

EXECUTIVE SUMMARY

Revenue Estimating Conference for Article V Fees & Transfers

July 20, 2016

For the 2015-16 fiscal year, total Article V revenue collections were slightly below the December 2015 forecast, ending the year -\$9.0 million or 1.4 percent below estimate. Most of weakness occurred among the variables that affect the Clerk Fines, Fees and Forfeitures revenue distribution, which was -\$7.1 million or 1.8 percent below the estimate for the state fiscal year. Foreclosure filings were also below the estimate by -2,058 or 3 percent. Looking across all distributions, Article V revenue collections ended the year \$44.9 million or 6.9 percent below Fiscal Year 2014-15, with the largest year-over-year declines in the Clerk Fines, Fees and Forfeitures distribution (-\$20.2 million or 45.0% of the total) and in the General Revenue distribution (-\$12.3 million or 27.4% of the total).

The lower than expected collections in the Clerk Fines, Fees and Forfeitures category was attributed by the Clerks to the following factors:

- Decline in new traffic cases – Year over year growth from September through May was down 5.6 percent from the previous year.
- Decline in new criminal cases - Year over year growth from September through May was down 8.4 percent from the previous year.
- Decline in new circuit civil cases - Year over year growth from September through May was down 2.2 percent from the previous year.
- Decline in circuit reopen cases - Year over year growth from September through May was down 31.0 percent from the previous year.
- Decline in collection performance related to payments over time – County criminal collection activity was below the 40 percent standard, as was traffic collection performance.

In response to this, the new foreclosure estimates discussed below, and other incoming data related to traffic court transactions, the Conference reduced revenue distributions related to Clerk Fines, Fees and Forfeitures by -\$9.1 million in Fiscal Year 2016-17 and -\$12.3 million in Fiscal Year 2017-18. However, no single forecast variable directly reflects lowered collection performance.

The Conference also adopted a new foreclosure estimate that took into account both the decline in the actual number of homes in foreclosure status and the crowding out of future foreclosures caused by the heightened activity coming out of the Great Recession. The estimate for foreclosure filings in Fiscal Year 2016-17 by was reduced by 2,600 filings and in Fiscal Year 2017-18 by 1,223 filings. This translated into a reduction in foreclosure fees of -\$2.5 million in FY 2016-17 and -\$1.2 million in FY 2017-18.

Because only minor adjustments were made to the remaining variables, the revisions to the overall forecast reflect primarily these changes. The total estimate was revised down by -\$17.2 million in FY 2016-17 and by -\$19.8 million in Fiscal Year 2017-18.

The new forecast resulted in the following changes to the various funds: the General Revenue Fund was reduced by -\$3.6 million in FY 2016-17 and -\$2.0 million in FY 2017-18; the State Courts Revenue Trust Fund was reduced by -\$0.2 million in FY 2016-17 and by -\$0.3 million in FY 2017-18; the Clerks of Court Trust Fund was decreased by -\$3.0 million annually in FY 2016-17 and FY 2017-18; and the Clerks' Fine and Forfeiture Funds were decreased by -\$9.1 million in FY 2016-17 and by -\$12.3 million in FY 2017-18.

Notes:

It is assumed that funds in excess of those needed to fund approved clerk of court budgets for each state fiscal year are transferred to GR beginning in January 2015 and each subsequent January. The forecast amount of these funds, which would begin in FY 2015/16 is \$0. When the transfer is positive, it is included in the COCTF in the Article V Revenue Estimating Conference forecast, but separately identified as a transfer in this table for the GR Revenue Estimating Conference.
