

**Demographic Estimating Conference
Executive Summary
November 28, 2023**

The Demographic Estimating Conference met on November 28, 2023, to adopt a new population forecast. The new estimates reflect recent demographic and economic-related data and trends, including a final population estimate for April 1, 2023.

Compared to the last conference, Florida’s population estimate for April 1, 2023 was adjusted slightly upward by 6,718 (0.03%), reflecting the final population estimates for Florida’s cities and counties. Based on this revision and recent electric customer data, the estimate for April 1, 2024 was increased by 29,966 for a total gain of 342,239 (1.51%) over the prior year. On a fiscal year basis, this reflects modest gains in net migration and natural increase relative to the prior forecast.

There were relatively few long-term differences in this forecast compared to the prior one. The population growth rates beginning in 2023 (shown as the percent change from the prior period in the table below) were similar to—but slightly higher than—the prior conference in the near term. A large portion of the change came from the estimated growth in 2024, which established a larger base in each year. Natural increase is expected to remain negative throughout the forecast horizon as deaths continue to outpace births.¹ Overall, the forecast maintains the pattern that the Conference has long been expecting, with growth slowing modestly each year. The end of the decade continues to be an inflection point with the entry of the final baby boomer cohorts into retirement. Annual growth drops below 1.00% thereafter.

April 1	Population	Change from the Prior Period		Change from the Prior Forecast
		Percent	Numeric	
2020	21,538,187	1.64%	348,338	0
2021	21,898,945	1.67%	360,758	0
2022	22,276,132	1.72%	377,187	0
2023	22,634,867	1.61%	358,735	6,718
2024	22,977,106	1.51%	342,239	29,966
2025	23,292,200	1.37%	315,094	38,447
2026	23,594,496	1.30%	302,296	43,218
2027	23,887,133	1.24%	292,637	47,143
2028	24,170,121	1.18%	282,988	51,015
2029	24,441,129	1.12%	271,008	54,648
2030	24,698,545	1.05%	257,416	56,665
2031	24,944,056	0.99%	245,511	58,600
2032	25,178,556	0.94%	234,500	61,957
2033	25,401,732	0.89%	223,176	66,593

For the five-year period beginning April 1, 2024, and ending April 1, 2028, population growth over the prior year is expected to average 307,051 net new residents per year (841 per day), representing a compound growth rate of 1.32% over this time horizon. These increases are analogous to adding a city slightly smaller than Orlando, but larger than St. Petersburg every year.

¹ The forecast for births does not make any adjustment for ch. 2022-69, L.O.F. or ch. 2023-21, L.O.F., as the 2022 law is currently undergoing legal challenge.

County	Place	Estimate 2023			Challenge		Comments
		Original	Revised	Difference	No Change	Revised	
Alachua	Alachua	11,015	11,015	0	1		Late challenge using building permits issued between 4/1/2020 and 8/28/2023 and assuming 100% occupancy.
Baker	Unincorporated	20,128	20,128	0	1		Used residential parcels developed in 2023 (not as of 4/1), assumed 100% occupancy, and estimated average household size using county total population (including inmates).
Brevard	West Melbourne	29,739	29,739	0	1		Challenge to use the average household size from the 2015-2019 ACS in our calculation.
Osceola	Kissimmee	82,714	82,714	0	1		Used certificates of occupancy, but didn't provide demos, assumed 100% occupancy, and applied incorrect average household size.
Palm Beach	Wellington	61,788	61,788	0	1		Claimed there was a new assisted living facility that was at least partially occupied prior to 4/1/2023, but no new residential units or occupancy counts were provided to us.
Pinellas	Unincorporated	276,501	276,501	0	1		Challenge based on new residential units from property appraiser data, but did not account for losses due to annexations and demolitions.
Charlotte	Punta Gorda	20,224	20,410	186		1	Unreported annexation of a mobile home park (not in the annexation or electric customer data)
Charlotte	Unincorporated	183,902	183,716	-186			Reduced unincorporated estimate for unreported annexation
Martin	Ocean Breeze	404	608	204		1	Redevelopment visible on imagery and supported by certificates of occupancy (less demolitions) not appearing in electrical customer data, and they do not report building permits
Orange	Belle Isle	7,026	7,239	213		1	Unreported annexation (197 persons) of condominium complex (not in the annexation or electric customer data). The Duke data appear to be low (added 16 persons).
Orange	Ocoee	49,310	49,711	401		1	Used certificates of occupancy and demolitions to construct new estimate (which was lower than our building-permit-based estimate.) The Duke customer data appear to be low.
Orange	Windermere	3,022	3,041	19		1	Used certificates of occupancy and demolitions to construct new estimate (which was 3 persons higher than the 2022 estimate.) The Duke customer data appear to be low.
Orange	Unincorporated	935,953	935,756	-197			Reduced unincorporated estimate for unreported annexations
Palm Beach	Royal Palm Beach	39,561	40,299	738		1	New large multi-family development not yet included in the electric customer data
Polk	Frostproof	2,975	3,029	54		1	Used certificates of occupancy and demolitions to construct new estimate (which was lower than our building-permit-based estimate.) The Duke customer data declined this year after substantial increases in prior years.
Polk	Haines City	34,143	35,285	1,142		1	Used certificates of occupancy and demolitions to construct new estimate (which was lower than our building-permit-based estimate.) The Duke customer data appear to be low.
Polk	Lake Alfred	7,161	7,342	181		1	Certificates of occupancy and demolitions data supported change to electrical-customer-based estimate. (The original estimate was an average of the electrical-customer-, minimum-use-, and building-permit-based estimates.)
St. Johns	St. Augustine Beach	6,928	6,953	25		1	Used certificates of occupancy and demolitions to construct new estimate (which was 9 persons higher than our electrical-customer-based estimate.)
Seminole	Winter Springs	38,946	39,097	151		1	Used certificates of occupancy and demolitions to construct new estimate (which was consistent with our minimum-use-based estimate.) The Duke customer data declined this year after substantial increases in prior years.
Sumter	Webster	802	948	146		1	Used residential water accounts to construct new estimate, as the electrical-customer-based estimate is much too high (reflects individual lots at large new RV park), and there is no certificate of occupancy or building permit data available.
Volusia	Deltona	96,292	97,337	1,045		1	Used certificates of occupancy and demolitions to construct new estimate (which was consistent with our minimum-use-based estimate.) The Duke customer data declined this year after substantial increases in prior years, while the FPL data continued its trend of strong positive growth.

Notes:

All Companies (March):

The March total has been adjusted downward by 0.373% each year prior to 2020 to make the series comparable to the new Duke data used for the estimates.

The totals for 2020 and 2021 are based on the new Duke data and are about 36,000 –37,000 lower than the EC reports for those years.

The values in the April column for 2020 to 2023 are comparable data for the utilities that have reported their April 1, 2023 to us so far. We are still waiting for data from 8 smaller utilities, representing about 1.5% of all electric customers statewide.

Florida Power & Light:

Data for FP&L raised by 1% prior to July 2013, reduced gradually through December 2013.

Includes City of Vero Beach adjustment, which transferred to FP&L in December 2018 to January 2019.

Duke:

Includes Hardee County adjustment (transfer from Duke to Peace River Electric Coop) through July 2019.

Duke changed their billing system in November 2021. Data for earlier months were inflated due to inclusion of some non-housing units. We lowered the data prior to November 2021 by 13,680 each month to make the series comparable with the new and improved billing system. Also included are updated monthly customer counts since November 2021.

Tampa Electric:

Adjusted data for TECO for January 2017 through April 2018.
