SOCIAL SERVICES  
ESTIMATING CONFERENCE  
OF  
**August 8, 2022**  
**REVISED PER CONFERENCE**

NOTES:--This forecast accounts for the Medicaid caseload growth previously adopted. Current projections include a 6.2% enhanced FMAP through 12/31/2022 per the Families First Coronavirus Response Act. The public health emergency was extended into FY 2022-23 which would result in a reduction in state funds needed from this estimate. Reductions in federal Disproportionate Share Hospital Funding due to the Affordable Care Act have not been included as the federal Centers for Medicare & Medicaid Services (CMS) have only released amounts and methodology that will be used in calculating state reductions. Currently, the DSH reductions are set to go into effect in 2024 unless federal action is taken. The forecast does not adhere to federal waiver authority for the size of the Low Income Pool (LIP) for FY 2022-23 which is currently set to expire June 2030 and is contingent upon approval of a budget amendment per the General Appropriations Act. The forecast assumes continuation of Intergovernmental Transfers (IGTs) from local taxing authorities. The forecast also assumes continuation of IGTs for DSH based on historical collections for this purpose for FY 2022-23 through FY 2027-28. While IGT collections for LIP and DSH have no impact on managed care plan capitation rates, the SSEC strongly cautions that IGTS for these purposes may be at risk beginning in FY 2022-23 and may result in lower supplemental payments to providers.
