FOOTNOTES

(A) The FY 2005-06 statutory balance in the Budget Stabilization Fund is \$1091.2 million. The required balance for FY 2006-07 is \$1248.5 million, requiring a transfer of \$157.3 million. These figures do not include hurricane-related budget amendments transferring funds to the Casualty Insurance Risk Management TF which must be repaid to the Budget Stabilization Fund per Chap. 215.32(2)(c)3, F.S. (EOG #483 for FY 04-05 of \$11.0 million and EOG #205 for FY 05-06 of \$11.8 million).

(B) This financial statement is based on current law as it is currently administered. It does not include the potential effect of any legal actions which might affect revenues or appropriations. The Attorney General periodically issues an update on any such litigation. In addition, it does not recognize any deficits in any spending programs unless specifically stated.

(C) Hurricane related expenditures were made through budget amendments which anticipate repayment from FEMA funds.

(D) The General Appropriations Act (Sections 41 and 42) includes contingency appropriations which require further action by the Legislative Budget Commission through the budget amendment process before they can become effective. These contingent appropriations will be included as effective appropriations at the time any such budget amendments are adopted.
