percent may be imposed on the sale of food, beverages, and alcoholic beverages in establishments that are licensed by the state to sell alcoholic beverages for consumption on the premises, except for hotels and motels. However, this 1 percent tax shall not apply to any alcoholic beverage sold by the package for off-premises consumption.

An authorized tax may take effect on the first day of any month, but may not take effect until at least 60 days after the adoption of the ordinance levying the tax. In addition, two exemptions exist for both taxes. All transactions that are exempt from the state sales tax are also exempt from these taxes. Sales in those municipalities presently imposing the Municipal Resort Tax, as authorized by ch. 67-930, L.O.F., are also exempt. Several additional exemptions also exist for the 1 percent tax. The sales in any establishment licensed by the state to sell alcoholic beverages for consumption on the premises, except for hotels and motels, which had gross annual revenues of \$400,000 or less in the previous calendar year, are exempt. Sales in any veterans' organization are also exempt.

Prior to enactment of the ordinance levying and imposing the 1 percent tax, the county shall appoint a representative task force to prepare and submit a countywide plan to the county's governing body for its approval. The task force shall include, but not be limited to, service providers, homeless persons' advocates, and impacted jurisdictions. The plan shall address the needs of persons who have become, or are about to become, homeless. The county's governing body shall adopt this plan as part of the ordinance levying the 1 percent tax.

### **Counties Eligible to Levy**

Only a county, as defined in s. 125.011(1), F.S., (i.e., Miami-Dade County) is eligible to levy these taxes. According to the Department of Revenue (DOR), the county began levying these taxes on October 1, 1993.

#### **Administrative Procedures**

The county levying either tax must locally administer the tax using the powers and duties enumerated for local administration of the tourist development tax by s. 125.0104, F.S. (1992 Supp.). The county ordinance shall also provide for brackets applicable to taxable transactions.

The county shall also appoint an oversight board including, but not limited to, service providers, domestic violence victim advocates, members of the judiciary, concerned citizens, a victim of domestic violence, and impacted jurisdictions to prepare and submit to the governing body for its approval a plan for disbursing the funds made available for the construction and operation of domestic violence centers. Each member of the county's governing board shall appoint a member, and the county manager shall appoint two members to the oversight board.

#### **Reporting Requirements**

The county shall furnish a certified copy of the ordinance that authorizes the imposition of either tax to the DOR within 10 days after the adoption of the ordinance.

#### **Distribution of Proceeds**

The county shall distribute the proceeds of the 2 percent tax to a countywide convention and visitors' bureau, which by interlocal agreement and contract with the county has been given the primary responsibility for tourist and convention promotion, to be used for those purposes authorized in s. 125.0104(5)(a)2. or 3., F.S. (1992 Supp.). If the county is not or is no longer a party to such an interlocal agreement and contract with a countywide convention and visitors' bureau, the county shall allocate the proceeds for those purposes authorized in s. 125.0104(5)(a)2. or 3., F.S. (1992 Supp.).

The proceeds of the 1 percent tax shall be distributed by the county pursuant to the guidelines provided in the approved plans for addressing homeless needs as well as the construction and operation of domestic violence centers. The county and its respective municipalities shall continue to contribute each year at least 85 percent of aggregate expenditures from the respective county or municipal general fund budget for county-operated or municipally-operated homeless shelter services at or above the average level of such expenditures in the two fiscal years preceding the levy date of this tax.

#### **Authorized Uses of Proceeds**

The proceeds from the 2 percent tax shall be used for the following purposes described in s. 125.0104(5)(a)2. or 3., F.S. (1992 Supp.).

- 1. Promoting and advertising tourism in the State of Florida and nationally and internationally.
- 2. Funding convention bureaus, tourist bureaus, tourist information centers, and news bureaus as county agencies or by contract with the chambers of commerce or similar associations in the county.

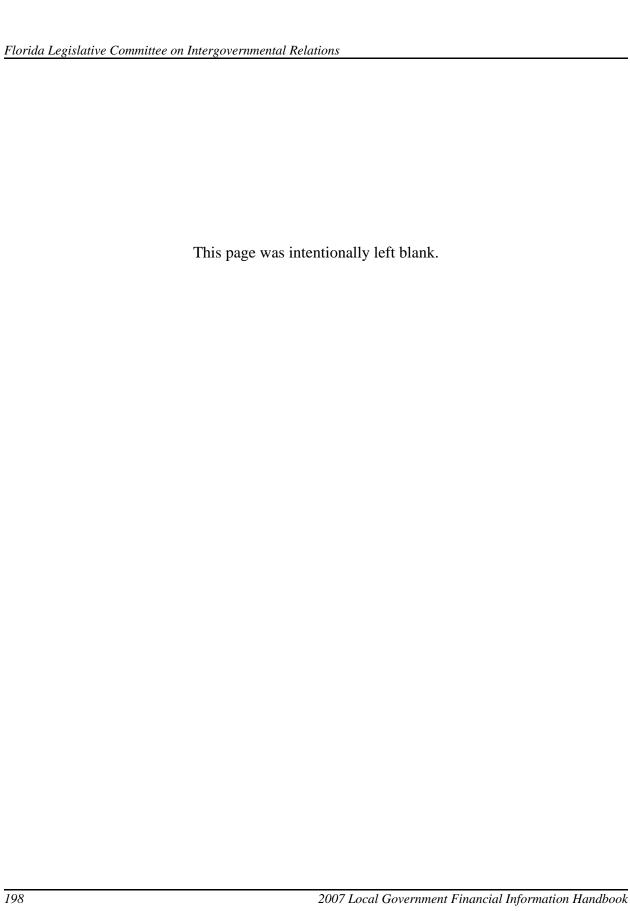

For the first 12 months of the 1 percent tax levy, the proceeds shall be used by the county to assist persons who have become or are about to become homeless. These funds shall be made available for emergency homeless shelters, food, clothing, medical care, counseling, alcohol and drug abuse treatment, mental health treatment, employment and training, education, and housing. Thereafter, not less than 15 percent of the proceeds shall be made available for construction and operation of domestic violence centers. The remainder shall be used for programs to assist the homeless or those about to become homeless. In addition, the proceeds and accrued interest may be used as collateral, pledged, or hypothecated for authorized projects, including bonds issued in connection with such authorized projects.

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to these taxes have been issued.

#### **Current and Prior Years' Revenues**

Due to the fact that the tax is locally administered, the DOR does not calculate revenue estimates for this tax. No data summarizing prior years' revenues are available.

# **Local Option Fuel Taxes**

Sections 206.41(1)(d)-(e), 206.87(1)(b)-(c), 336.021, and 336.025, Florida Statutes

#### **Brief Overview**

County governments are authorized to levy up to 12 cents of local option fuel taxes in the form of three separate levies. The first is a tax of 1 cent on every net gallon of motor and diesel fuel sold within a county. Known as the Ninth-Cent Fuel Tax, this tax may be authorized by an ordinance adopted by an extraordinary vote of the governing body or voter approval in a countywide referendum. Generally, the proceeds may be used to fund transportation expenditures.

The second is a tax of 1 to 6 cents on every net gallon of motor and diesel fuel sold within a county.<sup>2</sup> This tax may be authorized by an ordinance adopted by a majority vote of the governing body or voter approval in a countywide referendum. Generally, the proceeds may be used to fund transportation expenditures.

The third tax is a 1 to 5 cents levy upon every net gallon of motor fuel sold within a county.<sup>3</sup> Diesel fuel is not subject to this tax. This additional tax shall be levied by an ordinance adopted by a majority plus one vote of the membership of the governing body or voter approval in a countywide referendum. Proceeds received from this additional tax may be used for transportation expenditures needed to meet the requirements of the capital improvements element of an adopted local government comprehensive plan.

The Legislature has authorized the statewide equalization of local option tax rates on diesel fuel by requiring that the full 6 cents of the 1 to 6 cents fuel tax as well as the 1 cent Ninth-Cent Fuel Tax be levied on diesel fuel in every county even though the county government may not have imposed either tax on motor fuel or may not be levying the tax on motor fuel at the maximum rate. Consequently, 7 cents worth of local option tax revenue on diesel fuel are distributed to local governments, regardless of whether or not the county government is levying these two taxes on motor fuel at any rate.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to the general administration of these taxes.

<sup>1.</sup> Section 336.021(1)(a), F.S. (2007).

<sup>2.</sup> Section 336.025(1)(a), F.S. (2007).

<sup>3.</sup> Id., at (1)(b).

<sup>4.</sup> See Sections 336.021(6), .025(9), F.S. (2007).

#### **Administrative Procedures**

The Department of Revenue (DOR) administers these taxes and has the authority to deduct its administrative costs incurred in collecting, administering, enforcing, and distributing the proceeds to the counties.<sup>5</sup> Such administrative costs may not exceed 2 percent of collections. Additionally, several deductions from one or more of the local option fuel tax collections are statutorily authorized. These include the General Revenue Service Charge, collection allowances, and refunds.

The total administrative costs shall be prorated among those counties levying the tax according to formula, which shall be revised on July 1<sup>st</sup> of each year. Two-thirds of the amount deducted shall be based on the county's proportional share of the number of dealers who are registered for purposes of ch. 212, F.S., on June 30<sup>th</sup> of the preceding state fiscal year. One-third of the amount deducted shall be based on the county's share of the total amount of tax collected during the preceding state fiscal year. The DOR has the authority to promulgate rules necessary to enforce these taxes, and these rules shall have the full force and effect of law.

The Ninth-Cent Fuel Tax proceeds shall be transferred to the Ninth-Cent Fuel Tax Trust Fund. The 1 to 6 cents of optional fuel tax shall be collected and remitted in the same manner provided by ss. 206.41(1)(e) and 206.87(1)(c), F.S. The 1 to 5 cents of optional fuel tax shall be collected and remitted in the same manner provided by s. 206.41(1)(e), F.S. The remitted taxes shall be transferred to the Local Option Fuel Tax Trust Fund, which was created for distribution of the proceeds to the eligible local governments.

#### **Reporting Requirements**

All local option fuel tax impositions shall be levied before July 1<sup>st</sup> of each year to be effective January 1<sup>st</sup> of the following year. However, tax levies that were in effect on July 1, 2002, and expire on August 31<sup>st</sup> of any year may be reimposed at the current authorized rate effective September 1<sup>st</sup> of the year of expiration. Additionally, the imposition of the 1 to 6 cents tax shall not exceed 30 years.

A certified copy of the ordinance proposing the levy of the Ninth-Cent Fuel Tax pursuant to referendum shall be furnished to the DOR by the county within 10 days after approval of such ordinance; however, the failure to furnish the certified copy will not invalidate the passage of the ordinance. Within 10 days after referendum passage, the county shall notify the DOR of the referendum's passage and the time period during which the tax will be levied. A county levying this tax pursuant to ordinance shall notify the DOR within 10 days after the governing body adopts the ordinance, and the county shall also furnish the DOR with a certified copy of the ordinance.

<sup>5.</sup> See Sections 336.021(2)(a), .025(2)(a), F.S. (2007).

<sup>6.</sup> See Sections 336.021(5), .025(1)(a)1. and (b)1., F.S. (2007).

<sup>7.</sup> Section 336.021(4), F.S. (2007).

By July 1<sup>st</sup> of each year, the county must notify the DOR of the respective tax rates for both the 1 to 6 cents and 1 to 5 cents fuel taxes and of its decision to rescind or change the rate of either tax. In addition, the county must provide the DOR with a certified copy of the interlocal agreement listing the distribution proportions established by such agreement or pursuant to the transportation expenditures methodology, if applicable.<sup>8</sup>

Any dispute as to the determination by the county of distribution proportions for these two taxes shall be resolved through an appeal to the Administration Commission in accordance with procedures developed by the Commission. The Administration Commission is made up of the Governor and the Cabinet and is housed within the Executive Office of the Governor. Pending final disposition of such proceedings, the tax shall be collected, and the Clerk of the Circuit Court shall hold such funds in escrow.

A decision to rescind any of these local option fuel taxes shall not take effect on any date other than December 31<sup>st</sup>. A county must provide a minimum of 60 days notice to the DOR of its decision to rescind a local option fuel tax levy.<sup>10</sup>

#### **Distribution of Proceeds**

The local option fuel taxes on motor fuel shall be distributed monthly by the DOR to the county reported by the terminal suppliers, wholesalers, and importers as the destination of the gallons distributed for retail sale or use. The taxes on diesel fuel shall be distributed monthly by the DOR to each county according to the procedure specified in law.<sup>11</sup>

With regard to the Ninth-Cent Fuel Tax, the governing body of the county may provide, by joint agreement with one or more municipalities located within the county, for the authorized transportation purposes and the distribution of the tax proceeds within both the incorporated and unincorporated areas of the county. However, the county is not required to share the proceeds of this tax with municipalities. <sup>12</sup>

The county's proceeds from the 1 to 6 cents and 1 to 5 cents fuel taxes shall be distributed by the DOR according to the distribution factors determined at the local level by interlocal agreement between the county and municipalities within the county's boundaries. If no interlocal agreement is established, then the distribution shall be based on the transportation expenditures of each local government for the immediately preceding 5 fiscal years, as a proportion of the total of such

<sup>8.</sup> Section 336.025(5)(a), F.S. (2007).

<sup>9.</sup> Id., at (5)(b).

<sup>10.</sup> See Sections 336.021(5), .025(5)(a), F.S. (2007).

<sup>11.</sup> See Sections 336.021(1)(d), .025(2)(a), F.S. (2007).

<sup>12.</sup> Section 336.021(1)(b), F.S. (2007).

expenditures for the county and all municipalities within the county. These proportions shall be recalculated every 10 years based on the transportation expenditures of the immediately preceding 5 years.

This recalculation shall under no circumstances materially or adversely affect the rights of holders of bonds outstanding on July 1, 1986, which are backed by proceeds of the 1 to 6 cents fuel tax. The amounts distributed to the county government and each municipality shall not be reduced below the amount necessary for the payment of principal and interest and reserves for principal and interest as required under the covenants of any bond resolution outstanding on the date of the recalculation.

In addition, any inland county with a population greater than 500,000 as of July 1, 1996, having an interlocal agreement with one or more of the incorporated areas within the county must utilize the population estimates of local government units as of April 1<sup>st</sup> of each year for dividing the proceeds of the 1 to 6 cents fuel tax. <sup>13</sup> This provision applies only to Orange County.

Any newly incorporated municipality, eligible for participation in the distribution of monies under the Local Government Half-cent Sales Tax and Municipal Revenue Sharing Programs and located in a county levying the 1 to 6 cents or 1 to 5 cents fuel tax, is entitled to receive a distribution of the tax revenues in the first full fiscal year following incorporation. The distribution shall be equal to the county's per lane mile expenditure in the previous year times the number of lane miles within the municipality's jurisdiction or scope of responsibility, in which case the county's share would be reduced proportionately; or as determined by the local act incorporating the municipality. Such a distribution shall under no circumstances materially or adversely affect the rights of holders of outstanding bonds that are backed by these taxes. The amounts distributed to the county government and each municipality shall not be reduced below the amount necessary for the payment of principal and interest and reserves for principal and interest as required under the covenants of any bond resolution outstanding on the date of redistribution.

#### **Tax Rates and Current Year's Revenues**

The first table following this section lists the 2007 federal, state, and local fuel tax rates on both motor and diesel fuels by county. The second table lists the estimated motor fuel gallons sold in each county, the motor and diesel fuel tax rates, and estimated tax receipts from motor and diesel fuels. The third table provides local fiscal year 2008 estimated distributions for both the 1 to 6 cents and 1 to 5 cents local option fuel taxes based on countywide tax rates and distribution percentages specified by either locally-determined interlocal agreements or statutory default formula. Inquiries regarding the DOR's estimation of these tax proceeds should be addressed to the Office of Tax Research at (850) 488-2900.

<sup>13.</sup> Section 336.025(3)(a)3., F.S. (2007).

<sup>14.</sup> Id., at (4)(b).

#### **Other Available Information**

Other information relevant to local option fuel taxes can be found via the Internet. A primer detailing Florida's transportation tax sources is available via the Department of Transportation's website. Data summarizing countywide totals of historical local option fuel tax revenue distributions as compiled by the LCIR staff from DOR source data can be found under the heading *Local Option Fuel Taxes* via this LCIR webpage. Local option fuel tax receipts and distributions data by fiscal year and by month can be found via this DOR webpage. 17

#### Notes:

- 1) The federal taxes on motor and diesel fuels are imposed pursuant to Title 26, United States Code.
- 2) The motor fuel tax column entitled "State Taxes" is comprised of 2 cents of constitutional fuel tax imposed pursuant to s. 206.41(1)(a), F.S; 1 cent of county fuel tax imposed pursuant to s. 206.41(1)(b), F.S.; 1 cent of municipal fuel tax imposed pursuant to s. 206.41(1)(c), F.S; and 11.3 cents of fuel sales tax imposed pursuant to s. 206.41(1)(g), F.S.
- 3) The State Comprehensive Enhanced Transportation Systems (SCETS) Tax on motor and diesel fuels is imposed pursuant to ss. 206.41(1)(f), and 206.87(1)(d), F.S., respectively.
- 4) The 2.2 cents of Other Fuel Taxes/Fees reflects the total per gallon equivalent of the following revenue sources: the Tax for Coastal Protection, pursuant to s. 206.9935(1), F.S.; the Tax for Water Quality, pursuant to s. 206.9935(2), F.S.; the Tax for Inland Protection, pursuant to s. 206.9935(3), F.S.; and the Inspection Fee, pursuant to s. 525.09, F.S.
- 5) The local taxes on motor fuel are imposed pursuant to s. 206.41(1)(d)-(e), F.S.
- 6) The diesel fuel tax column entitled "State Taxes" is comprised of 4 cents of excise tax imposed pursuant to s. 206.87(1)(a), F.S., and 11.3 cents of fuel sales tax imposed pursuant to s. 206.87(1)(e), F.S.
- 7) The local taxes on diesel fuel are imposed pursuant to s. 206.87(1)(b)-(c), F.S.

#### Notes

- 1) As the result of statewide equalization, all counties levy the tax on diesel fuel at the \$0.01 rate.
- 2) Dollar figures are provided for each county in the "Estimated Tax Receipts from Motor Fuel" even though all counties do not currently levy the tax on motor fuel. The estimates for non-levying counties are provided for informational purposes only.
- 3) The dollar figures in the "Total Estimated Tax Receipts" represent the estimated distributions to counties based on their respective tax rates on motor and diesel fuels.

# **Local Option Fuel Taxes**

Revenue Estimates for the Local Fiscal Year Ending September 30, 2008

	1 to 6 Ce	ents Local Opti	on Fuel Tax	1 to 5 Cents Local Option Fuel Tax		
	Imposed	on Motor and	Diesel Fuels	Imposed on Motor Fuel Only		
	Motor Fuel	Distribution	Estimated	Motor Fuel	Distribution	Estimated
Local Government	Tax Rate	Percentage	Distribution	Tax Rate	Percentage	Distribution

#### Notes:

- 1) As a result of statewide equalization, all counties levy the 1 to 6 cents local option fuel tax on diesel fuel at the maximum rate of 6 cents. Consequently, the rates listed in that particular column are for motor fuel only.
- 2) Revenue estimates are based on FY 2006-07 distribution percentages specified by either locally-determined interlocal agreements or statutory default formula.
- 3) The revenue estimates are based on the total number of cents imposed by the counties as reflected in the table with the one exception summarized in Note 4.
- 4) For those counties that do not impose the 1 to 5 cents local option fuel tax as indicated by this table, a separate revenue estimate is provided. This estimate represents a countywide distribution based on a hypothetical 1 cent per gallon levy.
- 5) No distribution percentage for the Town of Loxahatchee Groves (Palm Beach County) is available at the present time. Town officials should use another Palm Beach County municipal of comparable population as their reference.

#### **Ninth-Cent Fuel Tax**

Sections 206.41(1)(d), 206.87(1)(b), and 336.021, Florida Statutes

#### **Brief Overview**

The Ninth-Cent Fuel Tax is a tax of 1 cent on every net gallon of motor and diesel fuel sold within a county. The tax may be authorized by an ordinance adopted by an extraordinary vote of the governing body or voter approval in a countywide referendum. Generally, the proceeds may be used to fund transportation expenditures.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Authorization to Levy**

Pursuant to ss. 206.41(1)(d) and 206.87(1)(b), F.S., any county in the state may levy a 1 cent per gallon tax on motor and diesel fuels sold in the county by extraordinary vote of the membership of its governing body or voter approval in a county-wide referendum. Since January 1, 1994, this tax has been imposed on diesel fuel in every county as the result of statewide equalization.

All impositions of the tax shall be levied before July 1<sup>st</sup> to be effective January 1<sup>st</sup> of the following year. However, levies of the tax which were in effect on July 1, 2002, and which expire on August 31<sup>st</sup> of any year may be reimposed at the current authorized rate to be effective September 1<sup>st</sup> of the year of expiration. A decision to rescind the tax shall not take effect on any other date than December 31<sup>st</sup> and shall require a minimum of 60 days notice to the Department of Revenue of such decision.

#### **Counties Eligible to Levy**

All counties are eligible to levy this tax on motor fuel.

#### **Distribution of Proceeds**

The county's governing body may, by joint agreement with one or more of its respective municipalities, provide for the authorized transportation purposes and the distribution of the tax proceeds within both the incorporated and unincorporated areas of the county. However, the county is not required to share the proceeds of the tax with municipalities. Even if the county does not levy the tax on motor fuel, it still receives proceeds from the levy on diesel fuel.

#### **Authorized Uses of Proceeds**

County and municipal governments may use the tax proceeds for transportation expenditures as defined in s. 336.025(7), F.S. Transportation expenditures are defined to include those expenditures by the local government from local or state-shared revenue sources, excluding expenditures of bond proceeds, for the following programs.

- 1. Public transportation operations and maintenance.
- 2. Roadway and right-of-way maintenance and equipment and structures used primarily for the storage and maintenance of such equipment.
- 3. Roadway and right-of-way drainage.
- 4. Street lighting.
- 5. Traffic signs, traffic engineering, signalization, and pavement markings.
- 6. Bridge maintenance and operation.
- 7. Debt service and current expenditures for transportation capital projects in the foregoing program areas, including construction or reconstruction of roads and sidewalks.

Counties are also authorized to expend the revenues received in conjunction with the state or federal government for joint transportation projects.

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
79-98	Cattle gaps, construction and maintenance
81-30	Refund provisions of F.S. 206
82-54	Use of motor fuel tax for road construction, bond issue
83-25	Eligibility for refunds on motor fuel taxes
85-104	Use of excess funds from gas tax trust fund
86-39	Authority to use funds for sports complex
90-79	Local option fuel tax funding transportation disadvantaged

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

## 1 to 6 Cents Local Option Fuel Tax

Sections 206.41(1)(e), 206.87(1)(c), and 336.025, Florida Statutes

#### **Brief Overview**

Local governments are authorized to levy a tax of 1 to 6 cents on every net gallon of motor fuel sold in a county. As the result of statewide equalization, this tax is imposed on diesel fuel in each county at the maximum rate of 6 cents per gallon. The tax on motor fuel may be authorized by an ordinance adopted by a majority vote of the governing body or voter approval in a countywide referendum. Generally, the proceeds may be used to fund transportation expenditures.

#### **General Law Amendments**

Chapter 2007-196, L.O.F., (CS/CS/HB 985) deletes a provision prohibiting counties and municipalities from issuing bonds more than once each year pledging the local option fuel tax proceeds. This change became effective on July 1, 2007.

#### **Authorization to Levy**

The tax shall be levied using either of the following procedures.

- 1. This tax may be levied by an ordinance adopted by a majority vote of the county's governing body or upon approval by referendum. Such ordinance shall be adopted in accordance with the requirements imposed under one of the following circumstances whichever is applicable.
- a. Prior to June 1<sup>st</sup>, the county may establish by interlocal agreement with one or more of the municipalities located within the county, representing a majority of the population of the incorporated area, a distribution formula for dividing the entire proceeds of this fuel tax among the county government and all eligible municipalities within the county. If no interlocal agreement exists, a new interlocal agreement may be established prior to June 1<sup>st</sup>. However, any interlocal agreement executed after the initial levy of the tax, extension of the tax, or change in the tax rate, shall under no circumstances materially or adversely affect the rights of holders of outstanding bonds, which are backed by these taxes. The amounts distributed to the county government and each municipality shall not be reduced below the amount necessary for the payment of principal and interest and reserves for principal and interest as required under the covenants of any bond resolution outstanding on the date of establishment of the new interlocal agreement.
- b. If an interlocal agreement has not been executed, the county may, prior to June 10<sup>th</sup>, adopt a resolution of intent to levy this tax.

2. If no interlocal agreement or resolution is adopted pursuant to the procedures described above, then municipalities representing more than 50 percent of the county population may, prior to June 20<sup>th</sup>, adopt uniform resolutions approving the tax, establishing the duration of the levy and the rate, and setting the date for a county-wide referendum on whether or not to levy the tax. A referendum shall be held in accordance with the provisions of such resolution and applicable state law, provided that the county shall bear the costs of such referendum. The tax shall be levied and collected countywide on January 1<sup>st</sup>, following 30 days after voter approval.

All impositions and rate changes of this tax shall be levied before July 1<sup>st</sup> to be effective January 1<sup>st</sup> of the following year for a period not to exceed 30 years. However, levies of the tax that were in effect on July 1, 2002, and which expire on August 31<sup>st</sup> of any year may be reimposed at the current authorized rate to be effective September 1<sup>st</sup> of the year of expiration. Upon expiration, the tax may be re-levied provided that a redetermination of the method of distribution is made.

#### **Counties Eligible to Levy**

All counties are eligible to levy this tax on motor fuel. However, counties and municipalities must meet the same eligibility requirements as specified for the Local Government Half-cent Sales Tax Program and the County and Municipal Revenue Sharing Programs in order to receive proceeds from this tax. Any funds otherwise undistributed because of ineligibility shall be distributed to eligible governments within the county in the same proportion as other local option fuel tax monies. Since the tax is imposed on diesel fuel at the maximum rate of 6 cents in all counties as the result of statewide equalization, each county receives the tax revenues associated with that levy regardless of whether or not the county is levying the tax on motor fuel.

#### **Distribution of Proceeds**

The tax proceeds shall be distributed by the Department of Revenue (DOR) according to the distribution factors determined at the local level by interlocal agreement between the county and municipalities within the county's boundaries. If no interlocal agreement has been established, then the distribution shall be based on the transportation expenditures of each local government for the immediately preceding 5 fiscal years, as a proportion of the total of such expenditures for the county and all municipalities within the county. These proportions shall be recalculated every 10 years based on the transportation expenditures of the immediately preceding 5 years. This recalculation shall under no circumstances materially or adversely affect the rights of holders of bonds outstanding on July 1, 1986, which are backed by the proceeds. The amounts distributed to the county government and each municipality shall not be reduced below the amount necessary for the payment of principal and interest and reserves for principal and interest as required under the covenants of any bond resolution outstanding on the date of the recalculation.

If the interlocal agreement does not provide for automatic adjustments or periodic review of the distribution method by the local governmental entities, then the parties to the agreement shall review and hold public hearings on the terms of the agreement at least every two years. Additionally, any inland county with a population greater than 500,000 as of July 1, 1996, having an interlocal agreement with one or more of the incorporated areas within the county must utilize the population estimates of local government units as of April 1<sup>st</sup> of each year for dividing the proceeds. This provision applies only to Orange County.

#### **Authorized Uses of Proceeds**

County and municipal governments may use the tax proceeds for transportation expenditures as defined in s. 336.025(7), F.S. Transportation expenditures are defined to include those expenditures by the local government from local or state-shared revenue sources, excluding expenditures of bond proceeds, for the following programs.

- 1. Public transportation operations and maintenance.
- 2. Roadway and right-of-way maintenance and equipment and structures used primarily for the storage and maintenance of such equipment.
- 3. Roadway and right-of-way drainage.
- 4. Street lighting.
- 5. Traffic signs, traffic engineering, signalization, and pavement markings.
- 6. Bridge maintenance and operation.
- 7. Debt service and current expenditures for transportation capital projects in the foregoing program areas, including construction or reconstruction of roads and sidewalks.

Small counties, which are defined as having a total population of 50,000 or less on April 1, 1992, and municipalities within such counties are authorized to use the proceeds to fund infrastructure projects, if such projects are consistent with the local government's approved comprehensive plan. If the approval or denial of the plan has not become final, such projects should be consistent with the plan last submitted to the state land-planning agency. In addition, no more than an amount equal to the proceeds from 4 cents of this tax for the express purpose of paying for a court-ordered refund of special assessments.

Except as provided for in s. 336.025(7), F.S., such funds shall not be used for the operational expenses of any infrastructure. Such funds may be used for infrastructure projects only after the local government, prior to the fiscal year in which the funds are proposed to be used, or if pledged for bonded indebtedness, prior to the fiscal year in which the bonds will be issued, has held a duly noticed public hearing on the proposed use of the funds and adopted a resolution certifying that the local government has met all of the transportation needs identified in its approved comprehensive plan. If the approval or denial of the plan has not become final, the resolution should certify that the local government has met all transportation needs consistent with the plan last submitted to the state

land-planning agency. Additionally, the proceeds shall not be pledged for bonded indebtedness for a period exceeding 10 years, with one exception. For the express purpose of using such proceeds in any fiscal year to pay a court-ordered refund of special assessments, the proceeds may be pledged for bonded indebtedness not exceeding 15 years. For these purposes, the term *infrastructure* has the same meaning as provided in s. 212.055, F.S.

Local governments may use the services of the Division of Bond Finance of the State Board of Administration to issue any bonds through these provisions and may pledge the revenues from these local option fuel taxes to secure the payment of bonds. Counties and municipalities may join together for the issuance of these bonds.

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
90-79	Local option tax funding transportation disadvantaged
92-20	Use of local option gas tax funds
93-12	Distribution of local option gas tax
94-20	Local option gas tax revenues
94-67	Referendum vote creating the City of Port LaBelle
99-70	Municipalities, dredging canals as part of road program
2000-37	Interest on municipal fuel tax fund, uses
2002-02	Local option fuel tax, used for bicycle paths

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

<sup>1.</sup> http://myfloridalegal.com/opinions

## 1 to 5 Cents Local Option Fuel Tax

Sections 206.41(1)(e) and 336.025, Florida Statutes

#### **Brief Overview**

County governments are authorized to levy a tax of 1 to 5 cents upon every net gallon of motor fuel sold within a county. Diesel fuel is not subject to this tax. This tax shall be levied by an ordinance adopted by a majority plus one vote of the membership of the governing body or voter approval in a countywide referendum. The tax proceeds may be used for transportation expenditures needed to meet the requirements of the capital improvements element of an adopted local government comprehensive plan or for expenditures needed to meet the immediate local transportation problems and for other transportation-related expenditures that are critical for building comprehensive roadway networks by local governments.

#### **General Law Amendments**

Chapter 2007-196, L.O.F., (CS/CS/HB 985) deletes a provision prohibiting counties and municipalities from issuing bonds more than once each year pledging the local option fuel tax proceeds. This change became effective on July 1, 2007.

#### **Authorization to Levy**

The tax may be levied by an ordinance adopted by a majority plus one vote of the county's governing body or upon approval by referendum and is levied on motor fuel only. All impositions and rate changes of the tax shall be levied before July 1<sup>st</sup>, to be effective January 1<sup>st</sup> of the following year. However, levies of the tax which were in effect on July 1, 2002, and which expire on August 31<sup>st</sup> of any year may be reimposed at the current authorized rate to be effective September 1<sup>st</sup> of the year of expiration. A decision to rescind the tax shall not take effect on any other date than December 31<sup>st</sup> and shall require a minimum of 60 days notice to the Department of Revenue (DOR) of such decision.

The county may, prior to levy of the tax, establish by interlocal agreement with one or more of its respective municipalities representing a majority of the county's incorporated area population, a distribution formula for dividing the entire proceeds of this fuel tax among the county government and all eligible municipalities. If no interlocal agreement is adopted before the effective date of the tax, the tax revenues shall be distributed according to the transportation expenditures methodology described in detail in the section, Distribution of Proceeds, discussed below. If no interlocal agreement exists, a new agreement may be established prior to June 1<sup>st</sup> of any year. However, any interlocal agreement established after the initial levy of the tax or change in the tax rate shall under no circumstances materially or adversely affect the rights of holders of outstanding bonds, which are backed by these taxes, and the amounts distributed to each local government shall not be reduced below the amount necessary for the payment of principal and interest and reserves for principal and

interest as required under the covenants of any bond resolution outstanding on the date of establishment of the new interlocal agreement.

#### **Counties Eligible to Levy**

All counties are eligible to levy this tax. However, counties and municipalities must meet the same eligibility requirements as specified for the Local Government Half-cent Sales Tax Program and the County and Municipal Revenue Sharing Programs in order to receive proceeds from this tax. Any funds otherwise undistributed because of ineligibility shall be distributed to eligible governments within the county in same proportion as other local option fuel tax monies.

#### **Distribution of Proceeds**

The tax proceeds shall be distributed by the DOR according to the distribution factors determined at the local level by interlocal agreement between the county and municipalities within the county's boundaries. If the interlocal agreement does not provide for automatic adjustments or periodic review of the distribution method by the local government entities, then the parties to the agreement shall review and hold public hearings on the terms of the agreement at least every two years.

If no interlocal agreement is established, then the distribution shall be based on the transportation expenditures of each local government for the immediately preceding 5 fiscal years, as a proportion of the total of such expenditures for the county and all municipalities within the county. These proportions shall be recalculated every 10 years based on the transportation expenditures of the immediately preceding 5 years.

This recalculation shall under no circumstances materially or adversely affect the rights of holders of bonds outstanding on July 1, 1986, which are backed by the proceeds. The amounts distributed to the county government and each municipality shall not be reduced below the amount necessary for the payment of principal and interest and reserves for principal and interest as required under the covenants of any bond resolution outstanding on the date of the recalculation.

#### **Authorized Uses of Proceeds**

The tax proceeds shall be used for transportation expenditures needed to meet the requirements of the capital improvements element of an adopted comprehensive plan or for expenditures needed to meet the immediate local transportation problems and for other transportation-related expenditures that are critical for building comprehensive roadway networks by local governments. Expenditures for the construction of new roads, the reconstruction or resurfacing of existing paved roads, or the paving of existing graded roads shall be deemed to increase capacity and such projects shall be included in the capital improvements element of an adopted comprehensive plan. Routine maintenance of roads is not considered an authorized expenditure.

Local governments may use the services of the Division of Bond Finance of the State Board of Administration to issue any bonds through these provisions and may pledge the revenues from these local option fuel taxes to secure the payment of bonds. Counties and municipalities may join together for the issuance of these bonds.

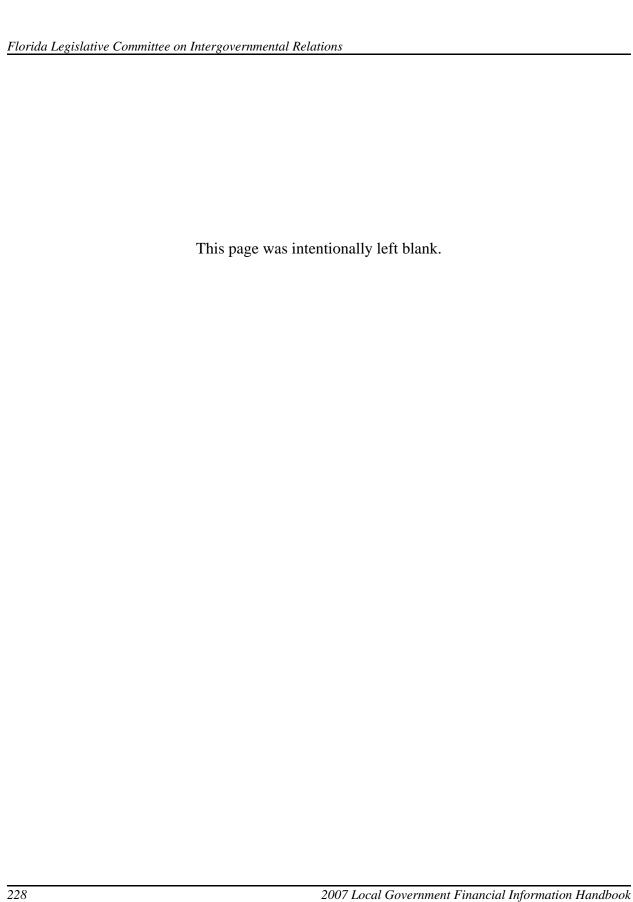

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued several legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
94-20	Local option gas tax revenues
94-67	Referendum vote creating the City of Port LaBelle
97-25	County local option fuel tax funding transit operations
2002-02	Local option fuel tax, used for bicycle paths

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

## **Municipal Resort Tax**

Chapter 67-930, Laws of Florida, As amended by Chapters 82-142, 83-363, 93-286, and 94-344, Laws of Florida

#### **Brief Overview**

The Municipal Resort Tax may be levied at a rate of up to 4 percent on transient rental transactions, and up to 2 percent on the sale of food and beverages consumed in restaurants and bars in certain municipalities whose respective county population fell within specified limits based on the 1960 Census and whose municipal charter specifically provided for the levy of this tax prior to January 1, 1968. The tax levy must be adopted by an ordinance approved by the governing body. Revenues can be used for tourism promotion activities, capital construction and maintenance of convention and cultural facilities, and relief of ad valorem taxes used for those purposes.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

#### **Authorization to Levy**

Municipalities in counties having a population of not less than 330,000 and not more than 340,000 (i.e., Broward County) and in counties having a population of more than 900,000 (i.e., Miami-Dade County), according to the 1960 decennial census, whose charter specifically provided or whose charter was so amended prior to January 1, 1968, for the levy of this exact tax, are eligible to impose it by ordinance adopted by the governing body. The tax shall be levied upon the rent of every occupancy of a room or rooms in any hotel, motel, apartment house, rooming house, tourist or trailer camp, as the same are defined in part I of ch. 212, F.S., and upon the retail sale price of all items of food or beverages sold at retail, and of alcoholic beverages sold at retail for consumption on the premises at any place of business required by law to be licensed by the state hotel and restaurant commission or by the state beverage department. However, the tax shall not apply to those sales the amount of which is less than 50 cents nor to sales of food or beverages delivered to a person's home under a contract providing for deliveries on a regular schedule when the price of each meal is less than \$10.

#### Municipalities Eligible to Levy

Currently, only three municipalities in Miami-Dade County (i.e., Bal Harbour, Miami Beach, and Surfside) are eligible to impose the tax. According to the Department of Revenue (DOR), all three municipalities are imposing the tax at the following rates: 4 percent of transient rental transactions and 2 percent on the sale of food and beverages.

#### **Administrative Procedures**

It is the duty of every person renting a room or rooms and every person selling at retail food or beverages or alcoholic beverages for consumption on the premises to act as the collection agent. Every such person must collect, report, and pay over to the municipality all such taxes imposed, levied, and collected, in accordance with the accounting and other provisions of the enacted ordinance. Any municipality collecting the tax shall have the same duties and privileges as the DOR under part I of ch. 212, F.S., and may use any power granted to the DOR under this part, including enforcement and collection procedures and penalties, which shall be binding upon all persons and entities that are subject to the tax. Additionally, municipalities responsible for administering the tax shall participate in the Registration Information Sharing and Exchange (RISE) Program and share tax administration information as prescribed by the DOR.

#### **Distribution of Proceeds**

The governing body may authorize by ordinance the creation of an authority or commission empowered to contract and be contracted with its own name as an agency of the municipality to expend such portion of the proceeds of this tax as the body may determine appropriate.

#### **Authorized Uses of Proceeds**

The tax proceeds shall only be used for the creation and maintenance of convention and publicity bureaus; development and maintenance of art and cultural centers; enhancement of tourism; publicity and advertising; construction, operation, and maintenance of auditoriums, community centers, and convention structures; or relief from ad valorem taxes being used for any of these other purposes.

#### **Relevant Attorney General Opinions**

No opinions specifically relevant to this tax have been issued.

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for eligible municipal governments for the current fiscal year are available. No data summarizing prior years' revenues are currently available.

<sup>1.</sup> Section 213.0535, F.S. (2007).

## **Tourist Development Taxes**

Section 125.0104, Florida Statutes

#### **Brief Overview**

Current law authorizes five separate tourist development taxes on transient rental transactions. Depending on a county's eligibility to levy, the maximum tax rate varies from a minimum of 3 percent to a maximum of 6 percent. The levies may be authorized by vote of the county's governing body or referendum approval. Generally, the revenues may be used for capital construction of tourist-related facilities, tourist promotion, and beach and shoreline maintenance; however, the authorized uses vary according to the particular levy.

#### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to these revenue sources.

#### **Authorization to Levy**

Any county may levy and impose a tourist development tax on the exercise within its boundaries of the taxable privilege except there shall be no additional levy of a tourist development tax in any municipalities presently imposing the Municipal Resort Tax as authorized in ch. 67-930, L.O.F. Additionally, no county authorized to levy any of the convention development taxes shall be allowed to levy more than 2 percent of tourist development tax. However, this second limitation does not apply to a county's levy of the Professional Sports Franchise Facility Tax<sup>2</sup> and Duval County's levy of the Additional Professional Sports Franchise Facility Tax.

A county may elect to levy and impose the tourist development tax in a subcounty special district. However, if a county elects to levy and impose the tax on a subcounty special district basis, the district shall embrace all or a significant contiguous portion of the county. The county shall assist the Department of Revenue (DOR) in identifying the rental units in the district that are subject to the tax.

These levies require the adoption of an authorizing ordinance by vote of the county's governing body. Additionally, some levies require referendum approval or provide the option for the tax to be approved by referendum. Depending on the particular tax levy, the effective date of the levy and imposition of the tax shall be the first day on the second month following approval of the ordinance

<sup>1.</sup> Section 125.0104(3)(b), F.S. (2007).

<sup>2.</sup> Id., at (3)(1)4.

<sup>3.</sup> Id., at (3)(n)2.

by referendum, as prescribed in s. 125.0104(6), F.S., or the first day of any subsequent month as may be specified in the ordinance.

At least 60 days prior to the enactment of the ordinance levying the tax, the county's governing body shall adopt a resolution establishing and appointing the members of the county tourist development council and indicating the intention of the county to consider the enactment of an ordinance levying and imposing the tax. The tourist development council, prior the enactment of the ordinance, shall prepare and submit to the county's governing body for its approval a plan for tourist development. Please note that these provisions regarding the establishment of a county tourist development council and the submission of a tourist development plan only applies to the 1 or 2 percent tax pursuant to s. 125.0104(3)(c), F.S., since the other levies are exempted from these requirements.

The plan shall set forth the anticipated net tax revenue to be derived by the county for two years following the levy of the tax as well as indicate the tax district in which the tourist development tax is proposed. In addition, the plan shall provide a list, in order of priority, of the proposed uses of the tax revenue by specific project or special use as well as the approximate cost or expense allocation for each specific project or special use. The governing body shall adopt the county plan for tourist development as part of the ordinance levying the tax.

#### **Administrative Procedures**

It is the Legislature's intent that every person who rents, leases, or lets for consideration any living quarters or accommodations in any hotel, apartment hotel, motel, resort motel, apartment, apartment motel, roominghouse, mobile home park, recreational vehicle park, or condominium for a term of six months or less is exercising a taxable privilege, unless such person rents, leases, or lets for consideration any living quarters or accommodations which are exempt according to the provisions of ch. 212, F.S.

The tax shall be charged by the person receiving the consideration for rent or lease at the time of payment for such lease or rental. Such person is responsible for receiving, accounting for, and remitting any applicable tax to the DOR. The DOR shall keep records showing the amount of taxes collected, including records disclosing the amount of taxes collected from each county in which a tax is levied. The DOR shall promulgate such rules and publish such forms as necessary to enforce these taxes.<sup>5</sup>

A county may exempt itself from the requirements that the tax be administered by the DOR according to ch. 212, F.S., if the county adopts an ordinance providing for local collection and administration of the tax. A portion of the tax collections may be retained by the county for its administrative costs; however, that portion cannot exceed 3 percent of collections. A county electing

<sup>4.</sup> Id., at (4).

<sup>5.</sup> Id., at (3).

to locally administer the tax shall also adopt an ordinance electing either to assume all responsibility for auditing the records and accounts of dealers and assessing, collecting, and enforcing payments of delinquent taxes, or delegate such authority to the DOR.<sup>6</sup>

#### **Reporting Requirements**

For each levy, the county is responsible for furnishing the DOR with a certified copy of the ordinance within 10 days after its approval. If applicable, the county shall also notify the DOR within 10 days after the ordinance's approval by referendum of the time period during which the tax will be levied.<sup>7</sup>

#### **Distribution of Proceeds**

Tax collections received by the DOR, less the costs of administration, shall be paid monthly to the county, which imposed the particular tax or taxes. The funds shall be placed in the county tourist development trust fund of the respective county, which shall be established by each county as a precondition to the receipt of such funds.<sup>8</sup>

#### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

Opinion #	<u>Subject</u>
77-81	Counties, tourist development tax
79-30	Tourist development tax, usage
83-18	Use of tourist tax for convention center
86-68	Use of tourist development tax to maintain beaches
86-87	Funds used for advertising
86-96	Authority to increase tourist development tax
87-16	Use of tourist tax to improve shoreline
88-37	Local option tourist development tax
88-49	Use of tourist development tax
89-50	Tourist tax revenues used for travel expenses
90-14	Revenues derived from tourist development tax

<sup>6.</sup> Id., at (10).

<sup>7.</sup> Id., at (4)(a).

00.82 Immunity from suit, county tourist development councils
90-83 Immunity from suit, county tourist development councils
91-62 Tourist development tax revenues
92-03 Clerk of Court's authority regarding tourist development tax
92-16 Tourist development tax – Concert in the Park
92-34 Use of tourist development tax revenue
92-66 Tourist development tax revenues, purchase of all terrain vehic
Ounty use of tourist development tax revenues for rail trail
95-71 Tourist development tax, infrastructure surtax
96-26 Tourist development tax, creation of second district
96-54 Tourist development tax funds for raceway facility
97-13 Tourist development tax, foreign national's residence
97-48 Tourist development tax revenues for artificial reef
97-64 Tourist development tax, convention development tax
78-74 Tourist development tax, construction of war memorial
Tourist development tax, use of tax for museum parking lot
2000-25 Tourist development tax revenues
2000-29 Tourist development tax, transfer of revenues
2000-50 Tourist development tax, welcome signs
2000-56 Use of tourist development tax to pay debt service
Tourist development tax, purchase of beach property
Tourist development tax, taxability of boat slips

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

#### Tax Rates; Current and Prior Years' Revenues

As evidenced by the experiences of counties levying them, optional tourist taxes can be a valuable source of revenue for tourist facilities development and promotion. The tables that follow are designed to aid counties in estimating how much revenue will be or could be generated from the levy of a tourist tax.

These tables are useful in estimating revenues; however, the user should recognize their limitations. Besides seasonal factors and normal variation due to general economic conditions, county tourist tax revenues can be influenced by a variety of factors. Examples of such factors include the value of the dollar, temporary surpluses or shortages in the stock of hotel and motel rooms, and the availability of convention facilities. In estimating revenue from such a limited tax base, there is not a substitute for a working knowledge of local events and conditions.

#### History of Local Option Tourist Tax Rates and Current Tax Rates

The first table following this section provides a historical summary of tourist and convention development tax impositions, expirations, rate changes, and repeals based on information obtained from the DOR.<sup>10</sup> The second table summarizes the counties eligible to levy the various local option tourist taxes and illustrates the 2007 tax rates.

#### Taxable Sales Reported by Transient Rental Facilities

The third table reports the taxable sales by transient rental facilities on a county-by-county basis and may be useful in identifying the general trend of potential collections as well as estimating revenues from tourist development tax levies. The dollar figures reported in this table represent taxable sales as reported by hotels and motels for state sales tax purposes. Please note that these figures represent all sales for businesses whose primary activity involve transient rentals; therefore, reported amounts include restaurant sales, bar sales, and room service. However, only room charges are subject to the tourist tax.

Based upon experience in those counties that have imposed a tourist tax, the DOR has determined that taxable room charges represent an average of 70 percent of total reported hotel and motel sales. However, there is considerable variation from county to county. The DOR has determined that a low room/total sales ratio represents counties where taxable room charges represent approximately 55.2 percent of total reported transient rental facilities sales. A high room/total sales ratio represents counties where taxable room charges represent 81.6 percent of total sales.

In order to calculate a revenue estimate using this table, first determine which ratio of room sales to total transient facility sales (i.e., low, average, or high) best represents the county's current situation. Next, multiply the appropriate ratio by the county's estimate of taxable sales reported by transient rental facilities. Finally, take that product and multiply it by the county's applicable or proposed tax rate (i.e., 0.01, 0.02, or 0.03, etc.). Please note that the county estimates of taxable sales are based on the state fiscal year. Inquiries regarding the DOR's estimation of taxable sales reported by transient rental facilities should be addressed to the Office of Tax Research at (850) 488-2900. Several summaries of prior years' revenues are available via the LCIR's website.<sup>11</sup>

#### Notes

- 1) County names followed by an asterick indicate those counties that self-administer these taxes, and boxed areas indicate those counties eligible to impose a particular tax.
- 2) The three counties (Duval, Miami-Dade, and Volusia) authorized to levy a convention development tax are precluded from levying more than 2% of tourist development taxes. However, this prohibition does not apply to the levy of the Professional Sports Franchise Facility Tax. In addition, this prohibition does not apply in a county authorized to levy the Consolidated County Convention Development Tax if such county also levies the Additional Professional Sports Franchise Facility Tax. This exemption is applicable only to Duval County.
- 3) The county-wide tourist development tax rate for Miami-Dade County is 3% except within the municipal jurisdictions of Bal Harbour, Miami Beach, and Surfside, which are eligible to impose the Municipal Resort Tax.
- 4) The tourist development tax levies in Bay, Nassau, Okaloosa, and Walton counties are less than county-wide.
- 5) In Santa Rosa County, the countywide tourist development tax rate is 2%. The rate in the special taxing district of Navarre Beach is 3%; however, the funds generated from this levy go to Escambia County pursuant to an agreement adopted when this area was transferred to Santa Rosa County by Escambia County.

#### 1 or 2 Percent Tax

Section 125.0104(3)(c), Florida Statutes

#### **Brief Overview**

This tourist development tax may be levied by the county's governing body at a rate of 1 or 2 percent on the total consideration charged for transient rental transactions. The tax shall be levied pursuant to an ordinance containing the enacted county tourist development plan. The ordinance must be approved in a countywide referendum election or by a majority of voters in the subcounty special tax district affected by the tax. Generally, the revenues may be used for capital construction of tourist-related facilities, tourist promotion, and beach and shoreline maintenance.

#### **Counties Eligible to Levy**

All counties are eligible to levy the tax.

#### **Authorized Uses of Proceeds**

Any use of the tax proceeds not expressly authorized is prohibited.<sup>2</sup> The county shall only use the tax proceeds for the following purposes.

- 1. To acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or promote one or more publicly owned and operated convention centers, sports stadiums, sports arenas, coliseums, or auditoriums or museums that are publicly owned and operated or owned and operated by non-profit organizations and open to the public, within the boundaries of the county or subcounty special taxing district in which the tax is levied. The tax revenues may also be used for promotion of zoological parks that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public. However, these purposes may be implemented through service contracts and leases with lessees with sufficient expertise or financial capability to operate such facilities.
- 2. To promote and advertise tourism in Florida, nationally, and internationally. However, if the tax revenues are expended for an activity, service, venue, or event, such activity, service, venue, or event shall have as one of its main purposes the attraction of tourists as evidenced by the promotion of the activity, service, venue, or event to tourists.
- 3. To fund convention bureaus, tourist bureaus, tourist information centers, and news bureaus as county agencies or by contract with the chambers of commerce or similar

<sup>1.</sup> Section 125.0104(6), F.S. (2007).

<sup>2.</sup> Id., at (5).

- associations in the county. This may include any indirect administrative costs for services performed by the county on behalf of the promotion agency.
- 4. To finance beach park facilities or beach improvement, maintenance, renourishment, restoration, and erosion control, including shoreline protection, enhancement, cleanup, or restoration of inland lakes and rivers to which there is public access as those uses relate to the physical preservation of the beach, shorelines, or inland lake or river. However, any funds identified by a county as the local matching source for beach renourishment, restoration, or erosion control projects included in the long-range budget plan of the state's Beach Management Plan, pursuant to s. 161.091, F.S., or funds contractually obligated by a county in the financial plan for a federally authorized shore protection project may not be used or loaned for any other purpose. In counties having a total population less than 100,000, no more than 10 percent of tourist development tax revenues may be used for beach park facilities.

A county, having a total population less than 750,000, may also use the proceeds to acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or promote one or more zoological parks, fishing piers, or nature centers that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public. All population figures relating to this authority shall be based on the most recent official population estimates, pursuant to s. 186.901, F.S. These population estimates shall be those in effect on July 1<sup>st</sup> of each year.

Finally, the proceeds may be pledged to secure and liquidate revenue bonds issued by the county for the purposes set forth in s. 125.0104(5)(a)1. and 4., F.S., or to refund bonds previously issued for such purposes or both. However, no more than 50 percent of the proceeds may be pledged to secure and liquidate revenue bonds or revenue refunding bonds previously issued for the purposes set forth in s. 125.0104(5)(a)4., F.S. Such revenue bonds and revenue refunding bonds may be authorized and issued in such principal amounts, with such interest rates and maturity dates, and subject to such other terms, conditions, and covenants as the county's governing board shall provide.

### Additional 1 Percent Tax

Section 125.0104(3)(d), Florida Statutes

### **Brief Overview**

In addition to the 1 or 2 percent tax authorized in s. 125.0104(3)(c), F.S., the county's governing body may levy an additional 1 percent tax on the total consideration charged for transient rental transactions. The tax shall be levied pursuant to an ordinance adopted by an extraordinary vote of the governing body for the purposes set forth in s. 125.0104(5), F.S., or by referendum approval by the registered voters within the county or subcounty special district.

The provisions in s. 125.0104(4), F.S., regarding the preparation of the county tourist development plan shall not be applicable to this tax. No county shall levy this additional tax unless the county has imposed the 1 or 2 percent tax for a minimum of three years prior to the effective date of the levy and imposition of this additional tax. If the 1 or 2 percent tax is levied within a subcounty special district, then this additional tax shall only be levied within the district. Generally, the revenues may be used for capital construction of tourist-related facilities, tourist promotion, and beach and shoreline maintenance.

### **Counties Eligible to Levy**

To be eligible to levy, a county must have levied the 1 or 2 percent tax pursuant to s. 125.0104(3)(c), F.S., for a minimum of three years prior to the effective date of the levy and imposition of this additional 1 percent tax.

### **Authorized Uses of Proceeds**

Any use of the tax proceeds not expressly authorized is prohibited.<sup>1</sup> The county shall only use the tax proceeds for the following purposes.

1. To acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or promote one or more publicly owned and operated convention centers, sports stadiums, sports arenas, coliseums, or auditoriums or museums that are publicly owned and operated or owned and operated by non-profit organizations and open to the public, within the boundaries of the county or subcounty special taxing district in which the tax is levied. The tax revenues may also be used for promotion of zoological parks that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public. However, these purposes may be implemented through service contracts and leases with lessees with sufficient expertise or financial capability to operate such facilities. Revenues raised from this

<sup>1.</sup> Section 125.0104(5), F.S. (2007).

- tax shall not be used for debt service on or refinancing of existing facilities as specified here unless approved by a resolution adopted by an extraordinary majority of the total membership of the county's governing board.<sup>2</sup>
- 2. To promote and advertise tourism in Florida, nationally and internationally. However, if the tax revenues are expended for an activity, service, venue, or event, such activity, service, venue, or event shall have as one of its main purposes the attraction of tourists as evidenced by the promotion of the activity, service, venue, or event to tourists.
- 3. To fund convention bureaus, tourist bureaus, tourist information centers, and news bureaus as county agencies or by contract with the chambers of commerce or similar associations in the county. This may include any indirect administrative costs for services performed by the county on behalf of the promotion agency.
- To finance beach park facilities or beach improvement, maintenance, renourishment, 4. restoration, and erosion control, including shoreline protection, enhancement, cleanup, or restoration of inland lakes and rivers to which there is public access as those uses relate to the physical preservation of the beach, shoreline, or inland lake or river. However, any funds identified by a county as the local matching source for beach renourishment, restoration, or erosion control projects included in the longrange budget plan of the state's Beach Management Plan, pursuant to s. 161.091, F.S., or funds contractually obligated by a county in the financial plan for a federally authorized shore protection project may not be used or loaned for any other purpose. In counties having a total population less than 100,000, no more than 10 percent of tourist development tax revenues may be used for beach park facilities.

A county, having a total population less than 750,000, may also use the proceeds to acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or promote one or more zoological parks, fishing piers, or nature centers that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public. All population figures relating to this authority shall be based on the most recent official population estimates, pursuant to s. 186.901, F.S. These population estimates shall be those in effect on July 1<sup>st</sup> of each year.

Finally, the proceeds may be pledged to secure and liquidate revenue bonds issued by the county for the purposes set forth in s. 125.0104(5)(a)1. and 4., F.S., or to refund bonds previously issued for such purposes or both. However, no more than 50 percent of the proceeds may be pledged to secure and liquidate revenue bonds or revenue refunding bonds previously issued for the purposes set forth in s. 125.0104(5)(a)4., F.S. Such revenue bonds and revenue refunding bonds may be authorized and issued in such principal amounts, with such interest rates and maturity dates, and subject to such other terms, conditions, and covenants as the county's governing board shall provide.

<sup>2.</sup> Id., at (3)(d).

### **Professional Sports Franchise Facility Tax**

Section 125.0104(3)(1), Florida Statutes

### **Brief Overview**

In addition to any other tourist development tax imposed, a county may levy up to an additional 1 percent tax on the total consideration charged for transient rental transactions. The tax shall be levied pursuant to an ordinance adopted by a majority vote of the county's governing body. The proceeds are to pay the debt service on bonds issued to finance professional sports franchise facilities, retained spring training franchise facilities, and convention centers. In addition, these proceeds can be used to promote tourism in the State of Florida, nationally and internationally.

The provisions in s. 125.0104(4), F.S., regarding the preparation of the county tourist development plan, shall not be applicable to this tax. In addition, the prohibition against any county authorized to levy a convention development tax from levying more than the 2 percent tourist development tax is not applicable to this tax.

### **Counties Eligible to Levy**

All counties are eligible to levy this tax.

### **Authorized Uses of Proceeds**

Any use of the tax proceeds not expressly authorized in s. 125.0104(3)(l), F.S., is prohibited. The county shall only use the tax proceeds for the following purposes.

- 1. To pay the debt service on bonds issued to finance the construction, reconstruction, or renovation of a professional sports franchise facility, or the acquisition, construction, reconstruction, or renovation of a retained spring training franchise facility, either publicly owned and operated, or publicly owned and operated by the owner of a professional sports franchise or other lessee with sufficient expertise or financial capability to operate such facility. The proceeds may be used to pay the planning and design costs incurred prior to the issuance of such bonds.
- 2. To pay the debt service on bonds issued to finance the construction, reconstruction, or renovation of a convention center. The proceeds may be used to pay the planning and design costs incurred prior to the issuance of such bonds.
- 3. To pay the operation and maintenance costs of a convention center for a period of up to 10 years. Only counties that have elected to levy the tax for the purposes authorized in #2 above, may use the tax proceeds for the purposes described here. Any county that elects to levy the tax for the purposes authorized in #2 above after

<sup>1.</sup> Section 125.0104(5)(d), F.S. (2007).

- July 1, 2000, may use the tax proceeds to pay the operation and maintenance costs of a convention center for the life of the bonds.
- 4. To promote and advertise tourism in Florida, nationally and internationally; however, if the tax revenues are expended for an activity, service, venue, or event, the activity, service, venue, or event shall have as one of its main purposes the attraction of tourists as evidenced by the promotion of the activity, service, venue, or event to tourists.

### **High Tourism Impact Tax**

Section 125.0104(3)(m), Florida Statutes

### **Brief Overview**

In addition to any other tourist development tax imposed, a *high tourism impact* county may levy an additional 1 percent tax on the total consideration charged for transient rental transactions. The tax shall be levied pursuant to an ordinance adopted by an extraordinary vote of the county's governing body. The proceeds are to be used for one or more of the authorized uses pursuant to s. 125.0104(5), F.S. The provisions in s. 125.0104(4), F.S., regarding the preparation of the county tourist development plan shall not be applicable to this tax.

A county is considered to be a high tourism impact county after the Department of Revenue has certified to the county that its sales subject to the tax exceeded \$600 million during the previous calendar year or were at least 18 percent of the county's total taxable sales under ch. 212, F.S., where the sales subject to the tax were a minimum of \$200 million. Once a county receives this designation, it shall retain this designation for the period of time that the tax is levied. No county authorized to levy a convention development tax shall be considered a high tourism impact county.

### **Counties Eligible to Levy**

Monroe, Orange, and Osceola counties have been designated as high tourism impact counties.

#### **Authorized Uses of Proceeds**

Any use of the tax proceeds not expressly authorized is prohibited.<sup>1</sup> The county shall only use the tax proceeds for the following purposes.

- 1. To acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or promote one or more publicly owned and operated convention centers, sports stadiums, sports arenas, coliseums, or auditoriums or museums that are publicly owned and operated or owned and operated by non-profit organizations and open to the public, within the boundaries of the county or subcounty special taxing district in which the tax is levied. The tax revenues may also be used for promotion of zoological parks that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public. However, these purposes may be implemented through service contracts and leases with lessees with sufficient expertise or financial capability to operate such facilities.
- 2. To promote and advertise tourism in Florida, nationally and internationally. However, if the tax revenues are expended for an activity, service, venue, or event,

<sup>1.</sup> Section 125.0104(5)(d), F.S. (2007).

- such activity, service, venue, or event shall have as one of its main purposes the attraction of tourists as evidenced by the promotion of the activity, service, venue, or event to tourists.
- 3. To fund convention bureaus, tourist bureaus, tourist information centers, and news bureaus as county agencies or by contract with the chambers of commerce or similar associations in the county. This may include any indirect administrative costs for services performed by the county on behalf of the promotion agency.
- 4. To finance beach park facilities or beach improvement, maintenance, renourishment, restoration, and erosion control, including shoreline protection, enhancement, cleanup, or restoration of inland lakes and rivers to which there is public access as those uses relate to the physical preservation of the beach, shoreline, or inland lake or river. However, any funds identified by a county as the local matching source for beach renourishment, restoration, or erosion control projects included in the long-range budget plan of the state's Beach Management Plan, pursuant to s. 161.091, F.S., or funds contractually obligated by a county in the financial plan for a federally authorized shore protection project may not be used or loaned for any other purpose. In counties having a total population less than 100,000, no more than 10 percent of tourist development tax revenues may be used for beach park facilities.

A county, having a total population less than 750,000, may also use the proceeds to acquire, construct, extend, enlarge, remodel, repair, improve, maintain, operate, or promote one or more zoological parks, fishing piers, or nature centers that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public. All population figures relating to this authority shall be based on the most recent official population estimates, pursuant to s. 186.901, F.S. These population estimates shall be those in effect on July 1<sup>st</sup> of each year.

Finally, the proceeds may be pledged to secure and liquidate revenue bonds issued by the county for the purposes set forth in s. 125.0104(5)(a)1. and 4., F.S., or to refund bonds previously issued for such purposes or both. However, no more than 50 percent of the proceeds may be pledged to secure and liquidate revenue bonds or revenue refunding bonds previously issued for the purpose set forth in s. 125.0104(5)(a)4., F.S. Such revenue bonds and revenue refunding bonds may be authorized and issued in such principal amounts, with such interest rates and maturity dates, and subject to such other terms, conditions, and covenants as the county's governing board shall provide.

## **Additional Professional Sports Franchise Facility Tax**

Section 125.0104(3)(n), Florida Statutes

### **Brief Overview**

In addition to any other tourist development tax imposed, a county that has levied the Professional Sports Franchise Facility Tax pursuant to s. 125.0104(3)(1), F.S., may levy an additional tax that is no greater than 1 percent on the total consideration charged for transient rental transactions. The tax shall be levied pursuant to an ordinance adopted by a majority plus one vote of the county's governing body. The proceeds are to pay the debt service on bonds issued to finance professional sports franchise facilities or retained spring training franchise facilities and promote tourism.

The provisions in s. 125.0104(4), F.S., regarding the preparation of the county tourist development plan shall not be applicable to this tax. In addition, the prohibition against any county authorized to levy a convention development tax from levying this tax applies only to Miami-Dade and Volusia counties. Any county authorized to levy the Consolidated County Convention Development Tax pursuant to s. 212.0305(4)(a), F.S., is permitted to levy this tax. This waiver is applicable only to Duval County.

### **Counties Eligible to Levy**

With the exception of Miami-Dade and Volusia counties, any county that has levied the Professional Sports Franchise Facility Tax pursuant to s. 125.0104(3)(l), F.S., is eligible to levy this tax.

### **Authorized Uses of Proceeds**

Any use of the tax proceeds not expressly authorized in s. 125.0104(3)(n), F.S., is prohibited. The county shall only use the tax proceeds for the following purposes.

- 1. To pay the debt service on bonds issued to finance the construction, reconstruction, or renovation of a facility either publicly owned and operated, or publicly owned and operated by the owner of a professional sports franchise or other lessee with sufficient expertise or financial capability to operate such facility. The proceeds shall also be used to pay the planning and design costs incurred prior to the issuance of such bonds for a new professional sports franchise as defined in s. 288.1162, F.S.
- 2. To pay the debt service on bonds issued to finance the acquisition, construction, reconstruction, or renovation of a facility either publicly owned and operated, or publicly owned and operated by the owner of a professional sports franchise or other lessee with sufficient expertise or financial capability to operate such facility. The

<sup>1.</sup> Section 125.0104(5)(d), F.S. (2007).

- proceeds shall also be used to pay the planning and design costs incurred prior to the issuance of such bonds for a retained spring training franchise.
- 3. To promote and advertise tourism in Florida, nationally and internationally; however, if the tax revenues are expended for an activity, service, venue, or event, the activity, service, venue, or event shall have as one of its main purposes the attraction of tourists as evidenced by the promotion of the activity, service, venue, or event to tourists.

A county imposing this tax may not expend any ad valorem tax revenues for the acquisition, construction, reconstruction, or renovation of a facility for which tax revenues are used pursuant to purposes listed in #1 and #2 above.

### **Tourist Impact Tax**

Section 125.0108, Florida Statutes

### **Brief Overview**

Any county creating a land authority pursuant to s. 380.0663(1), F.S., is authorized to levy a 1 percent tax on transient rental facilities within the county area designated as an area of critical state concern pursuant to ch. 380, F.S. If the area(s) of critical state concern are greater than 50 percent of the county's total land area, the tax may be levied countywide. The tax proceeds are used to purchase property in the area of critical state concern and to offset the loss of ad valorem taxes due to those land acquisitions.

### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to this revenue source.

### **Authorization to Levy**

Any county creating a land authority pursuant to s. 380.0663(1), F.S., is authorized to levy by ordinance the tax in the area or areas within the county designated as an area of critical state concern pursuant to ch. 380, F.S. If the area or areas of critical state concern are greater than 50 percent of the county's total land area, the tax may be levied countywide. The tax shall not be effective until land development regulations and a local comprehensive plan that meet the requirements of ch. 380, F.S., have become effective.<sup>1</sup>

The tax shall be effective only upon approval by a majority vote of qualified voters in the area or areas of critical state concern in the county seeking the levy. If the area or areas of critical state concern are greater than 50 percent of the county's land area and the tax is to be imposed countywide, then the tax must be approved in a countywide referendum.<sup>2</sup>

The effective date of the levy and the imposition of this tax shall be the first day of the second month following approval of the ordinance by referendum or the first day of any subsequent month as may be specified in the ordinance.<sup>3</sup> The county's governing body may, by passage of a resolution by

<sup>1.</sup> Section 125.0108(1)(a), F.S. (2007).

<sup>2.</sup> Id., at (5).

<sup>3.</sup> Id., at (6).

four-fifths vote, repeal the tax. The tax, if not repealed sooner by the county's governing body, shall be repealed 10 years after the date the area of critical state concern designation is removed. 5

A county that has levied the tax in an area or areas designated as an area of critical state concern for at least 20 consecutive years prior to removal of the designation may continue to levy the tax for 20 years following the designation's removal. After expiration of the 20-year period, a county may continue to levy the tax if the county adopts an ordinance reauthorizing the tax levy and the continued tax levy is approved by referendum as provided for in s. 125.0108(5), F.S.<sup>6</sup>

### **Areas Eligible to Levy**

Areas that have been statutorily designated as areas of critical state concern include the Big Cypress Area, primarily in Collier County; the Green Swamp Area, in central Florida; the Florida Keys Area, in south Florida; and the Apalachicola Bay Area, in Franklin County.<sup>7</sup>

### **Administrative Procedures**

The person receiving consideration for the taxable privilege and doing business within the area of critical state concern shall receive, account for, and remit the tourist impact tax to the Department of Revenue (DOR). The DOR shall keep records showing the amount of taxes collected for and from each county in which the tax is applicable. The DOR shall promulgate such rules and shall publish such forms as necessary to enforce the tax and is authorized to establish audit procedures and to assess for delinquent taxes.<sup>8</sup>

A county may exempt itself from the requirements that the tax be administered by the DOR according to ch. 212, F.S., if the county adopts an ordinance providing for local collection and administration of the tax. A county electing to locally administer the tax shall also adopt an ordinance electing either to assume all responsibility for auditing the records and accounts of dealers and assessing, collecting, and enforcing payments of delinquent taxes, or delegate such authority to the DOR.<sup>9</sup>

<sup>4.</sup> Id., at (1)(c).

<sup>5.</sup> Id., at (6).

<sup>6.</sup> Id., at (1)(g).

<sup>7.</sup> Sections 380.055, .0551, .0552, .0555, F.S. (2007).

<sup>8.</sup> Section 125.0108(2), F.S. (2007).

<sup>9.</sup> Section 125.0104(10), F.S. (2007).

### **Reporting Requirements**

A certified copy of the ordinance, including the time period and the effective date of the levy, shall be furnished by the county to the DOR within 10 days after passage of the ordinance levying the tax and again within 10 days after approval by referendum. If applicable, the county levying the tax shall provide the DOR with a list of the businesses within the area of critical state concern where the tax is levied. The list should identify businesses by zip code or other means of identification, and the DOR shall assist the county in compiling such a list.<sup>10</sup>

### **Distribution of Proceeds**

Tax collections received by the DOR, less its administrative costs, shall be paid and returned monthly to the county and the land authority imposing the tax.<sup>11</sup>

### **Authorized Uses of Proceeds**

The proceeds shall be distributed for the following uses. 12

- 1. Fifty percent shall be transferred to the land authority to be used to purchase property in the area of critical state concern for which the revenue is generated. No more than 5 percent may be used for administration and other costs related to such purchases.
- 2. Fifty percent shall be distributed to the county's governing body where the revenue was generated. Such proceeds shall be used to offset the loss of ad valorem taxes due to property acquisitions.

### **Relevant Attorney General Opinions**

No opinions specifically relevant to this tax have been issued.

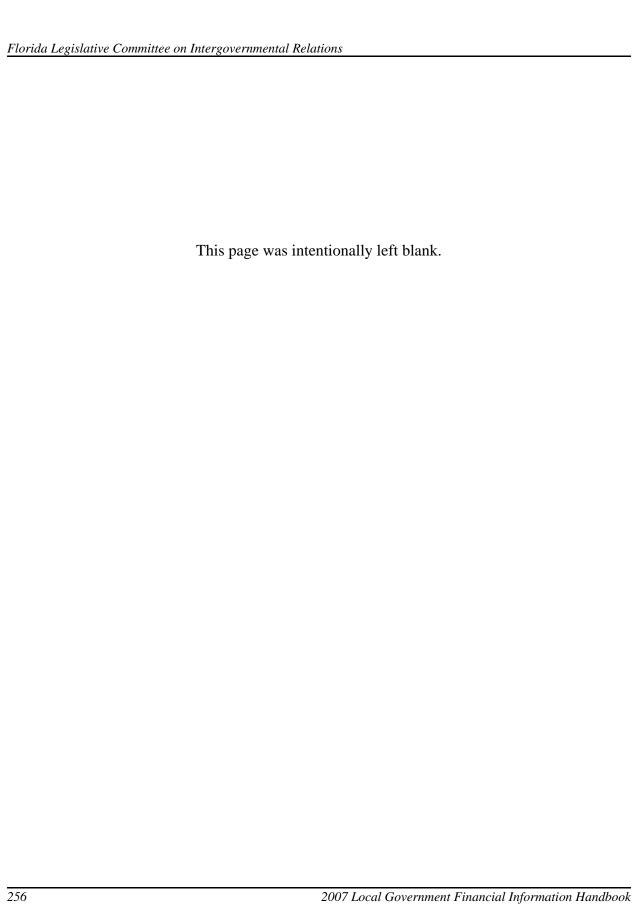

#### **Current and Prior Years' Revenues**

No estimated revenue distributions for county governments for the current fiscal year are available. No data summarizing prior years' revenues for eligible counties are available.

### **Convention Development Taxes**

Section 212.0305, Florida Statutes

### **Brief Overview**

Duval, Miami-Dade, and Volusia counties are authorized to levy convention development taxes on transient rental transactions. Three of the five available levies are applicable to separate taxing districts in Volusia County. The levies may be authorized pursuant to an ordinance enacted by the county's governing body, and the tax rates are either 2 or 3 percent depending on the particular levy. Generally, the revenues may be used for capital construction of convention centers and other tourist-related facilities as well as tourist promotion; however, the authorized uses vary according to the particular levy.

### **General Law Amendments**

Legislation passed during the 2007 Regular Legislative Session and Special Sessions A-B did not affect provisions related to these revenue sources.

### **Authorization to Levy**

Each of the three counties is eligible to levy and impose a separate convention development tax on the exercise within its boundaries of the taxable privilege. These levies require the adoption of an authorizing ordinance by a vote of the governing body. The effective date of the levy shall be the first day of any month at least 60 days after enactment of the ordinance.

One of the tax's principal purposes is to promote tourism and use of hotel facilities by facilitating the improvement and construction of convention centers. Any municipality or county where the tax is levied is specifically authorized to adopt and implement a convention center booking policy to apply to convention centers owned or operated by a municipality or county. Such policy shall give priority to bookings in accordance with the minimum number of hotel rooms to be utilized in connection with such bookings or with the impact of such bookings on the amount of tax generated.<sup>1</sup>

### **Administrative Procedures**

The convention development tax on transient rentals shall apply to the amount of any payment made by any person to rent, lease, or use for a period of six months or less any living quarters or accommodations in a hotel, apartment hotel, motel, resort motel, apartment, apartment motel, roominghouse, tourist or trailer camp, mobile home park, recreational vehicle park, or condominium.

<sup>1.</sup> Section 212.0305(2), F.S. (2007).

The tax shall be charged by the person receiving the consideration for the lease or rental at the time of payment for such lease or rental. Such person is responsible for receiving, accounting for, and remitting the tax to the Department of Revenue (DOR). The DOR shall keep records showing the amount of taxes collected, including records disclosing the amount of taxes collected from each county in which a tax is levied. The DOR shall promulgate such rules and publish such forms as necessary to enforce these taxes.<sup>2</sup>

A county may exempt itself from the requirements that the tax be administered by the DOR according to ch. 212, F.S., if the county adopts an ordinance providing for local collection and administration of the tax. A portion of the tax collections may be retained by the county for its administrative costs; however, that portion cannot exceed 2 percent of collections. A county electing to locally administer the tax shall also adopt an ordinance electing either to assume all responsibility for auditing the records and accounts of dealers and assessing, collecting, and enforcing payments of delinquent taxes, or delegate such authority to the DOR.<sup>3</sup>

### **Reporting Requirements**

For each levy, the county is responsible for furnishing the DOR with a certified copy of the ordinance within 10 days after approval of such ordinance.

### **Distribution of Proceeds**

Tax collections received by the DOR, less the costs of administration, shall be paid monthly to the county, which imposed the particular tax or taxes. The funds shall be placed in a specific trust fund or funds created by the county.<sup>4</sup>

### **Relevant Attorney General Opinions**

Florida's Attorney General has issued a number of legal opinions relevant to this revenue source. The full texts of those opinions are available via the searchable on-line database of legal opinions. In a recent search, the LCIR staff identified the following opinions pertaining to this revenue source.

S

<sup>5.</sup> http://myfloridalegal.com/opinions

98-34 Convention development tax, rental proceeds 2002-34 Convention development tax, taxability of boat slips

Local government officials seeking more clarification should review the opinions in their entirety. The statutory language pertaining to this revenue source has been amended since its authorization. The reader should keep the date of the opinion in mind when reviewing its relevance to current law or any interpretations that have been articulated in Florida case law.

### **Tax Rates and Current Year's Revenues**

Please refer to the tables and the discussion of their use in the *Tourist Development Taxes* section. Inquiries regarding the DOR's estimation of the convention development taxes should be addressed to the Office of Tax Research at (850) 488-2900.

### **Consolidated County Convention Development Tax**

Section 212.0305(4)(a), Florida Statutes

### **Brief Overview**

Each county operating under a government consolidated with one or more municipalities in the county may impose a 2 percent tax on the total consideration charged for transient rental transactions. The tax shall be levied pursuant to an ordinance enacted by the county's governing body. The county may designate or appoint an authority to administer and disburse the tax proceeds and any other related source of revenue. However, the authority's annual budget is subject to approval of the county's governing body.

### **Counties Eligible to Levy**

Only a county operating under a government consolidated with one or more municipalities in the county (i.e., Duval County) is eligible to levy this tax.

### **Authorized Uses of Proceeds**

The tax proceeds, including any accrued interest, must be used in any of the following manners; however, the authorized use described in #1 below shall apply only to municipalities with a population of 10,000 or more.

- 1. To promote and advertise tourism.
- 2. To extend, enlarge, and improve existing publicly owned convention centers in the county.
- 3. To construct a multipurpose convention/coliseum/exhibition center or the maximum components thereof as funds permit in the county.
- 4. To acquire, construct, extend, enlarge, remodel, repair, improve, or maintain one or more convention centers, stadiums, exhibition halls, arenas, coliseums, or auditoriums.

For the purposes of completion of such projects, the tax revenues and accrued interest may be used as collateral for authorized projects, including bonds issued for such projects. The revenues and accrued interest may also be used as a pledge or capital contribution in conjunction with a partnership, joint venture, or other business arrangement between the county and one or more business entities for authorized projects.

In addition, one-half of the proceeds collected within a municipality the government of which is not consolidated with the county must be remitted to the municipality at the request of the municipality's governing body. The revenues may only be used by the municipality for the previously discussed authorized uses, but the municipality may enter into an interlocal agreement with the county or any

other municipality in the county to use such revenue to jointly finance any authorized project. However, this provision does not apply to the distribution to the county of any convention development tax revenues necessary to repay the principal or interest on any bonds issued pursuant to s. 212.0305(4)(a)4.a., F.S. If the governing body adopts a resolution stating that the municipality is unable to use such revenue for any other authorized purpose, the municipality may use the revenue to acquire and develop municipal parks, lifeguard stations, or athletic fields.

### **Charter County Convention Development Tax**

Section 212.0305(4)(b), Florida Statutes

### **Brief Overview**

Each county, as defined in s. 125.011(1), F.S., (i.e., Miami-Dade County) may impose a 3 percent tax on the total consideration charged for transient rental transactions. The tax shall be levied pursuant to an ordinance enacted by the county's governing body.

Prior to the county enacting an ordinance imposing the levy, the county shall notify the governing body of each municipality in which projects are to be developed. As a precondition to the receipt of funding, the governing bodies of such municipalities shall designate or appoint an authority that shall have the power to approve the concept, location, program, and design of the facilities or improvements to be developed. In addition, such authority shall administer and disburse the tax proceeds and any other related source of revenue. However, the authority's annual budget is subject to approval of the municipality's governing body.

The governing body of each municipality levying the Municipal Resort Tax may adopt a resolution prohibiting the imposition of this convention development tax within the municipality's jurisdiction. If a municipality adopts such a resolution, the tax shall be imposed by the county in all other areas of the county except such municipality. No funds collected from this convention development tax may be expended in a municipality that has adopted such a resolution.

#### **Counties Eligible to Levy**

Only a county, as defined in s. 125.011(1), F.S. (i.e., Miami-Dade County) is eligible to levy this tax.

### **Authorized Uses of Proceeds**

The tax proceeds, including any accrued interest, shall be used in the following manner.

- 1. Two-thirds of the proceeds shall be used to extend, enlarge, and improve the largest existing publicly owned convention center in the county.
- 2. One-third of the proceeds shall be used to construct a new multipurpose convention/coliseum/exhibition center/stadium or the maximum components thereof as funds permit in the most populous municipality in the county.
- 3. After completion of any project described in #1 above, the tax revenues and interest accrued pursuant to that authorized use, may be used to acquire, construct, extend, enlarge, remodel, repair, improve, plan for, operate, manage, or maintain one or more convention centers, stadiums, exhibition halls, arenas, coliseums, auditoriums, or golf courses, and may be used to acquire and construct an intercity light rail transportation system as described in the Light Rail Transit System Status Report to

- the Legislature dated April 1988. This system shall provide a means to transport persons to and from the largest existing publicly owned convention center in the county and the hotels north of the convention center and to and from the downtown area of the most populous municipality in the county as determined by the county.
- 4. After completion of any project described in #2 above, the tax revenues and interest accrued pursuant to that authorized use, may be used, as determined by the county to operate an authority created pursuant to s. 212.0305(4)(b)4., F.S., or to acquire, construct, extend, enlarge, remodel, repair, improve, operate, or maintain one or more convention centers, stadiums, exhibition halls, arenas, coliseums, auditoriums, golf courses, or related buildings and parking facilities in the most populous municipality in the county.

For the purposes of completion of such projects, the tax revenues and accrued interest may be used as collateral for authorized projects, including bonds issued for such projects. The revenues and accrued interest may also be used as a pledge or capital contribution in conjunction with a partnership, joint venture, or other business arrangement between a municipality and one or more business entities for authorized projects.

## Special District Convention Development Tax Special Convention Development Tax Subcounty Convention Development Tax

Sections 212.0305(4)(c)-(e), and 212.03055, Florida Statutes

### **Brief Overview**

Each county, chartered under Article VIII of the Florida Constitution, and levying a tourist advertising ad valorem tax within a special taxing district on January 1, 1984, (i.e., Volusia County) may impose a tax of up to 3 percent on the total consideration charged for transient rental transactions. Three separate taxes are authorized for levy in three separate taxing districts; however, the combined effect is to authorize a countywide tax. The taxes shall be levied pursuant to an ordinance enacted by the county's governing body. Pursuant to s. 212.03055, F.S., any rate increase in excess of 2 percent must be approved by a supermajority (i.e., majority plus one) vote of the county's governing body.

The Special District Convention Development Tax shall be imposed within the boundaries of the special taxing district (i.e., Halifax Area Advertising Authority). The Special Convention Development Tax shall be imposed within the area outside the boundaries of the special taxing district and to the southeast of State Road 415 (i.e., Southeast Volusia Advertising Authority). The Subcounty Convention Development Tax shall be imposed within the area outside the boundaries of the special taxing district and to the northwest of State Road 415 (i.e., West Volusia Advertising Authority).

For each levy, the county is authorized to designate or appoint an authority to administer and disburse the tax proceeds. The members of the authority shall be selected from persons involved in the tourism and lodging industries doing business within the special district. The majority of the members shall represent the lodging industry. The authority shall consist of 11 members and shall serve without compensation at the pleasure of the county's governing body. The authority's annual budget shall be subject to approval of the county's governing body as well.

### **Counties Eligible to Levy**

Only a county, chartered under Article VIII of the Florida Constitution, and levying a tourist advertising ad valorem tax within a special taxing district on January 1, 1984, (i.e., Volusia County) is eligible to levy this tax.

#### **Authorized Uses of Proceeds**

The tax proceeds, including any accrued interest, shall be used in the following manner.

- 1. To promote and advertise tourism.
- 2. To fund convention bureaus, tourist bureaus, tourist information centers, and news bureaus.

#### Adjusted 2006 Population Estimates for Florida's Counties and Municipalities Used in the FY 2007-08 State Revenue Sharing Calculations Population Adjustments Adjusted Total April 1, 2006 April 1, 2006 April 1, 2006 Municipal Population Used for State Inmate **Total Population** Total **Annexations** Municipal County / Municipality **Population Population** Less Inmates or Corrections Incorporations **Revenue Sharing** Unincorporated County 26,069 26,069 27,663 Walton County ,451 55,786 54,335 54,335 DeFuniak Springs 5,387 38 5,349 5,349 --1,645 1,645 Freeport 1,645 Paxton 720 720 720 Unincorporated County 48,034 1,413 46,621 46,621 **Washington County** 23,073 1,397 21,676 -21,676 Caryville 365 123 242 242 Chipley 3,653 23 3,630 3,630 259 259 259 Ebro 789 40 749 749 Vernon Wausau 436 436 --436 Unincorporated County 17,571 1,211 16,360 16,360 115,355 Statewide Total 18,349,132 18,233,777 18,233,777 Statewide Incorporated 9,331,989 17,332 9,314,657 8,823 7.068 9,330,548 98,023 8,903,229 Statewide Unincorporated 9,017,143 8,919,120 (8,823) (7,068)

Note: The adjusted population estimates exclude the estimated number of inmates and patients in institutions operated by the federal government, the Florida Departments of Corrections, Department of Health, and Department of Children and Family Services as of April 1, 2006. Pursuant to state law, such inmates and patients are not considered residents for the purpose of determining revenue-sharing allocations. Additionally, the 2006 population estimates were adjusted to reflect the population effects of recent municipal annexations, new municipal incorporations, or corrections. The column "Adjusted Total Population Used for State Revenue Sharing" reflects all these adjustments.
